

# OXYGENOR Annihilator of Disease Supreme

Thousands of Sufferers—"Strangers to Health"—Redeemed and Restored to Pristine Vigor by the "Perfected Oxygenor-King." Omaha People Rapturously Applaud the Truly Marvelous Achievements of this Scientific Healing Instrument, and with Peans of Praise Unqualifiedly Recommend it to Suffering Humanity.

## Powerful Indorsement by Judge Bradley, of Omaha.

OMAHA, Neb., May 9, 1899.  
TO THE NEBRASKA OXYGENOR CO., Omaha, Neb.:  
My attention was called to your method of treating diseases and at once interested me, as it seemed to me that you had arrived at the surest and most rational means of curing disease that I have ever heard of, and I made up my mind that if anyone in my family should have need of medicine I should try this Oxygenor remedy. About the last day of April my wife was attacked with severe pains in the right arm, which, from her prior experience, she called rheumatism, and it grew so severe that her arm became powerless, and she was in constant pain with it, so much so that she could neither rest nor sleep. I at once procured one of your Oxygenors and applied it and the pain ceased. She slept well and on the morning following the pain had left the arm and she experienced only a slight trace of it during the next day.  
She has used the Oxygenor not one week and she has not only been freed from pain, but says she feels better than she has for a year past. No medicine was taken during this time, and nothing done but to use the Oxygenor. It is entitled to the full credit for having cured her.  
If the people of Omaha who today are afflicted with rheumatism alone know how simple and effective cure can be made of this torturing disease by using one of your Oxygenors, you could not begin to supply them as fast as you would want them.  
Yours respectfully,  
L. H. BRADLEY, 518 and 519 Paxton Block.

Cures While You Sleep.

## Cured Rheumatism of Twenty Years Standing

OMAHA, Neb., August 12, 1899.  
NEBRASKA OXYGENOR CO., Omaha, Neb.  
Dear Sirs:  
This is to certify that I have been a constant sufferer from Rheumatism for the last twenty years, and have doctored with the best talent that the profession affords, but all to no purpose. Also have tried a great many patent medicines, but got no relief. Through the advice of a friend I was induced to try the Oxygenor remedy.  
I purchased an instrument in March and have been greatly benefited from the use of it. I now sleep well and have not had a severe attack for some time.  
I am confident that with the continued use of it I will be entirely cured. So I consider the instrument worth its weight in gold to me.  
Respectfully yours,  
J. C. CHUMBLEY, 621 Pierce St.

## Lutheran Pastor Cured of Catarrh and Dyspepsia

MARSHALLTOWN, Ia., May 19, 1899.  
THE NEBRASKA OXYGENOR CO., Omaha, Neb.  
Gentlemen:  
Permit me to say a few words of the great merits of the Oxygenor. I was a great sufferer from Catarrh and Dyspepsia for many years and was almost unable to attend to my pastoral work. Last fall I got an Oxygenor and had not used it a week before I felt like a new man, and have been feeling well ever since. I have used it in my family for Colds, Croup, Tonillitis, La Grippe, and other ailments and it never failed. I also know it to have cured Rheumatism, Lumbago, Pneumonia of the worst kind in less than a week. In Typhoid Fever, Neuralgia and Liver Diseases it effected a cure in less than one-fourth of the time it takes to cure by other methods. I have seen so much work of the Oxygenor that I am confident it will cure every kind of disease that is curable and do it in much less time than by medication.  
I consider the invention of this wonderful instrument to be the greatest blessing that has ever been offered to the suffering humanity. It is also the cheapest kind of investment, for when you have bought one of these instruments you have both doctor and medicine.  
I would recommend all sufferers to get one of these valuable instruments at once and secure relief from pain and suffering. Yours very truly,  
(REV.) J. A. PROST, (Lutheran Pastor.)

