W. Sherman and two sons left yesterday for a visit with relatives in Garden City, Kan. Moses Spencer and Mary Smith, both of South Omaha, were married in this city yesterday at 11 o'clock in the morning. Miss Genevieve Murphy left last evening for an extended visit with friends in Chicago, Milwaukee and other lake points. Alderman Atkins is expected home some day this week from Spirit Lake, where he and his family are spending the summer. Mrs. Sarah Black died early yesterday morning at St. Bernard's hospital, aged 59 years. The remains were sent to Logan, Ia., for interment. Colonel C. G. Saunders has returned from Rock Island, where he went on business connected with the head camp of the Modern Woodmen of America. The police are looking for a sneak thief who stole a collection of foreign coins from the residence of H. Oren, 203 Fourth street, during the absence of his wife. The Board of County Supervisors convened in adjourned session yesterday afternoon. No business was transacted and an adjournment was taken until this morning. W. W. Hanthorn and D. W. Washnell returned yesterday from a fishing trip to Hunters' Lodge, Spirit lake. They report an enjoyable outing and plenty of fish. Bicycle riders complain that some madly ridden individuals are riding recklessly in the street taking a continuous delight in steering the street with pieces of broken glass. The preliminary hearing of J. P. Walters, charged with malpractice in connection with the premature birth of Mrs. Tarrant's baby, is set for this morning in the court of Justice Ferrier. Mrs. Rathbun, grand matron of the Order of the Eastern Star in Iowa, is visiting for a few days with Mrs. Tuffery on Park avenue. Misses Ruth and Mrs. Rathbun are also schoolmates. The members of the Epworth League of the Fifth avenue Methodist church will give a free social this evening at the home of Mr. and Mrs. H. Harrington on Fifth avenue and Ninth street. The attorney for the Barber's Protective association is expected to file information today against the Epworth League. Their shops open last Sunday. So far he has secured the names of four who pled their trade that day as usual. A one and a half acre barn on the premises of Chris Sorenson, 177 Harrison street, was badly damaged by fire yesterday afternoon. The roof was entirely burned and the structure otherwise damaged. The cause of the fire is also badly scorched. The cause of the fire is attributed to children and matches. Lars Nelson, living at 2216 South Thirtieth street, complained to Justice Vint yesterday that his wife had assaulted him in a vicious manner. In support of his story he showed the justice a blood finger, which he alleged his better half had bitten on the bone. Nelson was referred to Assistant County Attorney Kimball. The preliminary hearing of John M. Lane, charged by the Milwaukee railway with being agent in his accounts as freight and ticket agent, is set for this morning before Justice Ferrier. M. Robertson, the company's auditor, who has charge of the case, arrived from Chicago last night. Agent Godes of the bonding company is expected this morning. The local authorities received word last night that Charles Bretton, wanted here to answer to a charge of adultery, was under arrest in Omaha. Constable Albert of Justice Vint's court holds the warrant for Bretton's arrest. The information was filed by J. W. Taylor. Mrs. Taylor, against whom her husband has a divorce in progress, is said to be in River Sioux. The funeral of Mary, the 5-year-old daughter of Colonel and Mrs. Franck C. Reed of Manawa, was held yesterday afternoon from 8 o'clock to 10 o'clock in the Catholic cemetery. The child died Sunday afternoon at the residence of Mrs. Rose Tinsley on Ninth avenue from virulent malaria, after an illness of two days. With an older sister, Mary, she was a boarding pupil at St. Francis academy. Isaac Kreidler, a 14-year-old boy, whose desire to see to it that his father succeeded him to run away from home in Carroll, Ia., was picked up by the police last night. Isaac had seen all he wanted of the big show and, having spent his money, was trying to make his way home when the eye of an officer spied him among a number of tramps in the railroad yards. He will be detained until his parents are notified. Thomas Brown was arrested yesterday evening on a charge of breaking and entering. It is alleged that Brown and a companion, a few nights ago, had been at home, broke into a house occupied by two women near the Rock Island depot by kicking in the front door. Once inside they commenced to make themselves at home. While the women went to telephone for the police Brown and his partner took to their heels. N. Y. Plumbing company, Tel. 250. Welsch burners at Bixby's, Tel. 192. Wanted carriers for Bee routes. Apply at Bee office. Just a Family Jar. About 2 o'clock yesterday morning an Erganat Gun Bergman was sitting himself for a short nap until the patrolmen would report at the next full hour, a young woman scantily clad, bareheaded and barefooted rushed into the police station. Her name, she said, was Mrs. John H. Deevens and that, with her husband, she had been rooming at the home of J. E. Brooks, 845 Vine street, only a short distance from the police station. Mrs. Deevens' story was to the effect that after going to sleep she had been awakened by feeling something wet on her face. Her husband, she said, had placed a handkerchief covered with carbolic acid over her eyes. She jumped from the bed and rushed out of the house. "I think he was trying to kill me or disgrace me for life," she said. She wanted her husband arrested and Captain Denny proceeded to the house, where he found Deevens in bed. Deevens denied the carbolic acid story and said he and his wife had only had one of their frequent quarrels. No trace of the acid was found in the room. The man was locked up and Mrs. Deevens returned to her home apparently satisfied. The case was taken before Justice Vint yesterday morning, who at once dismissed it. Scientific optician, Wollman, 409 Broadway. LIFE INSURANCE POLICIES BOUGHT For Cash or Loaned On. E. H. SHEAFE & CO., 8 Pearl Street, Council Bluffs, Iowa.

