No Ill Results Expected from the Trip in a Special Train.

His Needs Are Now Perfect Rest and Quiet Which Will Bring About a Complete and Speedy Recovery.

NEBRASKA CITY, Aug. 17 .- (Special Telmoved to his home in this city today, arriving by special train at 1 o'clock. He stood Brewster; judge, A. J. Male; surveyor, the discomforts of the trip admirably and Willis Ball; coroner, S. H. Craig. no ill results are expected to result from it. He expressed himself as being highly pleased to be at home once more.

Dr. E. M. Whitten, the senator's family physician, is free and pronounced in his statement that all danger is past and that all the patient needs now to bring about quiet, which will enable him to regain his strength.

Hayward Much Improved. BROWNVILLE, Neb., Aug. 17 .- (Special Telegram.)-The condition of Senator Hayward at an early hour this morning was very much improved and his family thought that they might be able to remove him to Nebraska City during the day. The attending physicians, however, were not quite willing to accede to this request until after 10 given for the journey. A special train was at once provided and every effort made to give the senator as easy a trip as was possible. Just before noon the preparations were completed and the injured man was driven very carefully to the depot. No ill effects were noticeable from the transfer to the train. The physicians consider that the

#### FALLS INTO A CORN SHELLER

Horrible Death of the 12-Year-Old Son of Samuel Bangs at Beatrice Yesterday.

BEATRICE, Neb., Aug. 17 .- (Special Telegram.)-Frank, the 12-year-old con of Sam Bangs, living on Second street, was instantly killed by falling into a corn sheller at Black's elevator this afternoon. The boy had been in the habit of jumping on to the wagons running into the elevator from the big cribs across Market street, from where the corn was taken to be shelled. The sheller is a big affair and is operated by steam. It is located in the basement and the corn is dropped from wagons through a trap door. A wagonload of corn had just been driven in and the trap was opened to receive the corn. Bangs' boy stood with his back partly toward the trap and a gust of his hat he slipped and fell through the trap into the sheller and was caught by the mbowled. Death was instantaeous and his body was horribly lacerated.

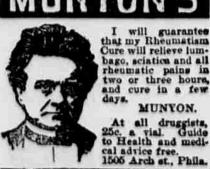

Cuming County Old Settlers' Pienic. WEST POINT, Neb., Aug. 17 .- (Special.)-The annual celebration and picnic of the Cuming County Old Settlers' association held here today was the biggest thing in the history of the society. The parade was especially fine. The merchants of the city vied with each other in turning out the most Cadet band in the musical part of the program. After dinner an eloquent oration was delivered by Senator Van Dusen of South Omaha and speeches made by a number of old settlers, contrasting the present times with what befell them as ploneers. Games and sports, ad libitum, were indulged in to a late hour, and the afternoon sports were interspersed with outdoor theatricals, cake walks and juggling. A display of Paine's fireworks was given in the evening.

"Coin" Harvey at Pierce. PIERCE, Neb., Aug. 17 .- (Special.) -- About fifty men, a number of women and some children were at the opera house last night to hear "Coin" Harvey deliver his address on "Law and Civilization." A number of republicans also came out to hear Mr. Harvey, knowing he had a national reputation and thinking they might hear something new on the silver question. They went away disappointed, for the speaker advanced the same old theories that were heard in 1896 and were then as well as now proven to be false. A few of the democrats were also disappointed in the speech. Harvey said he could not see any prosperity, yet if he had taken a drive through the country and seen all the dwellings and barns that were going up he might be able to see the difference between Clevland panic and McKinley prosperity.

Claims He is an Omaha Man. PONCA. Neb., Aug. 17 .- (Special.)-County Attorney J. M. Hench and Sheriff H. H. Hart returned from Wakefield today and brought back with them a man who claims his name is Edwin C. Oakley and his home Omaha. The officers were called to Wakefield upon a telegram from Detective M. D. Bresnan, who is in the employ of the Omaha railroad, who had effected Oakley's arrest after an exciting chase across country for assaulting and robbing a very youthful Assyrian peddler on the train just outside of Wakefield on Monday evening last.

Recognition is Deserved. CRAWFORD, Neb., Aug. 17 .- (Special.)-The appointment of Lieutenant L. H. Dorrington as a lieutenant in the regular army is a very proper recognition of the loyalty and fitness of one of Nebraska's very popular and competent young men. When President McKinley called for volunteers Lieutenant Dorrington locked his office door and pinned on the same the announcement "Gone to War." He sacrificed a lucrative

business. Chautauqua at Auburn AUBURN, Neb., Aug. 17 .- (Special.)-The success. But few are camped on the grounds, yet the attendance is so large that the manager feels that he will get safely through. The disappointment over the

counties brought to an average on the re- sent to Carnegie for treatment. To Return to Erin's Isle. PITTSBURG, Aug. 17.—Rev. John T. Murphy, C. S. Sp., for thirteen years president of Holy Ghost college, in this city, has been recalled to Irefand by his superiors and has been appointed professor in the That as an assessment board of corporate Black Rock college, in the suburbs of Dubproperty it is the duty of the board to lin. assess such property, and then to, as an Rock college twenty-seven years ago.

