Silver for Europe.

NEW YORK, Sept. 26.—The steamship St. Paul, sailing for Europe tomorrow, will take out 115,000 ounces of silver.

Wool Market.

BOSTON, Sept. 26.—WOOL—The wool market is showing a stronger tone and trade is active. The bulk of the business continues to be good on territory wools. About 7,000,000 lbs. were sold of this description and somewhat higher prices were obtained. For fine medium and fine territories, scoured, 52@53c was secured, while staple lots reached 56@55c. Fleece wools are quiet. For washed XX and above, Ohio, 31@42c was obtained, and 29@50c for X and above. Michigan and Illinois fleeces hold steady, but trade is slow. Owing to the scarcity of Australian wool prices are nominal. Following are the quotations for leading descriptions: Ohio and Penn-

the less desirable kinds of cows inclined to drag.

Some of the best stockers and feeders which just happened to please some buyer in many cases sold early at just about steady prices. The general market, however, on stockers and feeders was slow and considerably lower. Common kinds especially were very slow sale. Some of the same kinds of cattle sold today life lower than they were bought early yesterday morning, and there were others that went the same way. While the bulk of all the cattle in the yards changed hands early in the morning, there were some left until late, and the morning was well advanced before buyers cleared the pens. rough heavy hogs were not so numerous as usual.

1 The market at this point opened up with bids ranging not much different from yesterday. Packers, however, were slow bidders on the heavy hogs and the market on those grades was reported from weak to 2½c lower. In some cases mixed hogs were a trifle easy, but the lightweights were fully steady. Reports from other points were not encouraging, so that the last end of the market was a little easier. Heavy hogs sold largely at \$4.37½, with a few go-last at \$4.35 and \$4.40. The bulk of the mixed hogs brought \$4.40 and \$4.42½, and the light weights, \$4.45.40. Today's top was 2½c more to quality than to an advance in the market. In spite of the heavy receipts the general market was active and practically everything was cleaned up at a reasonably early hour. Representative sales:
