TO WELCOME PENNSYLVANIANS

A suitable observance of the day the

ELKHORN ANNOUNCES RATES Hillnois the Omaha packers had to compete with the Chicago market. BOSTON STORE with the Chicago market.

Arranged Early Excursions,

12

Special Trains Will Reach Omaha on the 29th and 30th from Hastings and Superior Branches-Rates in Effect Over Entire State.

General Passenger Agent Buchanan of the Elkhorn has announced that his road will run preliminary excursions into this city or August 29 and 30, for which the low rateapproximating 80 per cent of the one-way rate for the round trip agreed upon by all of the railroads-will be in effect. The first excursion will be on the 25th and will be from points along the Hastings line; the second on the 30th from points along the Superior line. For these two excursions the rates established are on the basis of the 80 per cent agreement mentioned above. Special trains will be run to bring the excursionists into Omaha and will be so arranged as to reach here by 10:25 on the mornings of the days mentioned. The regular trains will be used for the return trips, as the excursions will hold good until September 4.

The Elkhorn has provided to accommo date its patrons along the main line by issuing low-rate excursion tickets from stations Intermediate and including Harrison and O'Neill, to be good on the regular trains. Tickets will be placed on sale on the 28th inst., and it is expected that the regular trains on the 28th and 29th will bring in a large number of exposition visitors from the western and central parts of the state, who will perceptibly swell the crowd of excursionists arriving on the special trains.

The railroads expect that by reason of these low-rate excursions which have already been definitely announced by the Elkhorn, Burlington and Missouri Pacific there will be an unprecedented movement of passenger traffic during the latter part of this month. The inducements which have been made in the way of rates will be followed up by systematic and generous advertising and everything possible will be done to insure large parties from all sections of the state.

Was the present program now stands the exoursions over the different roads will arrive as follows:

August 25-From Falls City and intermediate points, via the Missouri Pacific. August 29-From points north of the Burlington main line in Nebraska, but not in-

cluding the Cheyenne line. From Hastings and intermediate points, via the Elkhorn.

August 30-From points south of the Burstations on the Burlington's Concordia, From Superior and intermediate points, via the Elkhorn

main line in Nebraska and stations on the Cheyenne line

ERIE WANTS SLICE OF TRAVEL.

Has Announced Same Rates to New York as to Philadelphia.

The low rates which have been announced by all of the railroads on account of the National encampment of the Grand Army of the Republic, to be held in Philadelphia, September 4 to 9, insures that there will be a noticeable tendency of travel eastward during the early part of September. Many, perhaps the majority, of the people who take advantage of these low rates, will not do so for the purpose of attending the encampment, but in order to visit the east. Announcement has just been received by the local offices that the Eric railroad wants a share of this eastthe Eric railroad wants a share of this east-

There is a little scheme being talked up nong the retail butchers for forcing down the prices of slaughtered beet. The scheme General Passenger Agent Buchanan Has is to bring all the butchers into co-operation and start up the old abandoned Fisher packing house south of the city, thus making the town butchers independent of the LOW RATES EXPECTED TO CATCH CROWDS South Omaha packers. Those who would push this scheme are hesitating because they expect the supply of steers to increase very soon and the prices to respond by coming down. If this does not happen and if it can be ascertained definitely that Omaha

> buyers are not being treated fairly the competition slaughter house may be started. **BOOKS FOR SCHOOL CHILDREN**

Circulation of Library Books to Carried On on a Larger

Scale.

The distribution of city library books to the juvenile readers of the outlying districts of the city through the schools will be continued during the coming year as last, with a few changes made necessary by the Increased demand for books and the necessity of covering a larger territory. It is the intention of the library authorities to invest \$1,200 in books for this department, for which perhaps 2,000 books can be recured. These will in the main be duplicates of the books for young readers already in the library, as it is desired to avoid the draining of the library itself of any one class of books. The library will continue to

be the place to get books for the children of the central portion of the city. Last year twelve schools were served. This year the number will be increased to twenty, and, as before, the schools distant from the library will be favored. Miss Tobitt, city librarian, does not wish the children within easy walking distance of the library to get out of the habit of using it, but on the contrary prefers that they learn to use it more and more freely. The books purchased for school circulation will be divided into sets of about forty each. The

teachers will not be allowed to choose the books for their buildings, as thus those who came last would find only the less interest-ing books left, but they will be allowed to make a choice of the selections. The books will be delivered and returned at the expense of the school district.

TAKING UP CATHOLIC LOANS

Churches Offered Money at Lowe Rates of Interest than Those Now Paid.

A Chicago paper announces the discovery of a syndicate to be organized for the purpose of taking up the indebtedness of Catholic churches in America at a lower rate of interest than is being paid, being unaware that a company with headquarters at Montreal, Canada, has been doing an extensive business of the kind for the last five or six Hington main line in Nebraska and from years. During the last three or four years the company has extended its operations Oberlin and St. Francis branches in Kansas, into this country and has lately assumed mortgage indebtedness in New York to the amount of about \$2,000,000 and in Chicago

August 31-From points on the Burlington to the amount of about \$1,500,000. A representative of the Montreal company was in Omaha last week and made preliminary arrangements for transacting some business here. His company has a number of plans for raising a church debt, the rates of interest under the different plans ranging from 3 to 5 per cent. One of the plans allows the members of an organization to

borrow money on their life insurance poli-

A Good Luck Cross.

the Erie railroad wants a share of this east-ern business, and in order to get it has nuthorized the same schedule between west-to the man or woman afflicted with dyspepare giving to Philadelphia. The Eric line stamp should cover the neck of the bottle.