## Unqualified Endorsement from a Prominent Omaha Clergyman.

Omaha, Neb., Aug. 15th 1899  
Charles G. Taylor,  
Pastor of the Lutheran Church,  
218 and 219 Grand Street,  
Omaha, Neb.  
Gentlemen:  
I find pleasure in saying frankly, "I know of no discovery in the scientific world, this 19th century, that has brought so much real benefit to suffering humanity, and that promises so much future benefit, as the Oxygenor King, Perfected."  
I know enough about it to say: "If we could not obtain another, money could not buy ours. It is indeed a wonder."  
Blue Monday would soon become unknown, if all preachers would own, and intelligently use the Oxygenor. Abolish your blue Monday: Wear your Oxygenor King on Saturday night, and you will go through the labor of the Lord's day, feeling like a new man.  
You will preach with more power, more ease, and more effect, and go home, after church at night, to rest and refreshing sleep.  
Your strength will not fail you even on Monday. Try it and see.  
Yours for Healthful Righteousness.  
Charles G. Taylor

## Pure Oxygen, "The Potent Elixir of Life"

Most abundant of all the elementary substances—is the element employed—the only remedy provided by nature to cure all ills.

The OXYGENOR, through diamagnetic attraction of the capillary circulation, causes the human organism to rapidly absorb Oxygen from the air, through the lungs, membranes and skin.  
By this absorbing process the whole volume of blood becomes thoroughly oxygenated or chemicalized, thus supplementing lung respiration by copious streams of Oxygen into all the organic structure—not an atom slighted, nor an organ neglected.  
Such oxygenation intensifies vitality and the organic process of life; fosters heroic functioning of every organ, followed with free elimination of all morbid and diseased matter, ending in rapid, pleasant cure, without regard to form, and in complete invigoration.  
Oxygen is life, and the proper amount of it renders the system unsusceptible to disease.  
The Oxygenor is sold for self treatment and the possessor can defy disease, and is as independent as though it did not exist.  
The Oxygenor may be relied upon to stop any acute disease (contagious or otherwise) before it develops far enough to receive a name. For economic reasons, if for no other, no family can afford to be without an Oxygenor constantly at hand. It will save hundreds of dollars annually that have heretofore gone to pay heavy expenses during illness, and loss of time from business.  
All chronic diseases (if they have not reached the incurable state) rapidly yield by this method of treatment by the Oxygenor. Nine-tenths of Oxygenors sold are bought by persons suffering from chronic ailments, who have almost exhausted money and patience on many ineffectual remedies, but who have regained their health through use of the Oxygenor alone.  
The Oxygenor is manageable by even a child. Its mode of operation is simple. It will last a lifetime and will serve the entire family if not all sick at once. In short, the Oxygenor is a health and life preserver, a money saver, childhood's friend, old age's joy.  
This is an age of invention and if you desire to enjoy its munificence you must be up-to-date, and not be caught straggling behind the times.

## How Does it Cure?

Electricians have known for years that any body connected with the earth by means of a conductor, like a wire, soon becomes "negative." The earth attracts the positive fluid from the body, and as all bodies have both positive and negative electricity in them, when one is withdrawn the other remains.  
We now know that difference of temperature lies at the bottom of this transfer. Hence, if the plate of the "Oxygenor" be attached to body and the metal cylinder, or "generator" be placed in a temperature cooler than the body (as in ice, cold water or air), the positive fluid leaves the body and goes to the colder substance, thus leaving the body "negative." So much is pain.  
Now we are surrounded by air, four-fifths of which is free oxygen gas, and oxygen has a strong affinity for the negative state.  
Therefore because you are connected with a colder substance, because that colder substance draws the positive fluid from you, thus leaving you "negative," because the air is touching your body at all points, because the oxygen of the air is free and has an affinity for the negative state—you ABSORB THE OXYGEN THROUGH THE SKIN, MEMBRANES AND TISSUES. The colder the substance with which you are connected, the more rapid the transfer of positive fluid, the stronger your egative condition, and the more intense the absorption and action of the oxygen.  
Right here lies the secret of health. The element which assists every organ and harmonizes all is OXYGEN. Given plenty of oxygen, "WITH THE POWER TO ASSIMILATE IT," and the system, even though badly deranged, rights itself.  
But once overloaded, with drugs, or the poisons produced within our own bodies, by perverted organs, our systems cannot accept the Oxygen so generously tendered by MOTHER NATURE. They refuse the proffered boon, and we languish or die.  
The PERFECTED OXYGENOR KING supplies the missing principle, and enables our tired and over-burdened body to use just as much Oxygen as it is in perfect health. If you then live in accordance with the laws of health and occasionally use Oxygenor to set you right, you ought to enjoy long life, with all of its richest blessings.

