THE OMAHA DAILY BEE: SUNDAY, JUNE 18, 1899.

Place Next Saturday.

NUMEROUS ENTRIES ARE NOW COMING IN

Bicycle Racing to Be Revived at Young Men's Christian Association Park-All the Old Riders Are in Training.

An effort is to be made to revive interest in bicycle racing, which has been allowed very interesting card of amateur races has match was the unfortunate end of the series. been made up for next Saturday afternoon. was but one meet held in There never races and finances, but with the completion against Thomas Lipton's Shamrock, slid into ferent impression. the water from the same place as the Deof the new Young Men's Christian associafender and Vigilant. The boat is built on tion track with ite high-banked corners the interest in the racing game is picking up. A full program of races will be run off and all the best riders of Omaha, South Omaha, to be ready for the trials by June 20. Council Bluffs and Lincoln have signified their intention of competing for the tempting prizes which will be hung up by the over his defender of 1895 were just as marked ment the men fought for a \$20,000 purse, of management.

Valuable prizes will be given for the novice as an especial inducement for all cradle who think that they ought to be racers to start out and try their speed. The first prizes will all be of the value of \$25 or \$35. with second and third prizes in proportion. The regulation five-mile handlcap will be run, in which all have an equal chance, as was shown in the last race of that kind, when some of the limit men stayed till the last and were only beaten by Sawyer from the 200-yard mark. This is the first meet since 1897 in which the boys have had an opportunity to win any prizes of any value, and consequently they are all in hard training to add to their list of trophies. Entries should be sent at once to E. B. Henderson, secretary, 413 Sheely block, or to the Sport- Missouri Valley. There will be many coming editor of The Bee.

win.

Jeffries-Fitzsimmons' Fight

The entry blanks are out announcing the Young Men's Christian Association park for races, will make an interesting program. June 24.

(f)

Ex-Champion Robert Fitzeimmons continues to shine brighter and brighter under stress of adversity. His frank acknowledgment of Jeffries' superiority was in gratifying contrast to the usual post-bellum remarks of the defeated pugilist who allege want of condition, accident or any other reason for defeat, save the true one-that the other fellow was the better fighter. Fitzsimmons now adds to the favorable opinion of the public by declining to accept a benefit. He declares that he doesn't need money-a money in sight-and with a logical insight somewhat surprising in a prizefighter, he should be asked to contribute to his support anyhow. Fitzsimmons does himself credit, and the position he has taken reminds the public of the attitude assumed by Old Man Anson come two years ago when he announced upon his retirement from the ball field that he would accept no benefit nor any other form of public charity. There was true manliness in both cases.

Ottumwa, Ia., is to have plenty of bicycle races in the month of July. The National circuit chasers will stop off on July 19, and one week later they will hold the Iowa state meet, July 26-27. The races will be held on the new board ten-lap track, which was recently built.

Since the launching of the defender of America's cup considerable interest is shown in the coming contests, and a short history | of America's cup may not be out of place. The cup received its name in 1851, the first year that it was offered, and it has been held on this side ever since. The America, Dempsey and gave Dempsey the same kind which General B. F. Butler owned at the time of his death, was the winner from of a dose he himself so recently received at England. The owners of the America, Coney Island. George L. Schuyler, J. Beckman Finley, J. Sharkey was on the short end when he me C. Stevens, Edwin A. Stevens and Hamilton Corbett in New York. The fight lasted six Wilkes, kept the cup until July 8, 1857, when or eight rounds and was given to Sharkey they offered it to the New York Yacht club because of interference on the part of one of subject to conditions, which in the main Corbett's seconds, who, foreseeing the ultiwere that any organized yacht club of any mate defeat of the ex-champion, jumped into foreign country should always be entitled the ring to force a decision on a foul, which pitcher in America. through any one or more of its members was promptly given, together with the unique accompanying provision that all bets to claim the right of sailing a match for the trophy in any yacht or other vessel of be considered not binding. In view of the close ace this season, the pitchers will certainly ut more of a figure than ever. Take the crack pitchers out of any of the first di-vision teams and they would slump into the second sextet before they could recover their breath.