Wonderful Development of the Keystone District Attracts Attention.

ORE LOW GRADE, BUT THERE IS LOTS OF IT

Construction of the B. & M. Into Keystone Will Afford Considerable Relief-Mines Are Being Opened Up Every Day.

KEYSTONE, S. D., Aug. 17 .- (Special.)-The wonderful development of this mining district is fast attracting the attention of mining investors. No boom has ever struck this camp and none is desired, for the reason that this district is substantial in every particular. The ore is low grade, but the question of sinking deep, thus showing up the HURON, S. D., Aug. 17 .- (Special.) -- Edledge or vein, then building milling capacity ward Beaumont was arrested vesterday and to mill the ores. Most of the ores are confined \$20 for grand larceny. At the trial centrating ores, but in many cases from 20 It appears that Beaumont and Mrs. McCul- plates. The surface generally shows from pid liver, billousness and spells of dizzlness." development work has been carried to a Yellow Tablets and sell at fifty cents a box. depth of 100 feet and over the values have increased to from \$3.50 to \$7 per ton.

As the hills are usually from 150 to 500 feet high, it is quite usual to run tunnels and cut the ledges or veins at a depth of interested in this. Mr. McCullough began from 100 to 300 feet from the apex. It is quite by John Morrow & Co., Chemists, Springfield, common to find ledges or veins from four to twenty-five feet wide at these depths and in all cases where greater depth has been reached the ledge or vein has been found to widen materially.

These statements have been proven by the workings of the Holy Terror, Keystone Bismarck, Bullion, Ranger and Big Hit mines. The Holy Terror is the only developed "high grade ore" mine in this district, and this mine is so rich that up to date, having been operated for four years, has made millionaires of a number of men of moderate means. This mine is now working at the 700-foot level and retains its wonderful richness, and has ore enough in sight to pay enormous returns for a great number of years. This mine is owned by John S. George and associates of Milwaukee,

#### Keystone is Low Grade Orc.

The Keystone mine lies alongside of the Holy Terror mine, but is almost a perfect opposite from the latter, as the Keystone is low grade ore, running from \$3.50 to \$7 per ton, and the ledge or vein is from fifty to eighty feet wide. The workings have now reached the 250-foot level and the values are increasing. This mine was originally developed by ex-Congressman D. S. Hall, Lane K. Stone, Marcus Johnson and associates of Minnesota, who recently sold this mine to the Holy Terror Mining company for a reported consideration of \$250,000. Both the Holy Terror and Keystone mines have milleighty feet wide. The workings have now Holy Terror and Keystone mines have milling plants of the latest improved machinery and additional capacity is being considered.

The Bismarck mine is situated a distance of about 1,800 feet northwest of the Holy Terror and Keystone mines, and is now working at the 200-foot level. This ore runs from \$5 to \$8 per ton, and the ledge or vein is now about twenty-five feet wide and in-Marshal Carlton of Sioux Falls, who has creasing in width and values as the workings been on the track of the Chinese who es- go deeper. New veins or chutes of ore are being encountered that produce "specimen"

The Bismarck has the only purely concenidentification papers. The case was tried trating mill in this district. This mill has a capacity of 200 tons per twenty-four hours and was constructed by Peck Bros. of Chisuspicious circumstances, and he was there- cago, who completed the construction about thirty days ago, since which time the mill has been operating to the satisfaction of the builders and mill owners. It is reliably reported that an assay of the tailings does not show a trace of gold. This is remark-

The Bismarck is controlled by Mr. John Barth and associates of Milwaukee, who their property and are now reaping their reward, much to the delight of the citizens of this district, for Mr. Barth and his associates have the confidence and good wil of the community.

Many other properties are in an advanced state of development, and all showing good veins and substantial values, among which might be mentioned the Bullion, Big Hit, Ranger, Lucky Boy, Columbia, Krupp and Gold Hill, Egyptian group, Ida Florence, gram.)—The local land office today received Grand Island, Caribou, Golden Rod. Bellenotice that the record had been cleared to vue, Tom Custer, Cross mines, Verrig mines, Rex, Vulcan, Juniper, Psyche group, Silver Crow Creek reservation in the eastern part | Queen group, Wheelock group, and many of this county and the same is now open to others, details of which will be mentioned

Tykoon Group of Mines.

Special mention should be made of the development work now being done upon the "Tykoon group." This property is owned by Mr. Faulk, proprietor of the Cedar Rapids Gazette. Mr. Faulk and family are now sojourning in Keystone.

