

### GAMBLING CASES DISMISSED

Caused by Defective Complaints Drawn by Shields' Deputies.

#### TREITSCHKE, LUTZ AND SCHAFFER LET OFF

Cases Brought at the Request of the Police, But They Fail to Stick on Account of Irregularities.

When Deputy County Attorney Helms called upon the gambling cases against Julius Treitschke, Jacob Lutz and Herman Schaffer in police court yesterday afternoon he thought he was going to try them, but he found out differently. They were charged with exhibiting gambling devices in the form of a nickel-in-the-slot machine. The first thing the attorney for the defense did was to make a motion to dismiss the complaints on the ground that they were defective, not charging the defendants as common gamblers as provided in the statute under which they were drawn. Judge Helms acknowledged that this was true, and that if the counsel insisted upon his motion he guessed the court would have to sustain him. He said the complaints were not drawn by him originally, having been written in the office of the county attorney. They were drawn, he said, under the wrong statute, and there was little prospect of conviction. Upon hearing this statement Judge Gordon dismissed all the cases.

These cases were brought at the request of the police, who filed the complaints. They believed the men were conducting machines on a cash basis and collected evidence against them for the purpose of stopping gambling on slot devices. Few complaints filed in the police court, drawn in the office of the county attorney, have been found valid. In the majority of cases Judge Helms drafts the complaints himself and eleven out of nineteen defendants have been convicted in the lower court. When the complaints come from the office he either was compelled to file new complaints or see his case glimmering, as the records of the court will show.

### PASSED BOGUS BANK CHECKS

Advertising Solicitors Run Up Against the Law While on a Prolonged Drinking Bout.

Two smooth advertising solicitors who fell by the wayside through too intimate acquaintance with liquor, were picked up at Twelfth and Howard streets yesterday by Detectives Savage and Danney. They gave the names of James C. St. John and Patrick M. Powers when asked. They passed several checks on merchants, who found no money in the banks for their redemption when they were presented. St. John had another check on his person ready for use when searched. Powers had on a new pair of shoes, which were bought when one of the checks was presented.

Both the men have been advertising solicitors for the Drovers' Journal-Stockman in St. John, St. John having worked there three months. He was discharged for drunkenness last Wednesday night. President Neff says he is the best advertising man ever in the employ of the paper and he hated to part with him. Finding himself without a representative, however, Mr. Neff went to Kansas City and employed Powers, who had a record of five years back of him on the Star. His recommendations were so good that Mr. Neff employed him immediately and brought him back. Powers, however, fell in with St. John shortly after his arrival, and both proceeded to drink. As a result, Powers was discharged after working two days. Then Mr. Neff learned that St. John was borrowing money of the patrons of the paper on the ground that he was its business manager. Mr. Neff squared the accounts presented to him only to learn a little later that St. John was also passing checks. He reported the matter to the police, who found that the men had been stopping around town at the different hotels. They discovered also that Powers had purchased a pair of shoes of the Regent Shoe company, and St. John had given a check for \$10 in payment. This check was made out on the First National bank to J. C. St. John, the Weber Fulton company being the signer. Another check for \$5 was located at Morehead's store, near Fourteenth and Dodge streets. This was drawn on the Merchants' National bank. It was made payable to St. John, the signer being J. C. Thompson & Co. Both men are good dressers and do not bear the appearance of crooks.

### KELLY STILL UNCONSCIOUS

Victim of Assault with Billiard Cue Falls to Rattle from the Mercereous Blow.

Charles Kelly, the man struck over the head in a Cuming street saloon with a billiard cue Tuesday night, is still unconscious in the City Clinch hospital. An effort was made yesterday to arouse him, but it proved futile. Very little hope is entertained of his recovery. Two men were arrested at Elkhorn Wednesday and Sergeant Wenzburg, accompanied by one of the proprietors of the saloon, went out to see if they were Jones and Green, the eldest of the trio who were mixed up in the disturbance. The sergeant returned at 10 o'clock and reported that they were not the men. It is supposed the trio have gone toward Blair, as they left the city Tuesday night about 7:30, bound in that direction. When asked by Captain Donahue why he did not report the injury of Kelly at the time it occurred, at 5:30 Tuesday evening, Proprietor Peterson said he was told by a doctor that the injury was insignificant and the injured man would be all right in a few hours. He says the doctor called later in the evening and told his sister at that time that the injury might prove serious. Nothing was said to Peterson about this, so he continued to Kelly in the little office in the rear of the saloon all night Tuesday and part of Wednesday. The sun beat down upon him Wednesday with much force, and his condition became so threatening that Peterson finally notified the police and had Kelly removed to the hospital.

Dr. Clausen says when he visited Kelly at the saloon he informed Peterson that he could not tell positively whether the injury would prove dangerous. Later in the evening when he called he saw the man was in a serious condition and so informed the persons in charge. He advised that Kelly be left in the office where he was lying then until morning, as he could rest just as easy as if he were transferred to a hospital. Wednesday morning when he says his patient the third time he advised his immediate removal to the hospital.