NOTES OF THE CRICKETERS

Comments on Men Who Are to Play Against Denver-The Team to Go to Manitoba.

There is no doubt that the Omaha men will put a very strong eleven in the field against the Colorado players on July 4, but the task a really powerful aggregation and the home talent can only hope to win after the hardest kind of a fight. Many of the names on the visiting eleven are new to us, but judging by their performances in local matches they will give us no little trouble. Stone has been doing wonders with the

bat, while the veteran English is away ahead of his last year's form. Turning to our own men, there is no guesion as to the improvement of some individual members, notably W, and G. Vaughan

The batting all around seems to be freer. This is as it should be, for a noticeable feature of our last year's fight in the tournament was a lack of aggressive tactics on the part of a majority of our players, Our bowling is hardly up to the standard that class and McCoy has challenged him to of former seasons. It generally lacks sting fight for the title at 158 pounds. If the Cor- and accuracy, and a marked improvement must take place if we are to keep our opponents from topping the century mark. The conformation of our outfield militates against sureness in fielding, but taking things as they are there is yet room for improvement in this respect. Still, as a rule, 16our men seem to rise to the occasion when 17-K-R. foreign opponents are pitted against them, 18-Q-Q 3. and there is little doubt of our ability to 20 come up to the scratch on this occasion. Cameron should be placed at point. It is cameron should be plated at point $4.5 = 23 - P - K t_0$. unquestionably the position where he can do himself full justice. Providing Sims can control his flery ardor and remember that pace is not everything, we may look to his $23 - P - K t_0$. $25 - R \times P$. $26 - R \times P$. $28 - R \times K t$. 28 - R - K t. pace is not everything, we may look to his beating his record of a year ago against the Colorado men. This same player's reputation as the champion pacer of the team is at stake, for Taylor has unexpectedly developed an even time gait between the wickets, and players of the leisurely movements of Len-L, was when he first made his mark. ELECTRIC BELTS Why Dr. Bennett's is So Far Superior to All Others-Showing How the Current Penetrates the system-All Other Belts Burn.

Dr. Bennett's Electric Belt represents many years of study and toll. I know that my Belt cannot

fail to oure the obstinate and mortifying diseases of men and women, and therefore I unhesitatingly guarantace a cure in every case where I recommend the treatment of my Belt. Electricity gets way

down to the foundation of a disease and removes the cause-thereby curing the disease. I will tell you that the greater part of my life has been spent in perfecting an electrode through

which a strong current of Electricity would penetrate the system without that frightful burning and blistering caused by the bare metal electrodes used on all other belts and electric appliances. Fromi-

nent electricians say that I have invented and patented the most ingenious devise of the century. Physi-cians say there can be only one result when electricity is applied to the human system through these electrodes—that, result a cure. I have known for many years that Electricity was the greatest remedial agent that would ever be known to man—but just how to apply the current so that it would penetrate puzzled all physicians and scientists, as welf as myself. I have solved the problem through

All other electric belts have electrodes of bare metal-electricity will not penetrate the system through bare metal-it is retained upon the surface-hence these frightful burns. My Belt has soft, silken, chamoise-covered spong electrodes that render the crematory process of the old style belts a physical impossibility. No doubt you have noticed since I have patented my Belt that the bare metal electrode belts advertise "chamois coverings." and that their belts "won't burn." Don't be deceived. Effec-tricity will not penetrate chamois over bare metal and I will give \$1,600 in gold for an electric belt other than mine that gives enough current to be curative that will not burn you full of holes. Write to me, or call for photos of men who have worn these bare metal affairs. I have 4,000 fetters, too, on

to me, or call for photos of men who have worn these bare metal analys. I have 4,000 fetters, too, but the subject. Let me mail some of them to you. Beware of old style Belts under new style names. My Belt is about half the price asked for the crematory kind; generates a current you can in-stanly feel and is guaranteed to permanently cure Sexual Impotency, Lost Manhood, Varicoccele, Sperma-torrhoea and all Sexual Weaknesses in either sex; restore Shrunken or Undeveloped Organs and Vitality;

