MOVEMENTS OF STOCKS AND BONDS. Remarkable Dull Day in Trading, but

Significant in Negative Way. NEW YORK, March 9.-A day of remarkable duliness in the trading and slight movement in prices in stocks was nevertheless highly significant in a negative way. There was some interest in Sugar, which covered two-thirds of its dividend. There U.S. 28, reg. 1925 No. Carolina 68, 112 was pressure against Metropolitan, which fell at one time to 102, and Pittsburg, Cin-currati, Chicago & St. Louis dropped Ve-without explanation. Third Avenue, Con-solidated Gas. People's Gas and some other

Nevertheless, the subtreasury has taken if from the New York banks during the week as much as last week, the total footing up \$1.578.000. In addition the net shipments of the cash by the banks to the interior by express amount to nearly \$2.500,000, compared with a small gain from the same source last week. This may be partly offset by the registered mail covering.

Considering that the surplus reserves were below \$14.00.000 last week and that the money market has shown no other sign of disturbance than a slight hardening in call loan rates to i per cent, opinion in the street is prepared for some surprising showing in the loan account in tomorrow's statement.

The unruffled demeanor of the stock market in face of this drain on money resources make it clear that loan obligations on account of stocks held are small.

Sterling exchange was heavy today in spite of some small selling of stocks for London account. The question is canvassed of the effect upon the New York money market of the casier tendency of money in London, which it is expected will be caused by government disbursements for the purpose of making a market for the new government loan. Easy money in London would invite gold imports to New York. It is worthy of comment in considering the sterling exchange outlook that announcement was made in Wall street today that subscriptions would be received for the new English loan.

for Saturday. Other markets were also to be lower, all grades, \$1709 (30); bulk of well supplied, so that there was a weakening in values all along the line. The markets at this point, in sympathy with the general run of mixed longs said largely at \$1.70, while yesterday there were more at \$1.70, while yesterday there were more at \$1.70, then at any other price. The light \$1.70, then at any other price. The light ket at tils point. In sympathy with the growth weakness was a shade lower. The growth run of mixed hogs sold largely at \$1.70, while yesterday there were more at \$1.70, while yesterday there were more at \$1.70, than at any other price. The light hog market was decidedly slow. The supply of light hogs at all the market results is large and sellers are discriminating against them. A load of light hogs by irself is hard to sell, as buyers are all looking for heavy. This morning buyers would pay \$1.77-91.80 for right good heavy or fat backs quicker than they would pay \$1.67-91.80 for right good heavy or fat backs quicker than they would pay \$1.67-91.80 for fight hogs.

Sellers were not at all anxious to take aff anything this morning and that fact helped to make the market a little slow, then the reluctance of buyers to take the lightweights prolonged the trade somewhat, still practically everything in sight changed

No new features were developed in the beef steer market this morning. Such cattle as buyers wanted sold at just about steady prices, and owing to the fact that there were so few on sale the most of the offerings were soon disposed of. The prices paid were just about the same as prevailed on yesterday's market and there was no quotable change.

Cows and heifers were in good demand and the market was steady and fairly active, so that practically everything changed hands early in the morning. There were a few pretty good corn-fed heifers, as will be noted from the sales below at \$4.003425.

Leaves Liberals Leaderless, ST. PAUL, March 8 - A Winnipeg, Man, special to the Dispatch says: The Liberals are placed in rather a queer position over the Beautiful Plains election tomorrow. If Davidson is defeated by Bremer Hough Sir McDonald will ask the governor to dissolve the House. If he does so the liberals will find themselves practically leaderless

and the result will be disastrous to them.

The question talked of today is: "Will the governor grant the dissolution?" Plague Quarantine Still Enforced. SAN FRANCISCO, March 9 .- The quarantine of Chinatown instituted several days ago owing to the auspicious death of a Chinaman, who, it is claimed, showed symptoms of the plague, is still enforced. The doctors who have been investigating the case may make a report today. The rats and guinea pigs inoculated with germs taken from the deceased Chinamen are still

alive.