**An Epidemic of Whooping Cough.** Last winter, and an epidemic of whooping cough, my children contracted the disease, having severe coughing spells. We had used Chamberlain's Cough Remedy very successfully for several days. I then turned to it at that time and found it relieved the cough and effected a complete cure.—JOHN E. ### ROADS EXPECTED TO ACCEDE

There is No Apparent Likelihood that Legal Proceedings Will Be Required.

At the next meeting of the city council City Engineer Rosewater will submit to that body the plans for the new Sixteenth street viaduct over the tracks of the Burlington and Union Pacific roads which the council has ordered built. An agreement has already been made by which the city and the roads, embodying the verbal agreements heretofore reached by the officials of the roads and the city officers, and as soon as the council has approved the plans the agreement will be presented to the proper officials of the roads for their signatures. City Attorney Connelley says that he believes the roads intend to proceed with the erection of the viaduct at once and are already taking steps to get the necessary iron work on the ground. In case they fail to enter into the agreement, which contains a provision that the time in which the work is to be done there will be nothing left for the city attorney to do under the recent order of the council but to bring an action in mandamus to compel them to erect the viaduct.

### IMPROVING MORE STREETS

Council Also Orders Street Railway Company to Issue Transfers to South Omaha.

The city council held a special meeting yesterday for the consideration of several resolutions, the first of which was an appropriation ordinance. By a resolution introduced by Burmeister the council ordered the Board of Public Works to repair the stone pavements on the following streets: Fourteenth north of Cass, Webster from Thirtieth to Fourteenth, Seventh from Leavenworth to Pacific, Pacific from Eighth to Sixth, Pierce from Fourth to Sixth, Twentieth from the Burlington tracks to Center. On recommendation of the paving and sewer committee an ordinance was passed, ordering the paving of Newey street, with asphalt from Thirtieth to Fortieth streets, the curbing to be of sawed asphalt stone. Another ordinance ordered the paving of Thirty-ninth street from Farnam to the south line of Dewey.

Merger introduced resolution directing the Omaha Street Railway company to run the Walnut Hill cars around the "loop," and to issue transfers to South Omaha lines at Thirtieth and Howard, also to issue transfers to South Omaha from the Farnam street line at Fourteenth street.

### PLANS OF ADMIRAL SCHLEY

Distinguished Guest of Omaha Will Take a Train for the East This Afternoon.

Admiral and Mrs. Schley will leave Omaha for the east on the Burlington No. 2 at 5:05 o'clock this afternoon. Meantime the admiral is enjoying somewhat of the "rest and repose" that he came west to secure, but which his popularity with the people has previously denied him. Yesterday he drove down town during the forenoon with General Anderson, but spent most of the day dictating letters to a stenographer to catch up with his correspondence, which has become voluminous. The admiral receives all sorts of letters from all sorts of people and he makes it a point to reply to every communication. During the activities of his trip his correspondence has fallen behind and he is making the most of the first really favorable opportunity to catch up.

### READING MATTER WANTED

Missionary in Japan Says Literature is Acceptable to Soldiers of the American Army.

Mrs. Milton Vail writes Omaha friends from Japan that soldiers and sailors on transports arriving at the various ports along the coast of the Japanese empire, beg piteously for reading matter of all kinds to be carried to American soldiers in Philippine camps. The letter says that literature is a scarce article at the mission, and contains a request that everyone who can will send some papers and magazines to Mrs. Milton Vail, Methodist mission, Nangasaki, Japan, who will turn the same over to officers of transports to be carried to the soldiers in the Philippine camps.

### Announcements

Tachant, the female impersonator at the Orpheum this week, is one of those starting phenomena which occasionally take the vaudeville world by storm. Tachant first became conscious of the fact that he possessed two distinct voices when he was fifteen years of age. At that time there was no thought of going into the varieties, but, as usual, a theatrical manager heard of his achievements and gave him an engagement. This was only a few seasons ago and now Tachant finds himself in America, diverting a people whom in the old days he had never dreamed of beholding. Last night Custer post attended the Orpheum in a body. Tonight Custer will grace the stage at 8 and Saturday evening the Woman's Relief corps will visit the theater. Tomorrow afternoon will be the patriotic matinee for the women and children.

### STARTED TOO HARD A FIGHT

Henry Barrett Gets the Worst of it While Looking for Trouble.

The chances are that the next time Henry Barrett gets "tuff," he will not go around seeking someone to devour. Wednesday night he "bowed up" and concluded to find a fight, if possible. He entered the saloon at 724 South Thirteenth and endeavored to create a rough house with no one present but himself and the proprietor. He was promptly ejected. He stopped outside and defied a few epithets to the man who had felled him. Then he went up street to the saloon at 622 South Thirteenth and sought another row. He was ordered out three times. The last time Barrett went out with a rush and threw a brick against the front, evidently intending that it should go through the window. Then he commenced swearing at a bystander, according to the statement of Emil Mohr, proprietor of the place. Barrett struck the bystander and in return was smashed over the head several times. When picked up and taken to the station by the police he had several gashes about the head from which the blood was flowing. Assisted by City Physician Ralph dressed the cuts. Barrett was thrown into jail for being drunk.