Tenth Pennsylvania volunteers will spend in Omaha has been arranged for by the committee of Pennsylvanians appointed for the purpose. The plan as outlined is to have the regiment, numbering 920 men, march from the depot through some of the principal streets of the city, take cars for

the exposition grounds at Fourteenth and Harney streets and reach the auditorium there about 11 o'clock. A welcome will be extended them by Mayor Moores, Presiden Miller, General Manderson and Senator Thurston, Musical numbers will be furnished by Bellstedt's band.

The regiment will then be taken to one of the largest restaurants, where lunch will be served by women of the Pennsylvania club and others who wish to assist. The

remainder of the day will be given over to sightseeing. If possible, the trains which bring the regiment to the city will be run to the sidetracks at the exposition grounds

so that in the evening when the homeward To close out every short length, odd journey is resumed the boys will simply piece and dress length of English henrietta have to go outside the gates to step into

The citizens of Omaha, especially those having places of business along the line o march, will be asked to decorate appropriately with flags and bunting.

Annonncements. The crowds that fill the Trocadero theater nightly are the best possible evidences that the performances given by the new Troca-

dero Opera company are satisfactory to

degree.

when

brightest.

degree. The opera being sung this week, "Fra Diavolo," is one of the most popular

in the modern repertoire and there are few if any theatergoers who are not familiar with its tuneful melodies, of which no one

ever tires, no matter how often they may have been heard before. Tradition has sanctioned the substitution of the beautiful

sextette from "Lucia Di Lammermoor" for the original six-eight allegro movement in

the opera. Its rendition at the close of the second act never fails to receive the

most generous approbation from the audi ences nightly. Next week "La Mascotte."

one of the funniest of comic operas, wil

The Woodward Stock company will pre-sent all next week at Boyd's, beginning with

two performances on Sunday, beginning with revival of "The Musketeers," being an espe-cially prepared version of Dumas' great romance of similar title. The company has been augmented beyond its ordinary strength

for this production, and entirely adequate performances may be confidently expected. Mr. Granger will play D'Artagnan, Miss

ketcers. Messrs. Hal and Will Davis and

Pittsburg & Gulf Notified of the Sev erance of Traffic Relations. KANSAS CITY, Mo., Aug. 17 .- Following the action yesterday of the Santa Fe railway, the Missouri Pacific and the Missouri, Kansas & Texas railroads today notified the Kansas City, Pittsburg & Gulf officials that at the termination of the ten-day limit they will sever all traffic arrangements with the latter road. It is predicted that other roads will follow suit. The boycott is the result of the fight over differentials to seaboard. J. A. Hanley, freight traffic manager of the Pittsburg & Gulf said today that he had the assurance of three systems entering Kansas City that they would stand by his road.

Railway Notes and Personals. General Passenger Agent Lomax of the Union Pacific left last night for a short

yesterday and will accompany the Missouri editors on their trip to St. Paul.

S. F. Randolph of St. Louis, representing the Baltimore, Ohio & Southwestern rail-way, and Colonel H. H. Marley, Kansas City, of the Michigan Central, are a couple of Missouri traveling passenger agents who have been in the city the last day or two.

The Burlington provided a special car for the Missouri editors who came in from Kansas City yesterday to visit the ex-position. The car was transferred to the Chicago, St. Paul, Minneapolis & Omaha here, over which line the editors will com-

The Missouri Pacific will open its expo-sition station Monday at Twenty-fourth street and Ames avenue, and after that time all passenger trains will stop there in order to give exposition visitors an opportunity to disembark without coming into the city. The station is also opened at this time in order to be in operation when the big ex-cursion from southern Nebraska comes in over the Missouri Pacific on Friday of next

SHARP ADVANCE IN MEATS Restaurant Keepers Complain of

Making Nothing with the Present Packing House Prices.

The juicy beefsteak and the toothsome pork chop will come high in Omaha within a few days if the packers continue their present scale of prices. Restaurateurs say that they are making nothing on meats at the present time and that they will be obliged to make a sharp advance in the prices quoted on the bill of fare unless fatted steers come out of the west in a hurry.

The scarcity of fatted steers has led th packing houses to advance prices within the last week and their prices are called ruinous by the restaurant men. There is some reason for the raise on beef, as the market is now supplied mostly with cows and calves and receives but few fatted steers, the mainstay of the beef supply, but why the price of pork has been one has advanced been able to say. The Omaha butchers and large meat consumers, moreover, believe that they are discriminated against by the packers and that the latter are shipping meat away and delivering it in other towns at less than the prices charged here. A restaurant min states that he received a letter from a man engaged in the same business in Peoria, Ill. who said that he had picked meat from a car shipped from Omaha and had paid less for it than the prices quoted in Omaha. He accounted for this by the supposition that in

Mortality Statistics.
