Strong Cables and a Big Cash Demand Keeps Wheat Looking Upward.

LEADING FUTURE GOES UP NEARLY A CENT

10

Corn is Firm and Closes at a Slight Advance-Oats as Usual Are Dull and Firm-Provisions Take Quite a Jump Up.

CHICAGO, Aug. 17 .- Strong cables and # big cash demand kept wheat on the road toward higher prices today and caused an advance of hic in the leading future. Corn and oats sympathized, corn closing 14c higher and oats a shade higher. Provisions

advanced 21/2071/2C. The opening in wheat was marked by a good deal of strength and a decidedly small amount of trading. Speculators again were influenced by the action of the Liverpool market, which showed an advance of %6%d and opening prices for September here were set to higher at 71%c. Besides the firmness of Liverpool the mar-ket had for support reports of heavy rains in some sections of the northwest, with con-

in some sections of the northwest, with con-sequent damage to wheat uncut and in the shock. There was a moderate demand from shorts, who feared the opening advance would be followed by still higher prices. Offerings were small and September ad-vanced to call price, 73%G71%c, before any influential selling was done. A reaction to 73%c followed, but the decline was stub-bornly fought and as soon as realizing was over the price shot upward in a hurry. Tilge followed, but the decline was stud-bornly fought and as soon as realizing was over the price shot upward in a hurry, fouching Tilge before the balance of trad-ing was again in favor of the sellers. The market in the main was duil during the morning, with occasional lively spots. Sev-eral reactions occurred, but the price at no time got below Tilge and in the afternoon the rapidly increasing cash business in-jected Hfe into the market and made it much broader. The total cash business re-ported here was 590,000 bu. The seaboard was a leading buyer and engagements for export of about 30 loads were reported. Primery receipts were again considerably lighter than last year, today's total belong 52,000 bu, against 673,000 bu, a year ago. Minneapolis and Duluth receipts were 217 cars, against 156 last week and 429 a year ngo. Chleago receipts were 66 cars, 22 of con-tract grade. Atlantic port clearances of wheat and flour amounted to 355,000 bu. Shorts covered liberally late in the session, but St. Louis and local longs were appar-ently satisfied with their profits and let go of enough wheat to more than satisfy the demand. The close was firm at 71%@711½c for September. Corn was firm and closed at a slight ad-

for September. Corn was firm and closed at a slight ad-Corn was firm and closed at a slight ad-vance, though best prices were not main-tained. Receipts were moderate and the cash and export demand good and this and the strength of wheat were the influences. Receipts were 281 cars. The weather con-tinued favorable for corn. Shorts covered liberally. September ranged from 20% of 20% and closed 1% 0% 4c higher at 20% 030% c. Oats, as usual, was very dull but firm in the main, being influenced by wheat and corn. There was a good demand for cash with 150,000 bu. reported taken for ship-ment. Receipts were 413 cars. There was some selling of May. September ranged from 19% c to 19% c and closed a shade higher at 19% c.

ment. Receipts were 413 cars. There wills some selling of May. September ranged from 19% to 19% cand closed a shade higher at 19% c. Provisions were inactive but firmer all round, although a decline was reported in hogs. The cash demand showed marked improvement, which was apparently the basis for the better feeling in the specula-tive market. Packers bought liberally. At the close September pork was 71% higher at \$2.27%, September pork was 71% higher at \$5.27%, September land 2½ chigher at \$5.20 and September ribs 5%71% chigher at \$5.07%. Leading futures ranged as follows:

STERLING EXCHANGE-Steady, with

notes, reserve, increase, £1,005,000; govern-ment securities, decrease, £10,000. The pro-portion of the Bank of England's reserve to itability is 46.34 per cent; last week it was 41.75 per cent. The rate of discount is un-changed at 3½ per cent. Foreign Financial. PARIS, Aug. 17.—Prices on the bourse to-day, influenced by the easy rate of contan-goes in London, and especially favorable advices regarding the Transval difficulty, were firm; Spanish 4s and Portuguese se-curities reacted; Kaffirs were in good de-mand, large purchases being made on Lon-don account. Three per cent rentes, 1997; exchange on London, 257 550 for checks; Spanish 4s closed at 90.57%. FRANKFORT, Aug. 17.—Business im-proved on the bourse today, being encour-aged by the news from other bourses. Span-ish 4s and Italians were harder. LONDON, Aug. 17.—American securities opened firm and remained so all day, with Louisville leading the advance. The close was firm; Spanish 4s closed at 59%; gold at Buenos Ayres, 128. The amount of builton taken into the Hank of England on balance today was £54,000. BEPLIN Ame. 17.—Exchange on London