Barrett is a laboring man from Kansas City. He claims to have been at work on the Illinois Central grade, near Council Bluffs.

**Runaway Accident.** Mr. and Mrs. C. E. Field and Miss Madeleine Burke, living at 337 South Twenty-seventh street, were run into by a motor while driving Wednesday afternoon and the women were badly bruised. The buggy was overturned, throwing the occupants to the pavement. Mr. Field was driving. He had just turned from Leavenworth street into Twenty-seventh and the buggy was partly on the tracks when the motor crashed into it. Mrs. Field and Miss Burke were assisted to their home a block distant by neighbors. Mrs. Field was bruised about the limbs and Miss Burke suffered slightly from a strained side. Mr. Field says that the top of the buggy was raised, so that the top of the motor could not be seen and the motorman did not sound the gong. The buggy was badly wrecked.

### RAINEY STAYS IN ILLINOIS

Governor Tanner Refuses to Honor the Regulation for the Alleged Nebraska Embezzler.

Captain Her returned Wednesday night from Chicago empty handed. Governor Tanner having refused to honor a requisition for the return of Dr. James M. Rainey, wanted in this city for defrauding Charles W. Friable out of \$1,100. According to Captain Her the refusal was based upon a technical error in the papers, and he was advised that other papers would receive due consideration if submitted to the chief executive of Illinois for inspection. It is the opinion of Captain Her, however, that Rainey will never be brought back to Nebraska, because he seems to wield great influence through his attorneys.

The seizure on the request for a writ of habeas corpus was postponed, but Captain Her left the matter in other hands, as he did not think it worth while to wait longer. Deputy County Attorney Healey will be consulted, and if he deems it advisable to file another complaint it will be drawn. In the first Rainey was charged with the embezzlement and larceny by bail of \$250, so \$850 yet remains unaccounted for and may be included in a new information.

### NEW POSTOFFICE STATION C

There Will Be Two Deliveries Daily by Five Carriers, Beginning Today.

The postoffice in the southern part of the city, known as station C, and located at Eighteenth and Vinton streets, was put in operation yesterday, with Mr. Anderson in charge, and mail will be delivered from there today. The new office occupies commodious quarters in a brick building and is considered the most complete of any of the suburban offices. After it is in operation it will supply all that portion of the city bounded on the north by Hickory street, on the south by the city limits, on the west by Twenty-fourth street, and on the east by the river. The carriers who will work out from the new station are Nos. 7, 48, 49 and 66. There will be two deliveries daily.

### Plain Prescription Pharmacists

We do not mean by this that our pharmacists are plain looking—but refer rather to their fact of affairs about the prescription business in general—our store in particular. We therefore first make the plain statement that no other drug store in Omaha is conditioned to COMPOUND PRESCRIPTIONS or execute any sort of a drug order with so great facility or promptness as ourselves for the following reasons: FIRST—No other druggist in Omaha has so great an assortment of drugs, chemicals and pharmaceuticals. SECOND—The experiences of the personnel of our firm in catering to the wants of the drug buying public of Omaha is greater than that of any other firm doing business in Omaha at the present time. THIRD—We employ fully DOUBLE THE NUMBER OF PHARMACISTS employed in ANY OTHER DRUG STORE in Omaha. FOURTH—Our prices are so low, our PHARMACISTS are always busy. (Did you ever visit our store when they were not?) Each department in our store is in charge of a "GRADUATE PHARMACIST."

# Boys' Crash Clothing

### Boys' Wash Waists

Cool, Comfortable Crash Clothing is here in endless variety—is here at about one-third the price asked elsewhere. Not their fault that they get or try to get more—they have to pay more. It's not your fault that they pay more—but it is your fault if you pay more, and it's our fault if we, after spending years in learning how to and where to buy the best clothing for the least pay, should so neglect this department as to allow anyone to meet our prices, but there is no fault. Our crash and cool clothing is far ahead in quality and quantity—and away below competition in price. No mother can afford to make her boy's summer clothing, your time is too valuable. When good quality Boys' Wash Suits can be bought for 85c, all neatly trimmed and correctly made, and when better and more fancy ones only sell for 45c, is it a wonder our Boys' Department is famous as a wonderful one? We've Wash Suits that sell for 75c that other stores get \$1.25 and \$1.50 for. And we've Wash Suits for 75c made of fine quality grey crash, herringbone pattern, large sailor collar, nicely trimmed tucked sleeves. Other stores don't have them—if they did you'd have to pay \$1.50 for them. Boys' good quality crash knee pants for 15c. Boys' white duck pants, 5 to 9 years, good quality, strongly made, for 20c. Boys' white duck ragetta pants, 10 to 15 years, belt strap attachment, best thing out for the money, only 35c. This is a cool and comfortable department to buy Boys' Clothing.
