FIGHT FOR PARTY MACHINERY

Unusually Large Attendance at Ohio Democratic State Convention.

TO REAFFIRM THE CHICAGO PLATFORM

McLean Men Working Hard to Secure the State Central Committee and Claim to Control the Convention Today.

ZANESVILLE, O., Aug. 29.—There is an unusually large attendance at the democratic state convention this year. The 802 delegates constitute a small part of the attendance. Many clubs in attendance in bodies are those from Cincinnati and Columbus, the homes of McLean and Kilbourne. There are many others here from the eighty-eight counties in the interest of two leaders and of other candidates for members of the new state central committee selected today will hold over for the presidential year and the interest in the control of the party machinery for the presidency attracts many at this time.

There is no opposition to a declaration against Hanna and bossism or the usual issue. The Chicago platform will be reaffirmed with a strong endorsement of Bryan.

There is an unusual fight for the committee on permanent organization, as the anti-McLean men objected to the McLean slate, which included Congressman J. A. Norton of Tiffin for permanent chairman and Thomas J. Cogan of Cincinnati for secretary.

The preliminary meetings at 4 p. m. were in some cases much more spirited than expected and a few continued till evening. The Kilbourne men contested every place on the long lists. The result shows that the McLean men carried fourteen of the twenty-two congressional districts, to five for the combined opposition, with the two Cleveland districts contested.

As the McLean men control the committee on credentials, they claim that they have the convention 16 to 5 by the districts, as well as 16 to 1 for free silver. The McLean men carried the Toledo district by only one vote each, and two other districts by the district of Congressman Norton, who is the McLean man for permanent chairman.

The district of Columbus was made sergeant-at-arms with a McLean man from Cincinnati as his first assistant. The McLean men say they fought for everything in sight at the district meeting during the afternoon, and now they are working to get all in line for the election, and to leave with as good a harmony as possible and assured that there can be no complaint of the result on nominations or anything else, under such a conceded organization of the convention.

The report of the committee on rules limits speeches to ten minutes and with continuous session the convention will conclude tomorrow night. The McLean men organized the state committee tonight, 14 to 5, with two contested absentees. A unanimous report was made on the plan for party organization, recommending that the convention again refer it to the state convention. The committee on credentials and resolutions said that they would be in session all night.

The McLean men were not giving anything away and were taking everything in the committee on credentials. The committee organized by electing ex-Congressman D. Donovan chairman and John Shine secretary by a vote of 14 to 5 and the two contested districts not voting.

Donovan and Shine are two of McLean's managers and the lines were strictly drawn in this case, but there will be a minority report presented to the convention from this committee.

The committee on resolutions spent the night hearing reports of labor organizations, and recommending that they be referred to the national convention. The committee on "Golden Rule" was after 11 p. m. when a sub-committee was appointed to draft a platform.

D. W. SHACKELFORD ELECTED. DEPARTMENT WILL FILL UNEXPIRED TERM. JEFFERSON CITY, Mo., Aug. 29.—Incomplete returns received tonight from the Eighth Missouri district, in which an election was held today to fill the unexpired term in congress, of Richard P. Bland, deceased, showed that Dorsey W. Shackelford (dem.) had been elected over W. V. Voshell (rep.) by 2,200 plurality. Complete returns cannot be had tonight.

THEY OPPOSE EARLY CLOSING

Some of the Retail Merchants Want to Return to the Old Regime.

THEY OPPOSE EARLY CLOSING

Some of the retail merchants of the city who have become dissatisfied with the early closing movement, so far as it applies to Saturday night, have, it is reliably stated, begun an agitation for the opening of the stores on Saturday night at 6 o'clock. A petition is now in circulation among some of the leading business men and pressure is being brought to bear upon all of the prominent retailers to organize together and open up on Saturday night. Operations conducted with this end in view so far have been quietly conducted, but not sufficiently so to escape the notice of the Retail Clerks' association, which has held a special meeting and determined to oppose any such movement with all the power and influence which it can wield. The organization has taken a hand and last night meetings of the bricklayers, carpenters, printing press, brickmasons, teamsters, cooks and plumbers' unions were held, at which the following resolutions were adopted:

Resolved, That the members of this city are striving to secure a shorter workday and, whereas, all legitimate merchants have agreed to close their places of business at 6 o'clock p. m. on Saturday, and, whereas, it has come to the notice of this union that a few business men who are antagonistic to organized labor are circulating a petition for reopening of their stores on Saturday nights.

Resolved, That we, the members of this union, pledge our support, both morally and financially, to the struggle of the early closing movement and resolve to patronize only such stores that close at 6 o'clock Saturday night.

It is understood that a meeting of the Central Labor union will be held within a few days, at which time concerted effort will be made to head off any movement which anticipates the lengthening of the present working hours by opening the stores after 6 o'clock on Saturday nights. Representatives of organized labor say they are bound no stores shall be opened on Saturday nights. They assert that any attempt in this direction will be fought to any extremity which may be necessary and ample funds will be provided in support of the opposition.

Prominent members of the Retail Clerks' association were interviewed last night. They admitted that the association had already taken up the matter and an appropriation had been made to uphold them in the fight against the movement.

The retail clerks will hold a special meeting Friday night, at which time the matter will be looked into carefully and plans for action will be formulated.

ADD HIS EVIDENCE

Story Is the Same as From Other Sources

Lots of Money Spent but No Returns Have Been Received.

The people in Omaha willfully add evidence to that which has already been given in favor of Morrow's Kid-ne-oids, the best remedy that has ever been sold in this city for backache, kidney and urinary disorders, sleeplessness and nervousness. Our druggists report that the cure is so state that Kid-ne-oids are daily increasing in the opinion of our people. Kid-ne-oids act directly upon the kidneys and nerves and restore them to their natural condition. Good kidneys make good blood, good blood makes strong nerves. Kid-ne-oids make good kidneys and strong nerves.

Mr. R. C. Tunney, 1802 Miami St., says: "I have suffered for several years with kidney backache. I had spells of severe backaches, nervousness and could not sleep well at night, and also had urinary disturbances. I was treated by several doctors, but without success. I had been made to believe that Kid-ne-oids were a fraud, and I was greatly relieved of all my former troubles. I intend to continue the use of Kid-ne-oids and have no doubt of a complete cure being effected."
