RESULTS ON THE RUNNING TRACKS.

Large Crowd at Brighton Beach Carries Home the Bookies' Money. NEW YORK, Aug. 4.-It was cool and comfortable at Brighton Beach and a large rowd was on hand to see six well filled overnight events run off. Four favorites and two well played second choices divided the card; Maher, the jockey, won the last three, as he did yesterday, so his followers went home happy. The fourth race, a handicap for 3-year-olds and upward, was the feature of the card, although only four were entered. Box, carrying top weights, was a slight favorite. All four horses were heavily backed. Maher took Box out to make the running, closely attended by Galathee. They ran head and head up the beck stretch, but class told and when straightened out in the stretch Box came away and won easily by three lengths from The Devil and Barateria, both of whom beat the tired Galathee. Standing, Peep O'Day, Fluke, Fast Black and Zanone were the other winners. Summaries: First race, five furlongs: Standing won, F.euron second, Hesper third. Time: 1:02. Rain Interferes with Races.

COLUMBUS, O., Aug. 4.—Rain again interfered with the races at the Columbus
Driving park today. After the 2:10 trot had
been finished and four heats trotted in
the 2:14 class a thunderstorm came up and
before the rain had ceased the track was
soaked. There were four events on the
card today, including the 2:10 trot, postponed from Thursday. This was the first
race started and it proved a surprise to
the talent, Tommy Britton winning in
straight heats without being urged. Elloree was favorite in the betting on the
strength of her showing at Cleveland, but
she was not a factor in the race, Cresseous, although not fast enough to push
Tommy Britton, beat Elloree out easily for
second money.
Four heats were trotted in the 2:14 class.
There were ten starters in the race, but

now playing under the pennant of the Blues had an electrifying effect upon the tailenders today and surprised the 280 spectators by winning from Minneapplis and earning three of their five runs. Fifeid retired after three innings. Score:

The second game will be played Sunday. The teams are both in good form and are expected to put up an excellent exhibition game. The positions will be filled as follows: tory. This will bring Whitman and Ware together in the final for the championship tomorrow.

Old Champions Meet Defeat. The two old-time champions, Henry Slocum and Howard Taylor, were defeated in the doubles by Winslow and Codman, the Longwood experts, who were paired against them. The veterans were successful in taking the second set, however, and felt that they had done wonders by scoring against the youngsters. Winslow and Codman were very speedy and banged the ball over the net in a way that bewildered the veterans and they were frequently unable to return. Taylor was much better in his play than was Slocum, the latter being faulty to a degree. His worst offense was his inability to get his returns over the net. Pell and Skidmore have defaulted to Davis and Ward.

Davis and Ward gave promise of being well contested. The plucky Yale man proved early in the game that he was out for the scalp of his adversaries. McKettrick made repeated "double faults" in his service, and in changing sides with Allen during play he seriously interfered with him and allowed the Harvard men to score four straight in the third set, after which they pulled out. The match occupied

four hours and the players are badly used

FINANCIAL POWER OF THIS COUNTRY

Bank of England Admits that it Cannot Draw the Gold it Needs from New York-Europe Needs America.

NEW YORK, Aug. 4.-R. G. Dun & Co., in their Weekly Review of Trade, will say: July failures have been smaller than in any month on record, except for May, and trading failures smaller than in any other nonth. Surprising contrasts are shown by been 10,000 shares and bills against produce be shipped are very heavy.

This describes a revolution in finances not unlike that in industries, Europe searching for wool here at 50 cents scoured, and for most brilliant raily by both men, and the ball crossed the net more than twenty times before Whitman captured the point by driving deep in the Yale man's court.

The match between Ware and Davis was a long one. Ware played extremely fast in the first set and finally pulled out at \$-6. Davis was very ragged in his net play at which he is farmous and he sent the easily and the second, made by John Lawson on the second soft in the second soft the world's record, made by John Lawson on the second soft the second soft the world's record, made by John Lawson on the second soft the second soft the second soft the second soft the world's record, made by John Lawson on the second soft t shipments from Australia have been sur-prisingly little below those of last year, but Europe talks of a wool famine while this country has on hand a year's consumption or mare, besides this year's clip, and prices or more besides this year's clip, and prices are not yet as high as they were in February of last year, when stock were many million pounds larger. Cheviots and some other goods are higher, but the average has advanced slightly less than the price of the wool. Cotton goods are unchanged in price, with cotton still at 6.12 cents, heavy surplus stocks rendering crop uncertainties power-

Scarcity of Bessemer pig has caused two steel works at Pittsburg to stop work, and \$21.50 to \$21.75 has been paid for 30,000 tons. with \$17.75 for gray forge and a rise of 50 cents on local coke at Chicago. It is no longer a question whether enough can be had after a while; and the trouble is about early supplies. Orders for plates and structural work are refused at most points, mills having work far ahead and for sheets also in at Philadelphia, though new and large mills of make things easier in plates at Pittsburg. Bar iron is in great demand instead of steel, being \$3 to \$4 cheaper, and new eastern mills get all the business they want. The magni-tude of the demand, in spite of high prices.

is everywhere a surprise.

Once more Connellsville eclipses itself with only 550 ovens idle and 121,541 tons coke produced for the week. Tine was raised by London to the breaking point, 33 cents here being followed by 34½ cents, but copper was firm at 18½ cents for lake, though the London visible supply reached 33,020 tons, the fargest since 1897. Lead was quiet at 4.60 cents. Orders for boots and shoes are not so large as they have been, and yet are numerous enough to make a good aggregate. Wheat weakens, yielding 1 cent, with the

astonishing receipts at the west, 4,734,363 bushels for the week, against 3,199,643 bushels last year, and 23,598,189 bushels since June, against 10,508,873 last year. The break in foreign exchange this week indicating that this country retains its position as a creditor nation and that gold may be expected to come this way far into the autumn was regarded with favor, but had no autumn was regarded with favor, but had no practical or speculative sentiment or activ ity. The very favorable character of the June statements of several large railroad systems and the continuance of increases in

the gross earnings of the current weeks keep up the confidence of holders in the granger and other properties, checking any tendency to liquidate. There has, however, been much less disposition to manipulate properties over this kind in the face higher money and the attentions of nature have been again directed to various industrial stocks and specialties, though the success of efforts to once more attract public interest in them is not as yet striking.

The principal better factor outside of the money market situation was the appearance of yellow fever at a southern port. This led to some selling of shares of railroads
