Board of Education Wants Another Decision on High School Site.

Henry and Cooper Vote Against the Motion When it is Put-Tuition Rates for Outside Pupils Are Fixed.

The Board of Education will file a petition as soon as it can be prepared with State Superintendent Barrett, asking for a rehearing in the High school site appeal case. This action was decided upon at the regular monthly meeting of the board Monday night after a motion to select a site had been put and failed to carry.

The matter of the High school site was brought up by Member Cooper, who moved that the board proceed to select a site. Member Stewart was opposed to any such action at this time. He said the board was not in a position to select a site, as in his opinion it was not safe to proceed in the matter until a final and complete determination of the appeal before the state superintendent was had. He did not look upon the state superintendent's ruling in the Oakland avenue site appeal as being a final determination of the case by any means and he was in favor, he said, of applying for a rehearing. If the superintendent finally determines the case against the board once and for all in a ruling that will adjudicate the matter without question then I will gladly vote to select any site that the majority of the board may select."

In order to bring the matter before the board Stewart said he would move that the attorneys for the board apply to the state superintendent for a rehearing.

Chairman Sime explained that there was Cooper's motion that the board proceed to one son, Irvin. the selection of a site was put. It was lost by a vote of four against to three for,

FUNDS TO RECEIVE SOLDIERS. Finance Committee Decides on Form of Badge to Sell.

The finance committee having in charge the matter of raising the funds necessary for the reception to the Fifty-first Iowa met last night and decided to place on sale ribbons, bearing on one side "I Have, Have You?" and on the reverse "This will buy : soldier a square meal." These ribbons are to sell for \$1 each. Ernest E. Hart, chairman and E. H. Lougee and J. G. Greenshields were appointed a subcommittee t take the matter of these ribbons in hand. S. B. Wadsworth and H. A. Searle were of charge at the Bluff City laundry. This is appointed a subcommittee to furnish the towns represented by companies in the regiment with a supply of the ribbons and to

ry to effect a sale of them. Chairman Hart reported that a number of High school graduates had interested themselves in the matter of raising funds and had arranged to start an endless chain, askling for subscriptions of 25 cents. It was thought that a considerable sum could be raised in this manner and the graduates were authorized to proceed with the carry-

ing out of it. At the suggestion of Member Greenshields was decided to district the city into four divisions and the chairman to appoint committees of six for each district to dispose o the \$1 ribbons. Ernest E. Hart, chairman o the committee, was unanimously selected as

treasurer. In addition to selling the ribbons it was decided to thoroughly canvass the city for subscriptions and Chairman Hart will at once appoint a subcommittee to carry ou this work. The criminal docket was taken up in the listrict court yesterday, the first case for trial on the calendar being that of the state against Charles Runswick, charged with adultery. Jess Perry Has the Insane Idea that

He is the Noted Tagal Leader. Jess Perry, a young man who has been in the city jail since his arrest last Thursday for intoxication, developed unmistakable signs of mental derangement Sunday night and was removed to St. Bernard's hospital early Monday morning. His condition is said to be due to the excessive use of strong drink and cigarettes. Until recently he had been employed in a local hotel and all Sunday night he labored under the hallucination that his cell was an elevator and the bars the ropes. With his eyes almost starting from his head he tugged at the bars first on one side of the cell and then on the other, yelling at intervals "up" or "down." Yesterday merning when his wife called to see him a pitiful scene ensued. In answer to her question if he did not know her, he replied:

"Yes, what of it?" "Don't you know me, Jess?" she again asked him.

"Why, certainly I know you. I have seen you often in Manila." The young woman turned away and, sob-

bing as if her heart would break, left the station after being told that the doctor had ordered her husband sent to the hospital. Perry yesterday morning labored under the impression that he was Aguinaldo and that he was on his way from the Philippines to call on President McKinley at Washington. He persisted in addressing Charley White, the failer, as General Otis and upbraided him for killing so many of his men. He said he would certainly make a complaint to President McKinley. Day Sergeant Slack was addressed by him as Admiral Dewey. Perry talked incessantly about the war in the Philippines and told the officers on his way to the hespital that as eoon as he saw the president he would fix matters so that the American troops would be at once withdrawn, and he would be left free to reign supreme in the Philip-
