

MORE TALK OF ABSORPTION

Rumor that Milwaukee Will Absorb Iowa Central Hots Up Again.

CENTRAL OFFICIAL MAKES A STATEMENT

Manager Martin Authority for Report that Plan of Absorption Has Been Submitted to Milwaukee Stockholders.

The Milwaukee road is attracting the chief interest in western railway men at this time. With its withdrawal from the passenger association and the report of its intention to absorb the Iowa Central road there is plenty of material provided for speculation. The latter proposition, in case it is carried to a successful completion, means much for the Milwaukee line.

The report that such a combination is to be made is founded on the statement of General Manager Martin of the Iowa Central, who, when questioned regarding the reported absorption, stated: It is true that negotiations are pending for the absorption of the Central by the Chicago, Milwaukee & St. Paul.

Local officials of the Milwaukee express the hope that the oft-repeated rumor that the Iowa Central is to be absorbed may this time turn out to be true, as it would be a most valuable addition to their line.

Another report in circulation regarding the Central is that it is to be disposed of to the Milwaukee and Burlington, separate portions of the road going to each, but this is hardly probable, as General Manager Martin's statement that the Milwaukee line is considering the proposition of complete absorption is generally credited.

Nothing new has developed in local circles concerning the withdrawal of the Milwaukee from the Western Passenger association.

INITIAL EXCURSION A SUCCESS.

Missouri Pacific Brings in Big Crowd from Limited Territory.

General Agent Phillips of the Missouri Pacific was more than pleased yesterday when the special train carrying the exposition excursionists from Falls City and intermediate points arrived at the exposition depot at time and deposited between 550 and 600 people.

The excursion would have been larger had the day been more propitious. At all points touched by the special train the weather was decidedly threatening and many of the low rates and the exhibition changed their minds. In view of this condition Mr. Phillips was especially well pleased with the crowd.

The success of the Missouri Pacific excursion has encouraged the roads which will run special trains into Omaha next week and they are confident of crowds proportionately as large as the first one which has arrived.

The territory covered by the Missouri Pacific was much smaller than any from which the other roads will draw their patronage.

OUTSIDERS WILL JOIN IN WELCOME.

Railroads Announce Low Rates on Account of Soldiers' Reception.

Through the generosity of the railroads the reception of the First Nebraska regiment on its return to the state next Tuesday will not be confined to the citizens of Omaha. A meeting of the passenger agents of all the Nebraska lines was held this morning and it was decided to put in a special rate next Tuesday on the fare plus 5 per cent, from all points in Nebraska; limit of tickets seven days. These rates will be operative at all points, with the exception of stations in those districts on the Union Pacific, Elkhorn and Burlington from which special preliminary excursion fares have already been announced for that day, and for which special rates have been made.

These districts are as follows: Union Pacific, points on main line, Burlington, points north of the main line in Nebraska, but not including the Cheyenne line, Elkhorn, from Hastings and intermediate points.

The railroads have named these low rates purely for the benefit of the outside friends of the boys of the "Fighting First," who will undoubtedly come to Omaha in large numbers on the reception, and in order to join in the welcoming festivities.

NO COMPROMISE WITH WAR

William Lloyd Garrison's Trampet Call for Peace Before the Universal Peace Union.

MYSTIC, Conn., Aug. 25.—Fully 3,000 people attended the third session of the annual meeting of the Universal Peace union and the Connecticut Peace society in the Peace temple here today.

At the morning session President Love delivered a brief address on the Philippine situation. Other addresses were given by J. H. East of Boston, Mrs. Comery of Philadelphia and Mrs. Hannah White of Lebanon. At this afternoon's session the principal address was by William Lloyd Garrison of Philadelphia, who took for his theme, "No Compromise With War."

Garrison's Speech.

Mr. Garrison spoke in part as follows: A year ago when in the interest of peace we met upon this spot, the war with Spain was in full blast. Then, in the national eye, a Spaniard was the type of treachery and oppression; the noblest of the suffering Cubans bled our hearts.

