SHAMROCK IS WITHOUT A FLAW Rumor that Hull Has Sustained Strain

NEW YORK, Aug. 25.—"There is absolutely no truth in the statement made in some of the morning papers that the hull of the Shamrock is twisted or that she has sprung a leak," so said David Barrie, Sir Thomas Lipton's representative, this afternoon.

"I will say now." continued Mr. Barrle,
"that the hull of the yacht is without a

HERR WINS MASSACHUSETTS STAKE.

Other Rich Prizes Are Contested For at Readville Grand Circuit.

READVILLE, Aug. 25.—The card at the grand circuit races this afternoon was the finest ever presented at Readville, and fully 15,000 people were present. Excitement constantly spiced the events, for every event was a fight for the wire and not a few times the spectators thought they knew better than the judges as to the winners.

The Massachusetts stake race, which has proved to be the greatest trot of the year, was quickly finished after the start was given, Charley Herr, owned by David Cahill of Lexington, Ky., winning it. The event came over from Wednesday, Charley Herr, Tomboy and Lecco having two heats each. Tomboy at the time of appointment was a fair favorite, but was sick Thursday, and today had no chance to win, acting lifeless. Herr began favorite and by trotting an honest mile won in almost a dead heat with Lecco. The latter broke three times, but at the end closed up yards of distance. Through the last eighth came the two horses almost neck and neck. It is claimed that upward of \$100,000 depended on the event. Other Rich Prizes Are Contested For at Readville Grand Circuit.

FINAL TEST FOR THE COLUMBIA. Three Days of Races with Defender Three Days of Races with Defender Will Occur in September.

NEW YORK, Aug. 25.—Next in importance to the actual races for the America's cup will be the formal and final races between Columbia and Defender, which are to be sailed off Newport September 2, 4 and 6.

In accordance with the wishes of the cup committee the regatta committee of the New York Yacht club issued today and sent to the club the following circular:

"The committee on the challenge from the Royal Uister Yacht club has decided to hold trial races between Columbia and Defender at Newport on September 2, 4 and 6, and thas placed the event in the hands of the regatta committee.

mas placed the event in the hands of the regatia committee.

"The courses will be both triangular and to windward, or to leeward and return, out from Brenton's reef. The start will be at 11 a, m., wind and weather permitting. The races will be subject to postponement at the discretion of the challenge committee or at the request of either of the competing vessels."

Fred Morris Takes Punishment Patiently for Six Rounds.

NEW YORK, Aug. 35.—Dan Creedon of Australia defeated Fred Morris, colored, of New York at the Broadway Athletic club tonight in a hurricane fight that Referee Johnny White only allowed to go six rounds.

Morris, who is known in pugliistic circles as the "Cyclone," was not out, but was hopelessly beaten and had long since become a mere punching bag for his opponent, Morris was wild in the first round, while Creedon was sure and effective. The second was also Creedon's and in the third Morris was hopelessly done for. He staggered around the ring with his gloves covering his face, and half a dozen times the ropes kept him from falling. Creedon was tired in the fourth, but in the fifth he punched his man into a trance-like condition. The sixth was a repetition of the fifth and when the round had gone two minutes and forty seconds White stopped the bout and awarded the decision to Creedon.

Massachusetts Stake Race.

READVILLE, Mass., Aug. 25.—The seventh and deciding heat of the Massachusetts' stake race for \$10,000 in the 2:13 trotting class, was won today by Charlie Herrin 2:12½. Leroy was second. Tomboy third. It was the slowest heat of the race. The track was heavy at the pole and the drivers had to keep wide off. It is estimated that 15,000 people witnessed the race and that from \$100,000 to \$150,000 hung on the result. Each of the horses took two heats Wednesday.

NOT ONE STAR IS IN THE AGGREGATION

None of the Candidates Show Any Marked Claim to the Public's Money-Chacornae the Probable Favorite.

