### DEWEY'S VIEWS ON PARADE Admiral is Pleased with Plans of the

Committee and Wants "Good. Large Military Band." NEW YORK, Aug. 27.-The executive

ommittee of the Dewey reception committee has received two letters from Admiral Dewey. In the first, dated Leghorn, August 16, he says: "I shall without fall reach the lower bay

on Friday, September 29, and shall anchor there for the night, to be ready for the official arrival and naval parade on the following morning, Saturday, September 30. While should be gratified to meet any of my friends in the navy and especially the command officers of the ships engaged at Manila May 1, 1898, I feet that this matter of invitation should be left entfrely with the committee. I would suggest that at the end of the display of fireworks off the Battery the Olympia should return to North river and anchor off Twenty-sixth street.

"While your letter seems to indicate that the battalion of the Olympia would lead in the land parade, still I am in doubt. It would be a gratification to me and the officers and men of the Olympia should the Olympia's battalion of about 250 men be placed at the head of the column.

"In reference to the smoker it is proposed to give for the men, that is a matter that comes within the province of the captain of the ship, but I have little doubt that he would be pleased to accept for them. I am much pleased for various reasons that you have eliminated a dinner from the program and thank yourself and the committee for the careful arrangements made to spare me any unnecessary fatigue."

In the second letter, written from Naples. August 17, the admiral asks that a "good large military band" be detailed to lead the Olympia's battalion at the head of the land parade, the Olympia's small band being hardly equal to the occasion. Admiral Dewey has been notified that all his requests will be carried out.

NICE, Aug. 27.—Admiral Dewey passed the day on his flagship, the United States cruiser Olympia. More than 1,000 residents of Nice visited the war ship, expressing the

Full returns reached The Bee yesterday from the canvass of the members of the First regiment on the question of coming to Omaha or not coming, and by far the larger number of the soldiers wish to come straight to Omaha. One of the regiment of 870 men only seventy-seven are not sure they want to come to Omaha and not all of this number are actually opposed. exact figures for the three sections in which the regiment is traveling are as follows: In the first section 392 are for Omaha and

four are opposed. In the second section 257 favor Omaha twenty-nine wish to go direct to their homes and six have no choice.

In the third section 139 are in favor of coming to Omaha, twenty are opposed and eighteen are doubtful.

The third section, the last to report, was last heard from when it was at Terrace, Utah, at 11 o'clock Sunday morning. From the above figures it will be seen that 788 men want to come to Omaha, and as there is no reason why they cannot, about that number are practically certain to arrive in Omaha Tuesday morning.

Committees Are Active.

Plans for the reception and entertainment of the regiment continue to be made, although if only those made up to Saturday night were carried out there would still be no lack of demonstration and enthusiasm. The Ladies' Auxiliary association of the Thurston Rifles met yesterday afternoon at the armory and arranged for a material addition to Tuesday's program, a semi-private meeting between the members of the company and their immediate families and rela-

The company will go from the city hall after the welcome exercises there direct to the armory, where their relatives will have assembled. This arrangement is made so that the parents of the boys will have an opportunity to great them without causing them to break from the line of the parade or to miss any of the other features of the day. After the reception, if it may be called such, Company L will proceed to take care for the exposition grounds and join the rest

All bands that are to participate in the parade are asked to meet at the Burlington etation at 8 a. m. and report to O. D. Kiplinger, chairman of the musical committee.

Time of Arrival. LINCOLN, Aug. 27 .- (Special Telegram.)

-No information as to the time of arrival of the Nebraska soldiers had been received by Governor Poynter up to a late hour this evening. Some estimate that the first section of the train will not reach Lincoln until Tuesday morning and others place the time at Monday evening. A report from Hastings states that the train is expected to arrive at that place about 7 o'clock Monday evening. Another indefinite dispatch stating that the Nebraska soldiers were all well and that their train was running on good time. This is an example of the work that is done by the "official representatives" who have nothing to do but to send back information that has already been printed in the newspapers.

Governor Poynter has been notified that citizens' committees from Columbus, David City, Fullerton and Madison will arrive to the city tomorrow to meet the companies thought that an effort will be made to peravade them not to go on to Omaha
