DINNER TO HONOR ADMIRAL DEWEY Greatest Spread in History of White

House Social Functions.
WASHINGTON, Oct. 3.—President McKinley, in honor of Admiral Dewey, tonight gave the largest dinner party in the history of White House social functions. Covers were laid for over eighty persons. guests included the cabinet, the governors arms of the United States, with the blue of nine states, justices of the supreme court, field of the shield in enamel. Below them some of the members of both houses of congress, army and navy officials and others.

> An hour before the hour announced a large crowd of spectators had gathered in front of the White House and watched the arrivals. Admiral Dewey came at 8 o'clock and as he passed inside with Flag Lieutenant Brumby and Flag Secretary Caldwell the admiral was enthusiastically cheered. Rear Admiral

> Schley was given a similar ovation. The guests passed into the east room, whence they proceeded to the White House corridor, which served tonight as the state dining room, the usual room being too small for the purpose. The corridor was decorated. In the center of the table was a large cut glass vase filled with dark red meteor roses, set in a mound of farleyense fern.

> On either side were mounds of pineapple plants in fruit, set in begonias, with flowers interspersed with the broad leaved Bifbergla splendenes, a native plant of the Sandwich with meteor roses standing in beds or colored glass screen back of the president's chair hung the president's flag, and on the opposite side of the table to the rear of Admiral Dewey's seat was the four-starred

> blue flag of the admiral of the navy. At the ends of the table and over the door leading into the east room, where Secretary Long sat, was the flag of the secretary of the navy, and over the west end hung the flag of the secretary of war. The blue parlors were effectively decorated with flowers. The decoration of the reception room was unique and consisted entirely of plants. Palms and a multi-colored croton filled all the window spaces and mantels. Mr. Phister, who has charge of the White House conservatories, has made a specialty of the croton plant and today used sixty varieties in the east room decorations. Twenty varieties of the Maranta plant were used, as well as many beautiful pecimens of palms and ferns.

> The list of guests was as follows: The president, Admiral Dewey, the secretary of state, the secretary of war, the at torney general, the postmaster general, the secretary of the navy, the secretary of the aterior, the secretary of agriculture, the secretary to the president.

A telegram was received by the president from Vice President Hobart saying he was unhappy that he could not be present and sending greeting to the assembled party. The president telegraphed expressing his own regret and that of the company and especially of the guest of honor. Beyond the reading of this dispatch there was no incident and the evening was passed in individual conversation. At its close Admiral Dewey took leave of the party and, amid cheers from a small crowd of spectators, was driven directly to his house, where he soon retired. Shortly after the dinner Secretary Root, Secretary Hitchcock, Attorney General Griggs, Senator Hanna, Chairman Boutelle of the house committee on naval affairs, ex-Secretary Bliss and Myron Herrick of Cleveland joined the president upstairs and there was an informal talk on the Philippine situation, during which the president in a few words stated his position. Mr. Boutelle on leaving the White House stated that from