NEW YORK, Aug. 25 .- The rich futurity, worth about \$50,000 this year to the winner, will be run at Sheepshead tomorrow, the opening day of the fall meeting. The number of entries on the card is twenty-two, just one less than the futurity record, but it is not certain that all those named will go to the post, and it is hardly likely there will be added starters.

The race is an extremely open one, not only because of the large number of probable starters, but because of the uncertain quality of the field. No one of the entries has done anything impressive, although a number of these that will start have been working in excellent form the last few days. The futurity course is 170 feet short of six furlongs straight away, and Ogden holds

the record of 1:10, made in 1896. Going over this year's candidates there is not a star in the collection, meaning there is not a horse that has shown a decided superiority over another. David Garrick, recently purchased by Pierre Lorrillard and winner of the great trial stake, is asked to gram.)-A marriage license was issued today pick up 134 pounds and win, which, as a 2-year-old, he will find a difficult task. The 2-year-old, he will find a difficult task. The favorite is probably Chacornac, purchased that the couple were married, but their today by James R. Keene and James Rowe. He did an impressive five furlongs at Saratoga recently in 1:00%, and went a trial of to in the marriage license, which gave Mills' six furlongs yesterday in 1:141/2.

Doublet is a Disappointment. Doublet, a son of Domino, who will carry 116 pounds, won the Juvenile stakes at Mor ris park, and early in the season looked as though he would be one of the best, but his work during the season was not consistent and he is not viewed with much

alarm by the others. Of the horses that are asked to pick up 122 pounds, Plucky has been a consistent performer, and is an improving colt. His best race was the defeat of Mesmerist in the first attempt races at Brighton. Plucky's best recent trial with weight up was six furlongs in 1:16%.

Virginia Earle and Musette, the latter having only appeared twice in company so far, have made fast trials, while Jim Boden's Okettee is credited with a work of 1:141/2 at Brighton Wednesday. The entries as far as known tonight are:

Cyrus A. Brown and Matthew Craig Two Murderers, Hanged at Muskogee, I. T., Today.

KANSAS CITY, Mo., Aug. 25 .- A special to the Star from Muskogee, I. T., says: Cyrus A. Brown and Matthew Craig were executed today. It was the first legal hanging of white men ever held in the territory. They mounted the scaffold smiling. Both men formerly lived in Kansas, Brown belonging to a prominent Salina family.

Brown killed Daniel Cuthbert, an aged white man, on the Arkansas river, near Webber's Falls, I. T., in October, 1896. Cuthbert lived in a houseboat and had cared for Brown when the latter was ill. When he recovered Brown shot his benefactor in the back, threw the body into the river and made off with his boat.

Craig killed Deputy United States Marshal Joseph Heinrichs at Tahlequah, I. T., last March. Heinrichs arrested Craig for selling liquor in the territory and took him to his own house for the night. While the deputy was asleep Craig shot and killed him with a revolver passed in by a confederate. Brown and Craig slept soundly last night and each ate a hearty breakfast. They smoked and chatted till the black caps were arranged. Just before the cap was pulled over Brown's head he threw away his cigar

and as the rope was being adjusted said: "Pull it a little tighter." They lived but a few minutes. The daughter and son of Heinrichs witnessed the hanging.

STATE BOARD MAY TAKE HAND

Committee of Cleveland Strikers Asks That an Official Investigation Be Made.

CLEVELAND, O., Aug. 25 .- It is probable that the State Board of Arbitration will investigate the street car strike, on the demand of the committee of the strikers. Thus far the board has not tried to settle this strike, because it has not had the power to do so unless both parties were agreed. The law provides, however, that in case there is no arbitration either party may ask for an investigation, which will be judicial in its nature, to ascertain who is responsible for the strike and its prolongation. The strikers were asked by the Central Labor union to demand such an investigation. Secretary Bishop of the state board is now in the city and he says he is now ready to take up the investigation if it shall be de-