cure Kidney Liver and Bladder Troubles, Chronic Constipation, Nervous and General Debility, Dyspep-sia, all Female Complains, ctc. My Belt can be renewed when worn out for only 75 cents-no other

and R. W. Taylor would not be able to make Score of eleventh game completed in the the journey. These three players have been Nebraska Chess association, second correpondent tournament, between C. O. De the backbone of the club since its inception and their presence will be sadly missed. France of Lincoln and C. B. Swim of Fre-

However, the inclusion of four out of town members who have lately joined the local organization has extricated the selection ommittee from an awkward predicament and the club will after all be represented by perhaps the strongest eleven it has ever sent ut to do battle on foreign soil.

Robinson is, according to Captain Davies of Chicago and other competent critics, perhaps the best all-round man in the westa magnificent bat, excellent bowler and without a peer as a wicket keep. In securing A. C. Stone as a member of the team the committee has done wisely. Although he failed to do any material dam-

age during the tournament of last year there is no question as to his ability as a bowler in the minds of those most competent to judge. Of great height, he makes the ball do more than possibly any "trundler" on this side "the herring pond," and on a sticky turf would simply be unplayabie. Vis-a-vis to our fast bowfers, he would help them materially-a fact which 28-P-R 4.

the writer ventures to prophesy will be amply borne out in the coming tournament. In batting he has been topping the 50 mark quite frequently of late, and if this form is kept up we shall have no cause to regret his inclusion in the eleven. Taking the team as a whole we have faith

its ability to render an excellent account of itself against the strongest elevens in by correct play retain it and eventually win the tournament and we should not be surprised if it came back as champion eleven of western America.

That the Manitobans will give us a good time socially goes without saying and if they can come near the Omaha record of a year ago we shall have no reason to complain.

Bass Fishing About Over at Washing-

Now Claim Attention.

35-K-Kt 4. 36-P-Kt 5 ch. 36-Resigns (a) Black usually accepts the proffered pawn, because it is believed that

in the end game. (b) B-Q 2 or KK-K 2 would prevent White from getting his RP passed. (c) This move should defeat White. Kt-B d) or B-Kt 2 should be played here. (d) Fine play; if Q x B, B x BP ch., and wins White's Q for two bishops. (e) Black does not push his advantage properly. White is very auxious to exhange Queens. Q-K 2 or R-K is better. (f) B-Kt 4 looks much better. (g) A blunder. Black supposed his K MEN OF THE ROD AND GUN

DR. BENNETT ELECTRIC CO., Rooms 20 and 21 Douglas Block. Sixteenth and Dodge Sts., OMAHA, NEB

W. F. Jones of the South Omaha stock yards went over to Noble's lake yesterday to try for some of the bass which have been so plentiful there this spring, Manawa gets its share of the fishermen who have not the time to go to some of the

more distant fishing grounds, and some are guite successful. Henry Jackson spent last Sunday there, as did many others from this side.

Max Goldsmith, with a party of friends, spent last Sunday at Lake Quinnebaug, and Mr. Copeland of the Drexel Shoe company was at Noble's lake.

E. Strauss and Willard H. Jones of the Cudahy Packing company went to Langdon. Mo., last Sunday, where, from all reports, the bass are biting in a way to suit the most fastidious. The

George Selfkin and Herman Metz rode to Lake Quinnebaug Friday on their wheels, stopping at Herman on the way to view the effect of the late cyclone.

Dr. Sherraden and George Entriken have being filled. gone to Lake Washington for a few days.

Quite a party of fishermen went to Lake south scores. Washington last evening to catch some There is considerable dissatisfaction among crappies and pike, as from reports recently some of the players with the way in which received the bass fishing is about over. In the strong teams stick together, thus leaving

difference of eight points in the north and
