Relief from pain is so immediate that patients sometimes imagine that the Pyramid Pile Cure must contain some form of cocaine or opiate, but a careful analysis shows it to contain no opiate, cocaine or any injurious drug whatever; in fact, it is guaranteed absolutely free from any deleterious

substance. The old methods of treating piles by ligature, knife or the still more cruel treat-ment by dilation, besides causing intense pain and frequently collapse and death, are now known to be practically useless as far

as a permanent cure is concerned. Nearly every case of piles may be traced to faulty action of the liver, and it is a mistake to treat the trouble entirely by local applications of salves and ointments or by any kind of operation. The new treatment by the Pyramid has clearly demonstrated its

superiority over all of these. The Pyramid Pile Cure is strictly scientific both in its composition and in its therapeutic action, and the best feature of it that it is perfectly safe and harmless. No
