HALF BLIND FROM **ECZEMA**

Three Children Afflicted. Whole Bodies and Faces Sore, Raw and Bloody Mass.

Tried Doctor after Doctor for 20 Months Without Slightest Relief. Crying Constantly.

Couldn't Sleep. Tried CUTICURA. First Application Gave Relief. Cured in Fourteen Days.

My second child got eczema when seven months old. Three months later my first child got it, and following him, the last one, two years old, fell a victim. For twenty months they suffered fearful agony. Their whole bodies, especially their faces, were so sore and raw that the little ones were blind half the time. No words can describe the suffering of my second child, whose whole body was one bloody mass. He was constantly crying, could get no sleep, and he actually did not look human. I tried doctor after doctor, but none afforded the slightest relief. I decided to try Curicura. The first application brought relief in each case, and after fourteen days' treatment with Corroura Soap and Curt-CURA (ointment), the worst case was cured, and the whole neighborhood is surprised at the wonderful effect of CUTICURA. I continue the use of CUTTCURA SOAP for the children, because it makes the little ones look splendid. Nov. 28, 1898. Mrs. ANNIE RING, 515 E. 13th St., New York City.