JENNINGS AFTER SCORCHERS

Mayor of Council Bluffs Proposes to Regulate Bicycle Riders.

HAS ORDINANCE DRAWN FOR THAT PURPOSE

Limits Speed to Ten Miles an Hour, Forbids Sidewalk Riding and Provides for the Use of Lamps at Night.

Mayor Jennings, owing to the number of complaints that have reached him of the reckless manner in which some riders of bicycles "scorch" on the public streets, has had an ordinance drafted, which if duly enforced, he believes will do away with the nuisance. The measure is entitled: "An ordinance regulating the use of bicycles in the city of Council Bluffs and prohibiting the throwing of articles injurious to rubber or pneumatic tires in the public streets and prescribing penalties for the violation thereof."

The first section of the measure makes it unlawful for the riding of bicycles on sidewalk. Section two makes it unlawful to ride a bicycle on a public street, avenue or highway at a greater speed than ten miles an hour. The next section provides that between the hours of sunset and sunrise it shall be unlawful for any person to ride a bicycle within the city limits "without having firmly attached to the front of said bicycle a lighted lamp. The fourth section is intended to protect the bicyclist and reads as follows:

"It shall be unlawful for any person to throw, drop, or place in or upon any street, avenue, alley or public place within the city limits, any glass, crockery, nails, tacks, pieces of metal, wire or other articles which would be liable to injure the wheels or tires of bicycles or other vehicles which have wheels with rubber or pneumatic tires."

The penalty prescribed for violating any of the provisions of this ordinance is fixed at a fine not exceeding \$25. In former ordinances bicycles and tricycles have been treated alike, but in framing this one no mention is made of tricycles, so as to give the little folk, who alone now use such machines, the privilege of riding on the sidewalk and extending them from being compelled to have lighted lamps in case they are out riding after sunset.

Non-Ton Millinery Store removed to Bellinger block, 613 Broadway, opposite P. O.

The Lutheran ladies are serving fried spring chickens under the old grain stacks learned on the exposition grounds. They extend a special invitation to the Council Bluffs and all Iowa people.

PROCEEDINGS OF THE CITY COUNCIL.

Four New Ordinances Are Introduced.

