PORK AND RIBS HIGHER, BUT LARD LOWER

Big Speculative Trade in Corn and Export Demand Bring a Fractional Advance-Oats Gain a Good Half Cent.

CHICAGO, Sept. 22.-Today's wheat market showed the effect of yesterday's failure of a leading bear firm. Relief from the heavy selling pressure from that source was a big factor in the advance of 15c, which marked the close in December; Sep-tember closed 2c higher; higher cables and a big export demand were influential in the advance. Corn was strong on a big export demand and closed %9%c higher. Oats ad-

vanced %2%c and provisions closed 2%c lower to 7%c higher.

Wheat opened firm at a shade over yesterday's closing price for December, and though there were periods of reaction, the though there were periods of reaction, the general tendency of the market was upward to the close. At the start business was rather slow, but with buyers in the majority. Liverpoot was up %aligd, partly on the good spot demand at that market and partly on the critical state of affairs in the Transvaal. Primary receipts were large, but clearances were also heavy, and early in the session a good export business was indicated. The main feature of the strength, however, was the elimination of the heavy selling pressure recently put on the market by the firm whose suspension was announced yesterday—Barrett & Farnum. A great deal of inherent strength was suggested by the great amount of wheat the market had absorbed from that source without any material decline and it impressed speculators to a considerable degree. Good buying was done by the local crowd, but outside support was also prominent, St. Louis being a big buyer. The ptrength shown by the coarse grain markets also made its influence felt on wheat later in the session. Trading gradually broadened and during the afternoon was quite active, with prices steadily advancing. The market got considerably over call price and there was a good deal of selling against those privileges, but everything offered was readily absorbed. One of the largest export houses in New York reported more general acceptances of offers of wheat to foreign points than at any time since the Leiter deal. That many offers were still somewhat under the market was shown by export engagements of but thirty-two loans. Most of the statistical news was bearish, but it had little effect on the market. Argentine shipments were large—1,52,000 bu. Minneapolis and Duluth receipts were 48 cars, against 1,622 last week and \$55 a year ago. Chicago receipts were 147 cars, twenty-seven of contract grade. Total primary receipts were 1,080,000 bu., compared with 1,093,000 bu. a year ago. Atlantic port clearances of wheat and flour amounted to \$60,000 bu. December opened at 715,673c. Almost nothing was done in general tendency of the market was upward osing strength. There was a big speculative trade in corn.

234c.

Provisions were rather dull but steady. The market was helped by the strength of grain markets and a sharp advance in meat prices abroad and prices averaged a little higher. English houses sold lard moderately. At the close January pork was 7½c higher at \$9.70; January lard 2½c lower at \$5.52½ and January ribs a shade higher at \$5.50.5. Estimated receipts Saturday: Wheat, 135 cars; corn, 860 cars; oats, 325 cars; hogs, 16, 600 head.

Leading futures ranged as follows:

There was a big speculative trade in corn. Brokers were all well supplied with buying orders and prices advanced sharply with December in the lead. The cash demand was large, with foreigners accepting liberally for shipment of the new crop. The wet weather was expected to restrict country movement and stocks of old corn were reported low. The seaboard reported nearly 100 loads taken for export. Shorts were large buyers on the rally. Receipts were large buyers on the rally. Receipts were 185 cars. December ranged from 294 6294c.

Oats followed the lead of other grains. The market was strong all day, with a good general demand and shorts covering freely. A good cash demand was reported. Receipts were 256 cars. December ranged from 224c to 224c and closed 5c higher at 224c.

Drawlators were rather dull but steady.

MOVEMENTS OF STOCKS AND BONDS.

Advancing Tendency of Brooklyn Transit Stimulates Market.

NEW YORK, Sept. 22.—The recuperative tendency on the stock market gained decided force for the progress of today's trading. The uneasiness abroad was an element at the opening and changes were element at the opening and changes were small and irregular and the tone of the speculation hesitating. Anaconda was notably affected by disappointment of British holders over the amount of the dividend and dropped nearly 3 points from yesterday's closing level here. The pressuragainst American Tobacco was also in evidence and Brooklyn Transit had a struggle to overcome its opening decline. The latter eventually moved upward and though it fell once again below last night's level its advancing tendency afterward

duil.