## Faith or Imagination

Has nothing to do with it. You might as well step out of the window, saying that you do not believe gravity will pull you to the ground as to use the Oxygenor properly and try to prevent its action by your unbelief.  
The action is positively scientific, and absolutely inexorable, as the attraction of gravitation. Make no mistake about this. It is not omnipotent; will not restore lost organs, but it will perform the ultimately possible, without exceptions. So it is not an experiment in your particular case—it will certainly do good within the limits and conditions already stated—just as certainly as you faithfully use it.

Call at the office or write for descriptive books, fully explaining the "Perfected Oxygenor King."

## Is Certainly a Boon to the Afflicted

OMAHA, August 12, 1899.  
NEBRASKA OXYGENOR CO., Omaha, Neb.  
Gentlemen:  
This is to certify that I have used the Perfected Oxygenor King in my family with very beneficial results.  
It has been used by different members of our family for nervous debility, nervous dyspepsia, and other minor troubles, and it has never failed in a single instance of doing everything expected of it.  
I can unhesitatingly recommend it to any one in ill health, as I am thoroughly convinced from my individual experience with the instrument that it will do all claimed for it, and it is certainly a "boon to the afflicted."  
MRS. N. G. BESS, 1415 Chicago St.

## Oxygenor Cures Rheumatism and Erysipelas

OMAHA, Neb., August 1, 1899.  
NEBRASKA OXYGENOR CO., Omaha, Neb.  
Gentlemen:  
I was taken with rheumatism and erysipelas in my foot, and there was danger of it being serious. Having had the doctor for some time and not improving, a friend advised me to try the Oxygenor, which I did and found relief right away.  
It also cured me of constipation and other diseases. I can heartily recommend it to anyone who is sick and wants help.  
Yours truly,  
MRS. H. BREWER, 1130 N. 18th St.

## An Intelligent Farmer Testifies

WATERLOO, Neb., June 14, 1899.  
NEBRASKA OXYGENOR CO., Omaha, Neb.  
Gentlemen:  
This is to certify that I have used the Oxygen treatment in our family and it has done effective work in colds, fevers and la grippe.  
I have perfect confidence in the instrument and think it capable of doing everything claimed for it.  
In this instrument I believe I have made a fine investment, as we have no need of medicine and prescriptions. I would advise every farmer to procure a machine.  
Yours Truly,  
S. S. LUTON.

## "Hay Fever Cured" by the Oxygenor. From a Popular Passenger Conductor of the F. E. & M. V. Ry

HASTINGS, Neb., Aug. 15th, 1899.  
NEBRASKA OXYGENOR CO., Omaha, Neb.  
Gentlemen:  
I have been an intense sufferer from hay fever for the past six years. I was persuaded to use one of your Oxygenors, which I used with little faith, but a great deal of skepticism, for I had tried everything recommended for this torturing disease with no permanent benefit.  
The Oxygenor cured me in five weeks, without the loss of one hour's time, and I am feeling better than I have for several years. I believe it will do all you claim for it. I can heartily recommend the Oxygenor, especially to hay fever sufferers.  
F. M. WHITNEY.