Four new ordinances were introduced at the meeting of the city council last night, two of which were passed on suspension of the rules and two were referred to special committees. Alderman Casper, chairman of the streets and alleys committee, introduced an ordinance providing for the cutting of weeds and other noxious growths upon and in front of lots or parcels of ground and providing for the assessment of the cost thereof to the property. This measure was passed. It provides that owners must cut all the weeds and brush on their lots and premises each year and on failure to do so the city shall do the work and charge up the cost to the property. The bicycle ordinance was passed to its second reading and then referred to a special committee, consisting of the city solicitor and Aldermen Saylor, Johnson and Casper. The ordinance changing the grade of Broadway between the west line of Thirtieth street and the west line of Twelfth street, introduced on behalf of the Fort Dodge & Omaha railroad to enable the company to construct its bridge over Indian creek, was passed after a clause had been inserted making the railway responsible for damages to abutting property by reason of the change in grade. The ordinance provides that there shall be a gradual increase in the grade between the two streets of about three feet. The railroad company has to bear all the expense of making the change. Alderman Casper introduced, on behalf of interested parties, an ordinance providing that house movers pay an annual license of \$100 and give a bond in the sum of \$1,000. It also provides that upon six hours' notice the companies owning wires or poles in the way of any house sought to be moved must remove them and on failure to do so the city electrician shall do so at the expense of the company owning the wires or poles. Any person moving a house without being licensed shall be fined in a sum not to exceed \$100 contained in jail for a term not exceeding thirty days. This ordinance was referred to a special committee consisting of Aldermen Casper, Brough and Schubert and the city attorney. The matter of the old Hood laundry building at 214 West Pierce street, which has been a nuisance for some time, was brought up by Alderman Brough and on his motion the city attorney was instructed to have the place declared a nuisance and abated. Peter Peterson was appointed a special policeman without expense to the city. Alderman Brough called attention to the dangerous condition of the Bryant street bridge and it was ordered closed to traffic. City Engineer Elyre was instructed to examine the structure and report as to the feasibility of repairing it and the cost of replacing it with a new bridge. Chairman Christensen of the committee on police and health reported that he had purchased at an expense of \$50 a new buggy for the city marshal's department. A warrant for the amount was ordered drawn. Poll Tax Collector Allwood was authorized to bring suit against all parties who had failed to pay the tax. Allwood has a list of about 700 delinquents. Real Estate Transfers. The following transfers were filed yesterday in the abstract, title and loan office of J. W. Squire, 101 Pearl street: Alvina L. Vandebogart and husband to State Savings bank, lots 8, 9 and 10, block 20, Biddie's subdiv. 29 F. J. Day and J. P. Hess and wife to W. K. Seitzer, lot 5, in original plat, 100 J. J. Long and wife to F. W. Robinson, lots 13 and 14, block 4, McRee-Atch's addition, w. d. 400 Thomas McBride to Charles E. Smith, 2-77-4, w. d. 378 Sheriff to George W. Lips, lot 10, block N, Curtis & Ramsey's addition, s. d. 459 Total amount of six transfers...\$ 1,338

Petitions in Bankruptcy.

Two voluntary petitions in bankruptcy were filed in the United States district court here yesterday. Annetta Rose Wilson of Shenandoah asked to be relieved of her liabilities, which amount to something over

\$6,000, against which she possesses assets of only \$350. The other would-be bankrupt is R. L. Pa-genteacher of this city, formerly of Elsie, Neb. He has scheduled his liabilities at \$6,782.83 and unsecured claims at \$1,159.98. His assets consist of \$150 worth of household goods, which are claimed to be exempt. Several local implement firms are among his creditors.

CHARGED WITH INSANITY.

Harry H. Dye was arrested yesterday afternoon on an information filed with the board of insanity commissioners charging him with being mentally deranged and a fit subject for the asylum. The complaint was filed by his first cousin, Mrs. Sadie Amy Strong. Both Dye and Mrs. Strong are grandchildren of the late Mrs. L. S. Amy, who died possessed of a large amount of real estate in this city and other property. Dye is 41 years of age, unmarried and since made his home with his grandmother and the death of his parents. At the death of his mother, who was a daughter of Mrs. Amy, he came into considerable property and his cousin now claims that his condition is such that he is not able to properly take care of it or himself. It is charged that his present mental condition is the result of drinking pure alcohol. Mrs. Strong, an application to the court, was made temporary guardian of her cousin, her bond being fixed at \$500. Dye, when he realized that he was under arrest, became somewhat violent and Sheriff Morgan and his deputies had to use force to bring him before being able to place him in the cage before being taken to the insane asylum. When taken before the commissioners Dye asserted that his arrest on the charge of being insane was a scheme on the part of his relatives to secure control of his property and the share of his grandmother's estate that was coming to him.