THE OMAHA DA
sylvania were conspicuous: Northwestern
gained 2%. The jeading cause of the more
cheerful feeling regarding the values of
securities was the easier condition of the
London money market, as disclosed by the
veekly statement of the Bank of England.
The rate for money fell appreciably in
London today, but still rules above the bank
rate. The bank continues to buy gold today
and to import it from Germany, and the
probability is that if the private discount
rate should fall below the bank rate that
institution would again borrow from the
market in order to stiffen rates.
But the sentimental effect on the New
York stock market was very marked, as increased confidence was felt that gold might
be withdrawn from London to New York
in case of a higher money rate here without upsetting the foreign stock markets.
The large inorcase in St. Paul's earnings
for the second week in August, in spite of
falling off of the grain movement, was an
encouraging factor.

The first call developed a weak feeling with prices 3 points higher to 5 points lower. Later the general market showed a general decline of 3 to 5 points. liquidation being the cause of the unsatisfactory cables and a lack of outside speculative support. The market rallied partially later on un-satisfactory weather conditions in the cot-ton belt, it being feared that insufficient rain had fallen. The fact that the weather in Texas continues very hot, as well as in other parts of the southwest, added to the apprehensions of the bear con-tingent, in connection with the fact that no rains are indicated by the government fore-cast. During the afternoon the market was comparatively tame, but generally quite steady. There was some selling during the latter part of the session for short account on the theory that the higher prices ruling for cotton would stimulate an early move-ment of the new crop and that the influence of receipts would be to keep spot buyers from anticipating their wants to any great extent, thus leading to stock accumula-tions. An element in the confidence of the

ceipts, however, were on the side of the b sellers. Local packers all seemed to want h a few cattle and the result was that they bought the cornfed steers at a little stronger prices than yesterday, and the pens were f cleared at an early hour. Buyers were re-porting their purchases as costing them 10c g more than yesterday. The market is still 15@20c lower than last week on the common to medium kinds of cattle, in fact it is that f much off on most everything but the very best kinds. Very few grass westerns good enough for beef were on sale, and the mar-ket on that kind did not show much change. Cows and helfers were in pretty liberal 2 supply, about twenty loads being reported in the yards. The market on butchers' stock was not materially changed as com-pared with yesterday. Good feeders, that is cattle having weight and quality, were sought after and the mar-ket was active and strong on that kind. The offerings of everything that would come under that head were soon disposed of at prices that were entirely satisfactory to the sellers. Common kinds and light and thin cattle were not so much sought after, but they sold at just about steady prices. Representative sales: DEEF STEERS. No. Av. Pr. No. Av. Pr. No. Av. Pr. 1.. MOVEMENTS OF STOCKS AND BONDS.

Market Shows Increased Strength and

Market Shows Increased Strength and Activity Yesterday. NEW YORK, Aug. 17.—The stock market showed greatly increased activity today. The strength was somewhat better diffused than has recently been the case, but the heaviest demand was still confined to a small number of stocks. The majority of the industrial stocks were listless and heavy. This was notably the case with the tron and steel stocks except for Tennessee Coal, which has regained 2 points of its de-cline. The bears were disposed to continue the tobacco stocks and Sugar rather se-verely, but even in these the bear cam-paign showed convincing evidence of ex-haustion before the day was over. Sugar ruled above last night's level during the latter part of the day and closed with a net gain of 1%. American Tobacco retrieved its earlier losses and Brooklyn Rapid Transit, though rather foversh or times was bieners if dor

American Tobacco retrieved its earlier losses and Brooklyn Rapid Transit, though rather feverish at times, was higher all day. The characteristic movement of the day was in the railroads. The southern group and the Southern and Central Pacific stocks continued to be the center of strength, with some additions to the former group over those which moved upward yesterday. Louisville was the leader and rose at one time nearly 3 points, closing a simal frac-

NEW YORK, Aug. 17 .- William Neufeldt, who was arrested last night on the charge of having murdered Mrs. Nathan Kronman at her home in this city on August 7, was identified today by pawnbrokers as having pawned some of the jewelry that had belonged to the murdered woman; by the barber who shaved off Neufeldt's moustache after the murder and by a Mrs. Innes, who lives on the first floor of the flat house in which the Kronmans resided. Neufeldt broke down and said: "Its all up with me Place Blame on Motorman. BRIDGEPORT, Conn., Aug. 17 - The jury in the inquest into the cause of the acci-

dent on the Shelton Street Railway com-pany's bridge at Peck's Millpond August , by which thirty people were killed, rendered its verdict today that the motorman of the wrecked trolley car. George S. Hamilton, was guilty of criminal careless-ness and that the Shelton Street Railway company was very negligent. The jury The Nob.-Wyo. L. S. Co.-Wyo. The Nob.-Wyo. L. S.