It was so near the end of the week that there was no great life or activity in the feeder or stocker market. Good heavy feeders, however, were wanted, as they have been scarce all the week and it is safe to say that they are now use as high safe to say that they are now just as high as they have been any time this season. The common and medium kinds, which broke 25@40c the early part of the week, have recovered a good deal of the loss and are now pretty well back to where they were before, say within 10@15c of the high time. Representative sales:

HOGS—Under the influence of light receipts and favorable reports from other points the hog market opened up strong to 5c higher. Packers all seemed to be wanting hogs, consequently trade was active and an early clearance made. After the first few sales were made prices firmed up until the market was quoted a good nickel higher. Prices ranged from \$4.3024.47½, the heavy weights selling from \$4.3024.35, mixed hogs from \$4.3024.47½.

As will be seen from the table of avalerage prices at head of column, today's market reached the highest point since August 30, when the average price was \$4.40. One year ago at \$4.864.40 and three years ago at \$2.81. Representative sales:

Stock in Sight. Record of receipts at the four principal western markets for September 22: Totals 12,047 37,039 Wool Market.

ing. London has advanced 10 to 15 per cent on all descriptions of merinos and crossbreds and higher values are looked for before the auction sales close. Speculative trading has revived here. Manufacutrers and operators freely paid the basis of 60c clean for fine staple Montana. Territory for export has sold at 50c clean. Country markets are excited and Ohlo wool growers have marked up prices 5 per cent. It is predicted here that territory will go to 50c before the upward movement will be checked. It remains to be seen whether manufacturers will follow the advance, but as mills are crowded with work it is certain they will have to buy wool and prices will go up in the long run. Sales for the week, 4,491,000 lbs, domestic and 434,500 lbs, foreign, a total of 19,225,900 lbs. Inst week and a total of 9,914,000 lbs. for the corresponding week last year. The receipts to date show an increase of 22,175,797 lbs, of domestic, a decrease of 33,350 lbs, from last year. The sales to date show an increase of 112,478,000 lbs, domestic and 13,563,600 lbs, foreign.

LONDON, Sept. 22.—WOOL—There was

The sales to date show an increase of 112,478,000 lbs. domestic and 13,563,600 lbs. foreign.

LONDON, Sept. 22.—WOOL—There was great competition at the wool auction sales today, with prices still maintaining their high level. Scoured merlins were eagerly sought after and a large supply was taken at hardening rates, the home trade securing the bulk. Continental buyers were more active today. Greasy merinos ruled against buyers. The French and German representatives increased their operations, especially in locks and pieces. Crossbreds were in large supply and will be reduced. Good lines of fine stock were spiritedly competed for at fully 15 per cent advance. The Yorkshire buyers secured the most of this wool after active bidding with the German buyers. Heavy offerings of lower descriptions of slimes passed off extremely well at a higher level. America purchased a few medium greasy. Cape of Good Hope and Natal wool was in smaller supply and firm. A few lots of East London greasy were withdrawn owing to the bilds not reaching the limit placed upon them by the owners. The attendance was large. The following is the sale in detail: New South Wales 2.100 bales; scoured, 1802s 1d; greasy, 6d@1s ½d. Queensland. 1,200 bales; scoured. 187dig 187d; greasy, 8d@1s 3d. Vinduct Appraisement. The appraisers in the matter of the construction of a new viaduct have reorganized after the appointment of two new members to succeed those who could not qualify and have begun the required thirty days notice by publication and personal service. A hearing of the owners of property affected has been set for December 1. The necessity for a new appraisement is the determination whether the greater width of the new structure will cause greater damage to surrounding property than the old one caused.

Paid for Steed They Drove to Death.
George Roach and Ord Hensley, the young men who drove J. M. Martin's horse to death last Monday night, have been released from jail, their relatives having paid to the owner of the horse the price asked for it. Each of the two boys paid a third of the money, Arthur Amstutz, the lad who took the rig from the stable without permission and left it in front of McKinsle's saloon, near Fort Omaha, where Roach and Hensley found it, having paid the other third.

Interrupted a Conversation.

J. R. Boles, Sixth and Pacific, filed a complaint with the city prosecutor charging W. M. Smith, superintendent of the Willow Springs distillery, with assault and battery. Boles alleges that he was talking in the distilling room with a party of friends employed there, when Smith came along and without warning struck him on the cheek. He exhibits a badly skinned cheekbone as evidence. Boles said he was formerly an employe of the distillery. evidence. Boles said he employe of the distillery.

Burglars broke into a tool house at Thirty-ninth street and Dewey avenue Thursday night, belonging to Theodore Lupinska, and stole a number of tools and implements, including a plow and a set of molding planes.

M. C. Peters' barn at the rear of his dwelling, 1113 South Thirty-third street, was entered by burglars Thursday night and a lot of valuable clothing stored in boxes
