# LANGDON GOES ON TICKET

County Clerk Haverly Says He is the Nomince of the Independents for County Judge.

Martin Langdon is still clinging with dogged tenacity to the nomination for the office of county judge presented to him recently by the county convention of the people's party. County Clerk Haverly on Monday decided to accept as valid the certificate of nomination over the signature of John O. Yeiser, chairman of the people's party county convention. When the fusion convention was recently pulled off in three rings it was the tics they may be relied upon to come out understanding, established by resolution of and vote right on election day. each convention, that the fusion nominees should be those whose aspirations received the sanction of two of the three conventions. The populist convention nominated Langdon for county judge, but he did not receive the endorsement of either of the others. The democratic and silver republican conventions did not nominate a county judge effectively, but authorized their committees, it is claimed, to fill vacancies on the ticket. Recently the three committees decided to place the name of James W. Carr upon the ticket as their nominee, but Langdon did not propose to have it that way and at once presented to the county clerk a certificate of Chairman Yelser showing that he had been nominated by the populists and that there was no vacancy on its ticket. Protests against the receipt of his certificate were at once filed by John G. Arthur, chairman. as the nominee of the populists, while Herand Lawrence Rath, secretary, of the silver | man C. ### Hot Contest for Assessor.

Inexplicable complications that have arisen over the assessorship of the Third ward in

South Omaha have resulted in a list of candidates that promises an interesting fight in that ward. In the county clerk's office a big chart has been prepared upon which the candidates for the respective offices involved in the coming election are listed as fast as the certificates of nomination are handed in. The space on this chart set apart for the candidates for the South Omaha Third ward assessorship has all been absorbed and the names of a few of the candidates have lopped over into the squares set aside for candidates for other offices.
