Booths and Buildings.

The city property committe reported that it was advisable to use as many of the old rooms in buildings which could be used for a reasonable rental. Mercer wanted the city to get some wooden booths built in sections, but it was decided that the time was too short before the first registration day. Auother objection to the use of any booths was that that would be an admission that they were not worn out, in consequence of which the county commissioners might be able to throw upon the city the entire expense of The report was finally adopted, the question
