#### LAST GASP OF THE MAJORITY

I om nating Faction of School Board Sees Its Final Hour.

M NDAMUS WILL BE USED ON PENFOLD

Attempt Will Be Made to Force President to Sign McDonald Bond and Contract - Stormy Seenes Mark Last Session.

At the meeting of the Board of Education last night the rule of the present majority came to a conclusion in a final stormy scepe. Members Cowie and Hayward passed the He, thinly veiled, and Van Gilder enleader of the minority and almost certainly the next president of the board, made his usual sturdy fight against odds and the incident closed until a new faction takes the following are the essential parts:

The majority, through a resolution introduced by Cowie, made another effort to obtain the signature of President Penford to the contract and bond of John MasDonald. as official architect of the board. Carl Herring, attorney of the board, was instructed

in the following terms: Whereas, The president of the Board of Sducation has heretofore refused to sign he contract of John McDonald as archiect, submitted to this Board of Education,

Whereas The president of the Board of cation has been instructed by the ma-y of the board to sign said contract. That if the prevident of the Board of Education persists in refusing to sign said contract that the afterney of this lard be instructed to commence man-damus proceedings immediately against the president of this board to compel him to

#### Venetian Blinds for Buildings.

Chalrman Cowie of the committee on buildings and property, reported a proposal from H. B. Dodge of Chicago, relative to Venetian blinds for the three new grammar schools. The hid was 15 cents per square for for 195 blinds, amounting approximately to \$800. Members of the minority, and partambarly Hayward, complained of unfairness in not advertising for bids in a matter of such importance. The defense was made that the price was exceptionally low and would ong continue in force. Cowie added that Hayward had not shown the same solicitude in obtaining bids on stoves when that proposition was before the board two weeks ago and that, as a matter of fact, none had been solicited on that occasion, Hayward responded with some heat that the statement was false and that his committee had visited various hardware dealers. The charge was returned and an exciting colloguy followed, which was finally quieted by the chair. The secretary was instructed to place the order by a majority and minority division.

The majority, relying upon its numerical superiority, also forced through the election of two teachers who had not been recommended by Superintendent Pearse in accordance with the rules of the board. On secreballot the names of Misses Emma Newcomb and Carrie Fairchild received eight votes and the chair declared them not elected, as he declared a two-thirds vote necessary under suspension of the rules. An appeal was taken and the chair not sustained. Attorney Herring, called upon for a decision eald that in his opinion the election would not be legal as, under the rules, ten votes were necessary.

#### Cadets Want Arms.

A delegation of High school students was retary Melklejohn had been communicated tion follows: instructions to secure a sample of the pro-

Teal also secured the passage of a resolution calling upon the judiciary committee to secure a monthly report of the condition of the board's finances. He expressed the opinion that the board had hitherto been acting too much in the dark with respect to its resources, a semi-yearly report only being submitted.

A report from the superintendent of in struction showed that there are now 15,423 pupils in the public schools. This is an increase of 669 over one year ago. Nineteen rooms have less than thirty-five occupants, intended as a minimum limit, and eight rooms have more than fifty-five occupants, the intended maximum limit.

A communication was received from the city council asking that a committee be appointed to confer with similar delegations from the council and county commissioners, for the spring elections. The committee formerly appointed to discuss the booth question was continued for this purpose. A proposition was received from A Hospe, offering to apply the monthly rental on the seventeen planes now in use upon a payment for their purchase at the end of the year. The matter was sent to the committee on supplies.

Lateuser on New Buildings. Architect Latenser reported on the condition of three grammar schools now in process of construction. He said that the Cass school was approaching completion and would be ready for occupancy on January 15. Work on the Saunders school was said to be progressing slowly, but as well as eculd be expected considering weather conditions. In the Pacific building the rain has done considerable damage to the paint and the frost has injured the plastering. The contractor was instructed to do no

Thief Loots a House.

Men do not like to go to doctors. Nine times out of ten they wait until they are laid flat on their backs before they will consult a physician. There is some reason in this, for when a business man feels out of sorts and goes to a physician, he is often given wiolent drugs that make him, for a time, unfit for business and really sick.

There is a way of avoiding both extremes that of neglecting the health and that of -that of neglecting the health and that of taking violent drugs that rack the entire

taking violent drugs that rack the entire system—it is always to keep on hand a bottle of Dr. Pierce's Golden Medical Piscovery. If a man will resort to this great medicine whenever be feels that he is out of sorts and threatened with illness, he may keep in good health. It is the great appetite sharpener, blood maker and fleshbuilder. It fills the arteries with the rith, red, tissue-building blood of health. It does not make flabby fat like cool liver oil, but the solid, muscular and nerve tissues of health. It does not make corpulent people more corpulent. ple more corpulent.

"I want to inform you of a cure effected by Dr. Pierce's medicines." writes Mrs. Nelson Smith, of Mount Version Jefferson Co. Ilse. "About six years ago I had grip, ending with bronchitis and consumption. In the spring of 1956 my condition became very serious. I had consumption and I coughed day and night, could not lie down at all. Our family doctor said I could not get well. The neighbors came in to see me die, and a lady friend recommended Dr. Pierce's medicines so strongly that we immediately sent out and bought six bottles of 165 Golden Medical Discovery' and Havarite Prescription. After using these medicines, found I was receiving benefit and continued. I weighed to when I commenced taking medicines now weigh tro. I sleep well, have a splendid appetite feel well, and believe I am ontirely oured. I am thankful to God and to Dr. Pierce for those wonderful medicines. I want to add that I am a wonder to my neighbors and friends." ple more corpulent. .

National Lead Company Claims it Has Complied with the Missouri Anti-Trust Laws.

ST. LOUIS, Dec. 18 - The National Lead mount, through its attorneys, Boyle, Priss Lehman, filed its return today in the S ouls court of appeals to the application of Attorney General Crow for a writ of ourte problibiting it from doing business in Mis ours on the ground that it has not complied with certain providence of the anti-trus

BERTHERS. The respondent admits that it was organ ized under the laws of New Jersey with apital stock of \$30,000,000, but denies The school board is regarding with obsiety other allegations in the attorney genera liquot licenses which would make strict Crow that the company could not have been