## From One of Omaha's Popular Business Men

OMAHA, Neb., Aug. 8, 1899.  
NEBRASKA OXYGENOR CO., Omaha, Neb.  
Gentlemen:  
I willingly add my testimony to the many you have already received regarding the beneficial effects following the use of the Oxygenor.  
My experience in the use of the Oxygenor is such that I feel warranted in saying that I believe if used according to directions and will accomplish all that is claimed for it.  
Many of my friends have used the Oxygenor for various ailments with very gratifying results, and I unhesitatingly recommend the Oxygenor to all those not enjoying good health.  
Respectfully yours,  
WILL J. STEVENS, 925 South 30th St.

## From His Honor, The Mayor, of Cedar Rapids, Iowa

OMAHA, Neb., Aug. 8, 1899.  
NEBRASKA OXYGENOR CO., Omaha, Neb.  
Gentlemen:  
I am pleased to express my hearty approval of the good work performed by the Oxygenor among my friends and acquaintances in this city. My individual use of it as a remedy warrants me in saying it is a perfect and speedy remedy for colds, exhaustion, headache and minor troubles. I know also of a miraculous cure of a case of pneumonia due to the use of the Oxygenor alone and I hear it heartily commended by scores of our business and professional men as a remedy for rheumatism, neuralgia and different ailments.  
It is certainly worth many, many times its price and is a remedy that no family should be without. Yours truly,  
JOHN M. REDMOND, Mayor.

## Childhood's Friend and Protector.

OMAHA, Neb., August 10, 1899.  
NEBRASKA OXYGENOR CO., Omaha, Neb.  
Gentlemen:  
I have used your "Oxygenor" for the past few months and can truly say it is a wonderful machine. I was helpless when I began using it, but soon was able to do my housework without any trouble.  
I can cheerfully recommend it to all sufferers. I am only too glad to be given the opportunity of recommending it, for it has been a Godsend to me.  
Yours Very Truly,  
MRS. G. A. MCKAY, 511 N. 18th St.

## From Two Old and Respected Citizens of Omaha

NEBRASKA OXYGENOR CO., 342 Chamber of Commerce, Omaha, Neb.  
Gentlemen:  
This is to certify that we have used the Perfected Oxygenor in our family with the most gratifying results.  
We believe the Oxygenor capable of curing any disease that is curable, and we implicitly rely upon it, in every emergency, and it saves much time and suffering. It also saves much money that had heretofore gone to pay doctor's and drug bills.  
If we could not get another, \$500.00 would be no temptation for us to part with it.  
MR. THOS. BONNER, MRS. ELIZA BONNER, 1323 Cass St.

## Endorsed by J. S. McKenney, Vice-President of the Motor Vehicle Co., Chicago.

Authorized Capital, \$250,000  
J. S. MCKENNEY, President  
The Motor Vehicle Company,  
Manufacturers of  
Electric and Gasoline Motor Vehicles,  
Storage Batteries, Gasoline Engines,  
Bicycles, Sewing Machines,  
Parts and Fittings.  
HEAD OFFICE:  
364 WABASH AVENUE, CHICAGO, ILL.  
Chicago, June 6th, 1899.

The Oxygenor Co., Chicago, Ill.  
Gentlemen:  
During the last month I have suffered intense pain with neuralgia in the right side of my face. It became so severe that I could neither eat nor sleep and it effected my eyes, ears and teeth entirely incapacitating me for business.  
I tried various remedies without obtaining a particle of relief. Finally a friend suggested "The Oxygenor," saying that he knew of his own knowledge that it had performed many remarkable cures of various diseases and although strongly suspecting that it was only another one of the many medical fads of crazes, his enthusiasm was contagious and his statements proved so convincing that I procured a "Perfected Oxygenor King" at your general office and applied it immediately after reaching home.  
I was both surprised and pleased to find that it relieved me of all pain the first night. I applied it again the following night with the result that it effected a perfect cure. It is certainly a wonderful medicinal discovery. I shall always keep it handy for similar attacks.  
It affords me great pleasure to recommend it to all suffering humanity for anything which can cure neuralgia ought to be able to cure practically all other diseases and my faith in the potency of the Oxygenor as a curative agent is almost unlimited.  
Wishing you every success, I am,  
Gratefully yours,  
J. S. MCKENNEY
