MAY CLOSES ONE CENT OVER SATURDAY Corn and Onts Both Close at a Slight Advance, While Provisions

Weaken and Close Lower.

CHICAGO, Jan. 29.—British reverses, the Liverpool advance, zero weather over the bare domestic fields and the decrease in the world's and English visible supply combined in producing a strong and active wheat market here today, May closing 16. BUTTER—Common to fair, 15-ye; choice, 154218c; separator, 25c; gathered creamery, 25c; gathered cr wheat market here today, May closing it over Saturday. Corn closed a shade up and

wheat market here today, May closing is over Saturday. Corn closed a shade up and cats is improved. Provisions closed weak, 25-4674c lower.

The wheat market opened strong and active, May 16-26 improved from Saturday at 6815c to 6875c. The strength was due to the Liverpool advance and the cold weather. The English grain center showed the effect of the small world's shipments last week and the British reverses on the Trigela. Liverpool, however, lost part of its early gain and the advance met heavy selling. The market declined rapidly to 685-62 in the strength of the small world in the cold weather. The English grain center showed the effect of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small world's shipments last week and the British reverses on the fact of the small rate of the fact

The provisions market opened firm and higher on receipts of hogs under the estimate and stronger prices at the yards. The demand was slack, however, and the market turned heavy and closed easy. May pork sold from \$10.90 to \$10.67\fo and closed 2\fo \fo \$0.02\fo 0.60 to \$10.67\fo and closed 2\fo \fo \$0.02\fo 0.60 to \$5.02\fo 0.00 \text{pin} b \text{of } \text{of

market on account of the misfortunes to the British military campaign in South Africa. In spite of a drop of a full point in rica. In spite of a drop of a full point in British consols in London and conditions on the exchange there which cables to Wall street described as panicky, the opening declines here in international stocks did not exceed fractions and there was no pressure to sell, outside that for foreign account. The buying by the local traders proved sufficient to absorb this and to advance prices to Saturday's closing level. The course of the market during the rest of the day was exceedingly sluggish and the dealings were narrow and professional.

The industrial specialties continued to lead in point of activity. The speculation in Sugar showed some strength, the stock lead in point of activity. The speculation in Sugar showed some strength, the stock rising an extreme 2 points on a demand from the shorts, who covered on the announcement of a further advance in the price of refined sugar. Part of the gain was lost. There was continued movement in the local traction group, but its compass was small on account of the paucity of news developments. The session of the directors of the American Steel and Wire company seemed to be the ground for the strength in the company's stock, though no authentic news was received regarding dividend action before the close. Other metal stocks were fire in sympathy. Glucose Sugar made a show on strength on the judicial decision against the unconstitutionality of the Illinois anti-trust law. A drop of 2 points in Denver & Rio Grande preferred was unexplained by any news of the day. With the exception of these special movements the market continued near the level of stagnation.

Several incidents of the day point to the financial outlook as the true ground of hesitation in the speculative world. Speculators do not forget that it was the industrial and commercial activity of the country which encroached on the funds they had embarked in speculation in December and they are watching for the future rate of activity of business to define itself before availing themselves of the present ease of money, which, it is

fine itself before availing themselves of the present ease of money, which, it is feared, may prove ephemeral and illusory. Offerings of mercantile paper at present are light, but this is explained as being due to the employment by large mercantile due to the employment by large mercantile houses of the year's profits as working capital. The sharp upward course of sterling exchange today gives point to the apprehension that gold will again go out to help supply England's need for war expenditures. An official of the Imperial Bank of Germany quoted today attributes the case in the German market to an artificial maneuver made to prepare the market for municipal loans and the same authority asserts that Russin is to raise a loan. The future contingencies in the money market thus foreshadowed may help to explain the persistent indifference of speculators to the present abundance of funds.

The bond market lapsed into duliness today and price changes were mixed. Total

Commercial Advertiser's London financial
eablegram:
The markets here opened very flat today on the news of the retreat of General
Buller acros the Tugela. Dealers were
afraid to buy anything, but speculation
has been so attenuated recently that comparatively few sales resulted from the
stock and the initial decline was followed
by a slow, steady recovery from the nomstock and the initial decline was followed by a slow, steady recovery from the nom-inal prices first given out. There was lit-tle or no buying on the way up. Unless investors became panie-stricken it would seem that the markets are merely bara-lyzed. A late rumor on the board had it that the war office confirmed the reports of the relief of Mafeking. Consols ruled 1 point down to 99%.

UTAH. feeders, 608 3 to 77 feeders, 618 4 65 HOGS-For the first day of the week there Was a liberal run of hogs, but the market was a liberal run of hogs, but the market was not entirely to the liking of sellers. As a rule sellers were expecting to get a little more money for their holdings than at the close of last week, but in that they were disappointed. Buyers for some reason or other were indifferent and not inclined to put on anything. The early sales which included the good loads were largely at \$4.60\text{0.6}4.65, with some right good heavy and butcher weights at \$4.70. Buyers seemed to want the balance of the hogs at about \$4.60, which was not satisfactory to sellers, and want the balance of the hogs at about \$4.60, which was not satisfactory to sellers, and the trade accordingly was almost at a standstill for some little time. In the end huyers had their way and a good many of the late sales were at \$4.60, the market clos-

Ing weaker than it opened.