Davis sells point.

Suit Likely to Be Dropped. It is now likely that the suit brought by State's Attorney General Milton Remley to restrain A. W. Smith from digging a ditch for the alleged purpose of draining Noble's lake will be dropped, as it appears that the proceedings were brought under a misconception of the real facts in the matter. County Attorney Kilpack yesterday received a letter from the attorney general in which he writes:

"If the parties do not intend to make a drain which taps the lake proper, the state cannot afford to interfere, unless the construction of this drain is such as would necessarily create a ditch for the purpose of draining Noble's lake. In this regard, it is the opinion of the attorney general that the proceedings were brought under a misconception of the real facts in the matter. County Attorney Kilpack yesterday received a letter from the attorney general in which he writes:

"If the parties do not intend to make a drain which taps the lake proper, the state cannot afford to interfere, unless the construction of this drain is such as would necessarily create a ditch for the purpose of draining Noble's lake. In this regard, it is the opinion of the attorney general that the proceedings were brought under a misconception of the real facts in the matter. County Attorney Kilpack yesterday received a letter from the attorney general in which he writes:

Two Dead and Four Injured in a Coal Mine Calamity at Grindstone, Ga. BROWNVILLE, Pa., July 24.—An explosion of gas and fire-damp occurred today in the mine of the Redstone Coal, Oil & Gas company at Grindstone, five miles from here, in which seventy men were entombed. Three men are known to have been killed and eleven injured. Many more are dead, two bodies were brought to the surface, but owing to their black and mutilated condition they have not been identified. The explosion occurred in entry No. 10 and the force was so great that eight men who had just descended into the shaft were knocked down and seriously injured. All escaped, however, but a boy named Solomon, who had an ugly cut across the throat, but who went back, refusing to leave the mine until his father and brother were gotten out.

OHIOGO, July 24.—A special to the Times-Herald from Ames, Ia., says: Prof. D. A. Kent, late of the Iowa State Agricultural college, has been selected as an instructor in farming to the Turkish empire. The sultan wanted a man versed in the cultivation of wheat, corn and fruits and requested Prof. Kent, who is a native of Iowa, to accept of the position. The Turkish ambassador appealed to Secretary Wilson, who recommended Prof. Kent and the Iowa City man has signified his willingness to accept the mission.

"Of course," says Prof. Kent, the selection of an American professor has to be introduced and use of American farm machinery and American methods of cultivation and transportation." Prof. Kent will leave for his new duties in a few weeks.

THROW A BOMB INTO GEAR RANKS.

Poweshiek County, Claimed for Him, Goes for A. B. Cummins. OTTUMWA, Iowa, July 24.—(Special Telegram.)—Poweshiek county went for Cummins today and by so doing threw a bombshell into the gear ranks. Poweshiek was always counted as a Gear county, but at their convention held at 10 o'clock this morning at Malcom, the county, the six killed and injured, made their escape by way of two other entrances. There was great excitement when the explosion occurred and a large crowd of women and children quickly collected about the pit mouth waiting for those in the mine, who might be dead. It was several hours before the extent of the disaster was known as the miners who escaped by the two exits had to walk several miles to return to the pit mouth. The explosion was caused by a fall in entry 30, which resulted in the explosion of a dynamite other entry, where it was ignited by a diggers' open lamp.

PLEASD WITH RECRUITING

One-Third of New Regiments Already Secured Through Regular Channels. NEW YORK, July 24.—A special to the Herald from Washington says: Reports received by Adjutant General Corbin from the colonels of the new volunteer regiments show that about one-third of the provisional army has been enlisted, bringing the total up to more than 4,500. Two regiments, Colonel Letts and Colonel Bell's, are more than two-thirds full. The regimental recruiting officers will begin active work this week, independently of the recruiting stations, and from reports General Corbin is encouraged to believe that the remaining 10,000 men will be secured within a fortnight. It is generally expected that the government will be organized in such a short period, and whether its services will be required in the Philippines or not it is the president's expectation that it will become part of the permanent military establishment. Even if peace is made soon, it is estimated by officials that with the new dependencies we will require a standing army of at least 50,000 men, which will be the united strength of the regular forces and the provisional army. It is largely for this reason that the president determined to appoint only men with military records to officer these new regiments. The politicians were given to understand that they must combine their candi-

MILAMEN USE BORACIC ACID

Barrels of the Stuff Bought by Iowa Dairymen to Preserve Their Milk.

