

DR. BENNETT'S ELECTRIC BELT

GREETING TO HUMANITY

IMMEDIATE RELIEF AND POSITIVE CURES HAS ALWAYS BEEN THE RESULT OF WEARING DR. BENNETT'S ELECTRIC BELT AS THE THOUSANDS WHO HAVE WORN IT, TESTIFY.

A HAPPY NEW YEAR.

FREE.

EVERY man and woman who is not in perfect health should have my NEW ILLUSTRATED BOOK, it is full of valuable and rare information and should be in the hands of every one whether they are thinking of taking my treatment or not. I will send it free, postage paid, for the asking, in plain sealed envelope.

I shall be pleased to send full name and address of any or all of the following who have kindly permitted me to refer any skeptical person to them.

clusively patented and solely manufactured Electric Belt. The weakness of the parent are bound to be born in the child—strength is natural, weakness is unnatural. I cannot cure fevers, pneumonia, smallpox, tuberculosis, nor will the Belt perform the science of obstetrics, but it does cure all and even more than I claim for it, and I give you a thousand fold the value of your money. Medicines are thrown to the dogs when you wear my Belt. The man or woman who has robbed Nature by abusing her laws must seek her magnanimous forgiveness through her most potent agent, Electricity, as applied by my Belt. Health cannot be regained unless the nerves are made strong and well. Ovarian troubles, irregular menstruation, hysteria, inflammation and womb troubles speedily pass away and cures have been made that the patient did not consider to be less than miraculous.

My Dr. Bennett's Electric Belt is the only one that does not burn and blister; it has soft, silken, water-reservoir, sponge-covered electrodes which allow the whole current of Electricity to penetrate the system.

Beware of imitation metal electrodes with chamois covering, that do not retain the moisture, but become dry and useless in a very few minutes, thus checking the current.

Dr. Bennett's water-charged sponge Electrodes are patented and cannot be used on any other Belts. When others claim to have them compare their Electrodes with mine, then you will not be taken in by false misrepresentations. My Belt is guaranteed for one year and after that can be renewed for 75 cents. No other Belt can be renewed at any price.

My New Electrical Suspensory for the cure of the various weaknesses of men is free to every male purchaser of one of my Belts.

East or West, North or South, it makes no difference where in this broad land of ours you are situated, I can treat you with as successful results as if you were to call on me at my office. Through my system of symptom blanks I can always diagnose your case accurately and recommend the strength and style of Belt required to effect a cure. Write today if you can, if not, just as soon as possible—delays are always dangerous. All advice and consultation is free to all, either by mail or in my office.

HAPPINESS

DR. BENNETT ELECTRIC CO.,

Rooms 15 to 20, Douglas B'ock, Opposite Hayden's, Corner 16th and D d e Sts., Omaha, Neb. Office Hours from 8:30 a. m. to 8:30 p. m. Sundays from 10:30 a. m. to 1 p. m.

IN THE WORLD OF SPORTS

Established Certainty that National League Circuit Will Be Reduced.

ITS SIGNIFICANCE TO WESTERN LEAGUE

In Reorganization of Base Ball Affairs

Minneapolis, St. Paul and Kansas City Will Likely Join New Western League.

It is rather anxious to be taken care of elsewhere. Sauspauh will enter no strenuous objection to being transferred from Minneapolis. Manning will, perhaps, be the hardest one of the trio to deal with, as he has become attached to Kansas City. Any objections he may make, however, will be overcome.

Minneapolis, St. Paul and Kansas City each has a large sporting contingent that demands a first-class grade of base ball and the support accorded the game in the past. It is the only one of the three that is not a member of the league, and the only one that is not a member of the league, and the only one that is not a member of the league.

There seems but little doubt now that the circuit of the National league will be reduced to eight clubs. The question was left undecided by the annual meeting of the league in St. Paul, Minn., last week. It was found that sufficient financial support for the team was not forthcoming and the promoters of the team wisely concluded to drop out on the start rather than to enter the season with poor prospects of being able to finish. Des Moines, too, will probably not be a member of the league, as the only one of the three that is not a member of the league, and the only one that is not a member of the league.

With these conditions present it is possible to advance the claim that the Western league is already tottering on the brink of ruin. No base ball organization ever had brighter prospects. It is true that Lincoln has dropped out and this move was a most sensible one. It was found that sufficient financial support for the team was not forthcoming and the promoters of the team wisely concluded to drop out on the start rather than to enter the season with poor prospects of being able to finish. Des Moines, too, will probably not be a member of the league, as the only one of the three that is not a member of the league, and the only one that is not a member of the league.