Taking the market as a whole it was not materially different from what it was on Saturday. The range of prices was just about the same and the general trade was in much the same conditoin that it was in at the close of last week. Representative sales.

SHEEP-The week starts out with a good Shifter—The week starts out with a good liberal run of sheep and with a good market. Packers were all out early this morning and bought up everything in sight at prices that were steady to 10c higher. The trade was active and the feeling on the market very good. Sellers were well pleased with the urbs exhibited.

market very good. Sellers were well pleased with the prices obtained.

From the sales below it will be noted that heavy wethers sold as high as \$4.75 and some yearlings and two-year-olds brought \$5.20. Ewes sold in about the same notches as last week, good westerns going at \$4.25@4.25@4.20. A bunch of lambs sold at \$5.10.

15018c. 74094c. Changes in Hawaiian Bill.

WASHINGTON, Jan. 29.—The Hawaiian bill was practically completed today by the house committee on territories and Chair man Knox with a subcommittee is preparing the draft of the revised bill with the intention of presenting it to the house this week Several important changes have been made in the measure. The chief of these is the striking out of all property qualifications for electors for the senate. Another change climinates the supervision given to the supreme court of Hawaii over actions in the senate and house and makes each house the judge of its own elections. The omission of the property qualification for electors is in the interest of the natives.

TUOLE NOT A PARTY TO FRAUD

All Reference to Him in Clark Investigation Stricken from the Record.

WASHINGTON, Jan. 29.-After almost a week's respite the senate committee on privileges and elections today resumed its investigation of the charges filed against Hon. W. A. Clark of Montana in connection with his election to the United States senate. At the beginning of today's session Mr. Campbell, counsel for the protestants, made a brief statement exonerating Hon, J. K. Toole from any unfair participation in the election of Clark. In making the statement Mr. Campbell said that the prosecution had been informed before the witnesses were called that Toole had secured money as a consideration for his withdrawing from the senatorial race in Clark's interest and on this account Toole's bank account had been gone into in making the investigation.

Since the beginning of this proceeding the prosecution had become convinced that this accusation was without foundation and was satisfied that Toole had not been in any was dishonorably connection with Clark in the election. Hence Campbell expressed the desire that any reference to Toole should be expunged from the record of the committee's proceedings. Mr. Faulkner, for the defense, concurred in this wish.

The first witness of the day was Ed V. Moore, fusion representative in the Montana legislature from Meagher county, and at present engaged as a dairyman and owner of a cold storage plant at Bozeman. Mr. Campbell, in his questions, sought to bring out the fact that Mr. Moore had suddenly come into considerable money since the ad-

journment of the legislature. Moore admitted that he had deposited considerable money at the bank since adjournment, but he said he had received \$2,500 from his partner, J. P. Rhoades, and over \$3,000 from his brother. He had sold the latter a half interest in a ranch for \$7,000 and this money had been in part payment of this obligation. He had also borrowed money at the First National bank at Boze man.

Mr. Moore stated that he had not voted for Mr. Clark until the eleventh or twelfth ballot, having previously voted for Mr. Hartman for senator. He said in reply to Mr. Faulkner that he had received no offer of pay for his vote for Mr. Clark and no consideration was given him for that vote. As between Clark and Daly, the people of

Meagher county were friendly to Clark. George L. Ramsey, cashier of the Union Bank and Trust company of Helena, the next witness, produced a memorandum of \$1,000 bills paid out by the bank, heginning with January 10, 1899. The record showed that the bank had had demands for large bills from the State Savings bank of Butte, sending the institution \$30,000 on the 7th and another \$30,000 on the 13th of that month in these bills. Most of the large bills were received from other banks but occasionally one or two were deposited at a time by individuals. For the month of March sixty-seven \$1,000 bills passed through the bank; for the month of February seven and for January twelve. For other months the average was about the same as for January and February, but not so large as for March, when the demands of the Butte banks for the large bills were met.

Among the individual depositors of large bills were Massina Bullard, a Helena lawyer; Deputy County Clerk Berry, J. E. Cullen and J. H. Geiger, who successfully con-tested the seat of Whiteside as a state senator. In the latter case the bill was of the denomination of \$500. Mr. Bullard had not only deposited a \$1,000 bill on February 7. but had received \$3,000 in thousand-dollar bills on the 2d of that month.

In response to questions Ramsey stated that in May last Geiger had deposited a to firm; good to choice, \$5.25@6.25; poor to certificate of deposit from the bank for medium, \$4.00@5.00; mixed stockers, \$3.26@ \$2,500 in exchange for which he had given medium, \$4.0005.00; mixed stockers, \$3.2500 \$2.500 in exchange for which he had given 3.85; selected feeders, \$4.2004.85; good to choice cows, \$3.4004.50; helfers, \$3.2505.00; canners, \$2.2002.80; bulls, \$2.5004.25; calves, \$4.5002.80; fed Texas beceves, \$4.0005.20.