What space a twelve month covers. The Spaniard is no longer a monster, but respected as a brave and gallant warrior. The Cubans, then patriots and statesmen, now in the opinion of the military experts and politicians are people incapable of governing themselves.

A war with the device of freedom and civility on its banners has developed into conflict for conquest and baseness. The Hague the convalescence of the great powers was each eagerly engaged in plundering schemes of its own.

It is strange that the international conference failed? Could not the armed savagery of the Philippines that threatens America, the savagery that Theodore Roosevelt represents, have been prevented. Had William McKinley, understanding the needlessness and inequity of the war fought by the United States, declared his high office rather than to prostitute it by subservience to wrong, he would have made a niche in the world's pantheon.

Had John D. Long, a man of finer quality than the president, and in touch with the private citizen, rather than abet the outrage, the victory of Manila would have paved in comparison. Political independence, however, has not been wanting as is demonstrated by the vegetable party adherents as Hoar, Boutwell and Edmunds—all honor to them. But we look in vain for a single instance when a man before it was a (talent) commissioner, declared Massachusetts manhood more precious than the secretaryship of the navy and surrendered his portfolio, he would have occupied a place in her love and respect no less forever.

Had Admiral Dewey, the one man in military history who distinguished himself in his deconstructive profession, refrained from self-laudation—had Admiral Dewey, in protest of the Philippine betrayal, retired from the quarterdeck to private citizenship, rather than abet the outrage, the victory of Manila would have paved in comparison. HEIRESS APPLIES FOR AID

Stranded in Chicago While Prosecuting a Search for Her Son.

CHICAGO, Aug. 25.—Mrs. Anna Bolin of Miami, Mo., claiming to be one of 500 heirs to estates valued at \$7,000,000, is being cared for here by the police.

She carries copies of documents which she claims show her descent from William Ball, a great uncle of George Washington who owned 485 acres of land in and about Philadelphia. In 1740 he died, leaving the property to his children, William, Samuel, Joseph and Mary. Through various changes the property became the charge of the state of Pennsylvania, which under a state law did not take it for government property in payment for taxes, but held it, deducting the taxes from the income.

It is necessary that to secure the estate it be only ascertained for the heirs to prove their identity and descent. It was in an attempt to find her son to aid in securing her share of the estate that Mrs. Bolin became stranded in Chicago.

Relieve Four Cuban Exiles. WASHINGTON, Aug. 25.—Word has been received from the United States minister at Madrid, Mr. Bellamy Storer, that four Cuban exiles released from the Spanish penal settlement at Burgos on the 8th and have sailed for Cuba. Their names are Rafael Joyer, Antonio Capablanca, Julian Alvarez and Noberio Rojas Hernandez.

These men were political prisoners accused during the regime of General Weyler of disloyalty to Spain and sentenced to penal servitude for life, or for a long term of years. About twenty other Cuban prisoners who have been on the Island of Ceuta or Burgos have been liberated and are now at Gibraltar without funds to get back to Cuba.

Architects on the Way West. CHICAGO, Aug. 25.—The five architects who are to select the plans for the California university at Berkeley, on which \$2,000,000 is to be expended, passed through here today. Following is the personnel of the party: Pascal, Paris; Wallot, Dresden; Belcher, London; Cook and Carere, New York. The eminent architects are in this country as guests of Mrs. Hearst, who is to provide much of the money toward rebuilding the university structures. They left here for San Francisco via St. Paul.

Unstamped Checks and Notes. WASHINGTON, Aug. 25.—The Treasury department up to this time has accepted all compromises offered by banks for the settlement of fines where examiners have found them in possession of unstamped checks and notes. The plea in almost every instance is inadvertence. But the violations of the law have not decreased as they should and the department is on the point of adopting a rigid policy of enforcing a heavier penalty for every violation.
