SEVERAL LOSE THEIR JOBS

Board of Education Meets and Elects Janitors for ensuing year.

NUMBER OF CHANGES ARE MADE IN LIST

Committee's Recommendations as to Appointments at High School and Twentieth Avenue Are Turned Down.

The Board of Education met yesterday afternoon in the office of President Sims for the election of janitors for the different school buildings. Members Hess and Henry, comprising the committee on janitors, had prepared a report, but in two instances the recommendations were turned down. The principal fight ensued over the janitorship of the High school, the committee not being in favor of retaining T. J. Peterson, who has held the position during the last two years. It recommended the appointment of W. S. Williams, who until a year ago had been janitor of the Bloomer building. Peterson, however, had sufficient support among the members of the board and he was reappointed for another year.

Changes were made at the third street, second avenue, Lambert, McLean, last two, thirty-second and Harrison street schools. The janitors at the high school, Washington avenue, Bloomer, Twentieth avenue, North Eighth street, Pierce street and Eighth avenue schools were re-elected. The teachers at the Gunn, Clark, Woodbury and Cut-off school receive a slight extra compensation for performing the duties of janitor.

The list of janitors as elected yesterday afternoon is as follows: High school, T. J. Peterson; Washington avenue, Ralph Simpson; Bloomer, George D. Crum; Twentieth avenue, J. A. Keller; North Eighth street, J. W. Colmore; Pierce street, Joe Roberts; Third street, C. G. Autenrieth; Second avenue, George Bell; Avenue B, George Miles; Madison avenue, D. W. Foster; Thirty-second street, L. G. Clark; Eighth avenue, Betty Darnell; Harrison street, R. Yenson.

The newly elected janitors of those buildings containing heating plants will have to pass an examination or show an engineer's certificate before assuming their positions. This is one of the rules adopted by the board a year ago.

A "progressive" supper will be served by the Ladies Aid society at the Christian church this evening. The menu is as follows: A fine supper, including the best ice cream in town. All progressive as well as retrogressive people are invited.

CITY HITS A CYCLONE SENE.

The people of Council Bluffs were treated to a genuine cyclone scare yesterday afternoon and for a short while it looked as if the city was to feel the effects of a real live twister. Shortly after 4 o'clock a large black, angry looking cloud was seen approaching the city from the northwest and the wind commenced to blow a perfect hurricane. For a few seconds so violent was the wind that everyone thought a cyclone was at hand. It only lasted a couple of minutes or so, however, and the windstorm continued on its way without doing anything much more than cause a general alarm. A few windows about the city were blown in and broken and a number of trees were blown down. One of the large plate glass windows in the court house was broken. A tall tin smokestack was blown from the roof of the Woodbury building on Pearl street and a section of the tin roof was blown into the street, narrowly missing a passing pedestrian.

A panic almost occurred among the occupants of the offices in the upper stories of the Baldwin block. The wind caused a number of doors to slam in breaking the glass in them and the noise frightened the occupants so that they made a rush for the stairway and hastened to the ground floor as fast as their legs would carry them. Not one among them waited to ring for the elevator, but one and all scurried down the stairway.

AMUSEMENTS.

The opening of the season at Lake Manawa was most auspicious. The only incident to mar the pleasure of the immense crowd that sauntered along the shady walks and promenades to the amusement grounds, the bill that has ever been presented at this popular resort was the dastardly attempt of some unknown miscreant to wreck one of the trains. The track was torn up for some distance, but is now repaired, as well as the section of the road that was under water, and Manawa's patrons will find everything in readiness for their reception.

The administration of the amusement features of the lake are now in the hands of capable and experienced showmen. Mr. W. W. Cole, the lessee, has made the Trocadero one of the most popular places in Council Bluffs. His management is under the supervision of the veteran firemen, who are doing their best to make the season a success.

CRASHED BY A CAR.

J. A. Gorham returned yesterday from Rockford, Ill., where he had been called by the death of his 14-year-old son, Joe, who was killed by a motor car. Mr. Gorham is a well known and popular citizen, able and attaches no blame to anyone. His son was riding his wheel when he came into collision with the principal of the High school, who was also riding a bicycle. They were both thrown under a passing motor car. The principal of the High school saved himself from being crushed to death by catching hold of the front part of the car. He was badly injured, however, one arm and his collar bone being fractured. He was also severely hurt internally. Mr. Gorham's son was crushed by the wheel of the motor, his body being terribly mangled, and death must have been almost instantaneous. Mr. Gorham had only returned from Rockford a few days, where he went to attend the graduation of his daughter, when he was recalled by a telegram announcing the terrible accident to his son.

The defendants appealed, and Judge Smith sustained the contention of the defendants and dismissed the case. The motion for a new trial in the Smith-Jensen damage suit was submitted on argument yesterday and the court took its decision under advisement.