The construction of the B. & M. railroad into Keystone has commenced and will be pushed as fast as possible. This will give to this district much relief from the burden some freight charges and inconveniences of getting machinery into this district, and will give the camp an impetus that will increase the population of Keystone and advance the mining development of this district. A conservative mining man has predicted

that in ten years there will be more mining machinery in operation in the Keystone district than in any mining district of equal area in the United States. Fuel has been one of the annoying features of operations here, but the arrrival of the first train will eliminate that vexed question, for coal will be delivered here at moderate prices. Mr. John T. Jones, the well known from

miner of northern Michigan, has the bond on the Lucky Boy and Krupp and Gold Hill mines, and is expected here soon to prepare for operations as soon as the railroad is in. Mr. Malony of Cripple Creek, Colo., has a bond on the Egyptian group. This is considered a very promising property. Mr. J. A. Boggs, formerly of Minnesota

has a bond on the Ranger mines and is preparing for active work. Mr. Harry F. Chipman and associates of Detroit, Mich., have a bond on the valuable

copper properties of J. F. Barker and associates. This is considered one of the most promising copper properties in the Keystone Mr. Herman Reinbold of Omaha is mining 'spudemene ore' from the Etta tin mine

This deposit is considered the most valuable and largest deposit of "spudgnene" in the United States. The property covered by the Harney Hydraulic Mining company, known as the Harney addition to Keystone, has been purchased by Mr. John S. George and associ-

ates of the Holy Terror Mining company, and they have disposed of the right of way to the B. & M. railroad through this addi-The valuable residence property owned by in the southern portion of town, is about to be platted and placed upon the market. A very promising ledge of galena ore has been found on the McMillan property south

Train Crew Fights Tramps. HERMOSA, S. D., Aug. 17 .- (Special.)-The trainmen on the northbound freight on the Elkhorn had a fight last night with half a dozen tramps who attempted to board the train. One hobo drew a gun on a brakeman. All of the train erew got together and made a rush at the tramps and corralled them in the depot, where they were held until outside help came. One of the tramps escaped through the window, going through

the glass, which cut him badly.

of the Big Hit mines. Ore from this find

assays 20 per cent lead, 10 ounces in silver

#### WHAT IS THE USE. No Need to Go Through Life a Sufferer.

Means of Relief is Near at Hand and Recommended by People You Know.

What is the use to go on suffering from kidney backache, nervourness, sleeplessness and dizziness when a fifty-cent box of Morrow's Kid-ne-oids will cure you? Probably you have not heard of Kid-ne-olds ,so if you will read this statement it will pay you ten-We give you as reference Mrs. J. C. Davis of 606 South 30th Ave., who says :-"My husband is shipping clerk for the Wilhelm Wholesale Hardware Co. He has complained for some time of a dull lingering pain across the small of his back and was quite nervous and restless at nights. The pain in his back was more severe at nights and he also comquantity is so large that it is simply a plained of rheumatism. Learning about Morrow's Kid-ne-olds, he procured some and took them according to directions and was seen entirely relieved of all his former troubles. I am using Morrow's Liver-lax and to 40 per cent free gold is saved upon the find them to be an excellent remedy for tor-Morrow's Kid-ne-olds are not pills, but

Morrow's Liver-lax are small red granules and sell at twenty-five cents a box. Both remedies can be purchased at all drug stores and from the Myers-Dillon Drug Co. -Mailed on receipt of price. Manufactured

## Nature's Strength for Weak Men

If you suffer from any weakness peculiar to men-one of the disorders, the direct result of youthful indiscretion or excesses in later years - the

very worst possible

thing you can do is

is applied by the

greatest of remedial

is to put drugs into your stomach. The medicines all doctors use for these diseases - morphine, damicantharides, ana. strychnia, phosphorous, etc.-are deadly poisons-they stimulate or deaden—they cannot cure. There are a great many more drug wrecks than alcoholic wrecks. I am telling you the truth-no one can deny it. I offer you the only natural remedy for all weak men and women -ELECTRICITY - and I absolutely guarantee a permanent cure where the Electricity

#### agents DR. BENNETT'S ELECTRIC BELT

You get Electricity by treating with my Belt in its purest form. There is no possible chance for it to injure you. It does not stimulate. It must strengthen. To get good results from Electricity, you must have constant application several hours at a time. You cannot do this with the batteries used in doctors' offices. It would keep you away from your business. My Belt does not bother you a bit and you can work, ride, jump or run with it on. I have known for many years that Electricity was the greatest curative agent that would ever be known. I do not give drugs at all now. I could make more money if I did. It does not cost anything to write a prescription. I devoted a good portion of my life and money in perfecting my Electric Belt. I do not promise it to cure you-I guarantee it. The prices of my Belts are within the reach of all the afflicted. You can rest assured my Belt will not burn or blister you, as do all the other kinds of Electric Belts. It has soft, silken, chamois-covered sponge electrodes that entirely do away with the burning. They can be renewed when worn out for 75 cents-no other belt can be renewed for any price. Guaranteed to cure Sexual Impotency, Lost Manhood, Varicocele and all Sexual Disorders; restore shrunken or Undeveloped Organs and Vitality; cure Rheumatism in any form; Kidney, Liver and Bladder Troubles, Constipation, Dyspepsia, Female Complaints

Call at my office if you live in the city. If out of town, write me, sacredly confidential-and I will send you my symptom blanks, books and literature. My Electric Suspensory for the various weaknesses of men FREE to every male puchaser of one of my Belts. Consultation and advice with-