STATE AUTHORITIES WILL TRY TO STOP IT

Big Metal Factory at Des Moines—Japanese American Consul-Commissioner Pleased with the Hawkeye State. DES MOINES, July 24.—(Special Telegram.)—G. T. Schenker, a dairyman, was today fined \$25 and costs in justice court for preserving his milk with boracic acid. This is a serious case and the state dairy commissioner will now bring suit against a number of others in all parts of the state as well as Des Moines. The commissioner has evidence from druggists that certain big dairymen have bought boracic acid by the barrel to use in preserving their milk. It is claimed by milkmen and by some chemists that the substances used to preserve milk are not injurious and that therefore there can be nothing wrongful in the practice of adulteration. Ford was reduced today from the National Oil and Refining company of Burlington, Mexico, that its stockholders have voted to open a big factory in Des Moines for the purpose of manufacturing new nickel manganese alloy, the factory to turn out twenty tons per day. Isozo Nitobe of Sapporo, in Japan, special commissioner for the department of Agriculture and Commerce, and the state dairy commissioner will now bring suit against a number of others in all parts of the state as well as Des Moines. The commissioner has evidence from druggists that certain big dairymen have bought boracic acid by the barrel to use in preserving their milk. It is claimed by milkmen and by some chemists that the substances used to preserve milk are not injurious and that therefore there can be nothing wrongful in the practice of adulteration.

At Cross Purposes with the Pressers, Who Demand the Piece System. NEW YORK, July 24.—It was said at the headquarters of the Brotherhood of Tailors today that between 5,000 and 7,000 coatmakers in Greater New York went on a strike this morning. The strike of the coatmakers has necessarily thrown out the basters, trimmers and others, as they have no coats to work upon. The strike seems to have been precipitated by the action of the pressers, who are demanding a higher wage and a demand for piecework, ten hours a day and 20 per cent increase in the scale. The coatmakers are opposed to the piecework system and they are at cross-purposes with the pressers. Harris Miller, secretary of the independent coatmakers' union, said that the coatmaking shops in Greater New York had practically stopped work. By striking the coatmakers, it was said, could force the pressers to desist from their demands, particularly as to piecework.

YOUNG BUCKS TROUBLESOME

Threaten to Kill the Railroad Graders Working on the Reservation. BOISE, Idaho, July 24.—Word from Lewiston over the long-distance telephone is to the effect that while the Indians on the Nez Perces reservation have outwardly submitted to the agreement of their chiefs to permit work on the Northern Pacific grant through the reservation to proceed, the young bucks continue to manifest an ugly spirit, which is brutalized by liquor furnished by white men. They threaten to swoop down on the graders again as they did a few days ago, this time not to scare them off work, but to murder. There are no soldiers there and the workmen have little protection. Deputy marshals at the scene report that trouble of a serious nature seems unavoidable unless liquor can be kept away from the young bucks or a military force is stationed to protect the graders.

PENSIONS FOR WESTERN VETERANS.

Soldiers of the Civil War Remembered by the General Government. WASHINGTON, July 24.—(Special.)—The following pensions have been issued: O. L. Hume, 40, \$2.00. Nebraska Original—Herman W. Angell, Nebraska City, \$5. Increase—William O. Gamble, Warsaw, \$6 to \$12. Iowa: Original—Henry J. Care, Van

LADIES CAN WEAR SHOES

One size smaller after using Allen's Foot-Powder, a powder to be shaken into the shoes. It makes tight shoes feel new. There are no blisters and no new shoes feel like new shoes. It gives instant relief to corns and bunions. It is the greatest comfort discovery of the age. It cures swollen feet, blisters and sore spots. Allen's Foot-Powder is a certain cure for itching feet, sweating, itching, itching feet, itching feet, itching feet. It is sold by druggists and shoe stores. Trial package FREE by mail. Address: Allen S. Leonard, 219 E. W. B. Iowa.

WHEN IN DOUBT TRY

Allen's Foot-Powder. There are as many like COATED ELECTRICITY as there are people who suffer from it. Each one produces as much nerve-building substance as is contained in the amount of food a man consumes in a week. This is why they have cured thousands of cases of Nervous Debility, Neuritis, Headaches, Dizziness, Insomnia, Vertigo, and all the ailments that result from a weak and unbalanced system. It cures the whole system. All weakening and tissue-detracting drains and losses are permanently cured. It may mean insanity, consumption and death if not cured. Price, \$1 per box; six boxes (with iron-clad guarantee to cure or return money) for \$5. Book containing positive proof free. Address: Kuhn & Co. or New Economical Drug Co., Omaha, Nebraska.

WHEN OTHERS FAIL CONSULT

dates to men in the regular or volunteer service whose military records were without blemish.

NO WORD FROM BEVERIDGE

Last Heard from Senator He Was Quarantined on a Plague Ship. CHICAGO, July 24.—A Tribune special from Indianapolis says: There has been some concern here over the present whereabouts of Senator Albert J. Beveridge. Last week just received from Nagasaki, Japan, dated June 20, showed that he was quarantined on board ship near there with the Asiatic plague on the vessel. One of those letters, apparently smuggled ashore, was from the senator himself. He states that the victims aboard were Chinese from Hong Kong. In the letter the senator says: "Thank heaven Mrs. Beveridge is at Kiota." There has been no cablegram from him since the date of the letter, although occasional cable messages have been received from the senator since his arrival in the Orient. Mr. Beveridge has been over a great deal of China and traveled over 400 miles on horseback around Manila. He was with Lawton in his advance and was under fire several times. Advice by mail says the senator had a close call in an engagement, where bullets were imbedded in his chest and hand which he was standing, several within a few inches of his head.

COATMAKERS OUT ON A STRIKE

At Cross Purposes with the Pressers, Who Demand the Piece System. NEW YORK, July 24.—It was said at the headquarters of the Brotherhood of Tailors today that between 5,000 and 7,000 coatmakers in Greater New York went on a strike this morning. The strike of the coatmakers has necessarily thrown out the basters, trimmers and others, as they have no coats to work upon. The strike seems to have been precipitated by the action of the pressers, who are demanding a higher wage and a demand for piecework, ten hours a day and 20 per cent increase in the scale. Harris Miller, secretary of the independent coatmakers' union, said that the coatmaking shops in Greater New York had practically stopped work. By striking the coatmakers, it was said, could force the pressers to desist from their demands, particularly as to piecework.

RAILROADS CONTRIBUTE TO FAIR.

ST. LOUIS, July 24.—The largest individual subscription received for the World's Fair fund up to date was announced today by the Missouri Pacific railroad, which subscribed \$50,000 to the \$5,000,000 being raised for a stock company to manage the fair. The Burlington system announced a subscription of \$50,000. Nearly all the other railroads in the United States have informally stated the amount they will subscribe, but in some instances formal action is retarded by the absence of prominent financiers. The Missouri Pacific has definitely announced that the subscriptions from the railroad terminating in St. Louis will exceed \$500,000 and promises have been made by other railroads to contribute \$1,000,000 which justify the committee in relying on \$1,000,000 from this source.

Loss Amounts to Million Dollars.

TOLEDO, O., July 24.—The estimate of \$1,000,000 loss in the C. H. & D. elevator fire was today found to be correct. The insurance will not cover the loss on the building by over \$90,000. The grain insurance is \$474,000, while the value of the wheat was about \$850,000. It is doubtful if over 10 per cent of the grain will be saved. In addition to the loss on the elevator five freight cars were burned, valued at \$12,000.

Option on Oil Wells.

LOS ANGELES, July 24.—It is reported here today that an oil well trust is being formed to take in all the oil properties thus far developed in the California and Whittier districts. W. Harrison is said to be endeavoring to secure options upon all these properties and to be backed by the Union Oil company. It is proposed to incorporate the new company with a capitalization of \$20,000,000.
