CITY ELECTION COMES TODAY

Council Bluffs Voters Will Again Choose Men to Rule Over Them.

FULL LIST OF THE POLLING PLACES

Candidates Spend a Busy Sunday Putting the Finishing Touches on the Campaign—Result Likely to Be Mixed.

The candidates had but little rest Sunday. The amount of electioneering which they did was perhaps not so great as on some of the previous days of the campaign, but it was more in the nature of putting on the finishing touches. The judges and clerks had to be brought together and instructed as to what was expected of them, a few doubtful voters had to be seen, and the other little details had to be gone through with that are a part of the usual duties of the Sunday before election.

A true prophet would have earned a good day's salary if he had set up a shop in Council Bluffs yesterday. It is conceded that no one knows what the probable result of the election today will be. Even those who usually pride themselves on being able to forecast political events have little to say. One reason for this is the large increase of registration this year. It is said that in the neighborhood of 300 names have been added to the polling lists during the last two weeks. A part of these are transfers, but by far the majority are new men who have come to town. What their politics are is a matter of some uncertainty. Still, the republican leaders claim the head of the ticket and a good share of the balance.

MINING IN THE BLACK HILLS

Latest News of Interest from the Rich Mineral Regions of South Dakota.

DEADWOOD, S. D., March 25.—(Special.)—The Portland Gold Mining company of Clinton, Ia., is now shipping seventy-five tons of ore per day to the smelter and cyanide works in this city. All of the ore comes from the Black Hills contact, which is 300 feet higher than the contact in the north.

The company has now bonded the Decorah mine, which is located down in the gulch on the lowest ore contact and a long tunnel is being driven into the mountain to determine whether or not the bodies will be found at that level or not.

In this same district is one of the most promising mines in the Black Hills, owned and now being operated by the Dakota Mining company. This company has opened up several hundred thousand tons of ore that is amenable to the cyanide process and is operating a twenty-five-ton cyanide plant at Central City. The Elkhorn Railway company has recently put in a spur at the mine and another spur is to be built to the mill.

The Horshoek Mining company has made an arrangement with the Sunset Mining company of Milwaukee to use the latter's hoist while a long drift is run across several claims belonging to the Horshoek company in the Sunset ground. The Sunset company is still drifting on the contact, but metamorphosed veins that were encountered near the shaft. About 200 feet east of the shaft there is a mineral zone about 200 feet in width and the principal work is being centered on a drift to the south on this vein. The ore carries values, but not quite high enough to pay mining expenses.

There is now net much question about a railroad being built into the Galena mining district this season. One of the most promising mining sections in Lawrence county is found on the contact, which is about three miles out and extending about eight miles to a point beyond Galena. This district would embrace the Spruce gulch, Two Bit, Strawberry gulch, Butcher gulch, Bear Butte and Galena districts and it would give access to the twenty-five old mines and 100 or more very rich prospects. In the Spruce gulch district the Belle Kidreave mine, owned by Aaron Dunn and associates of this city, is producing several tons of ore every day, which is hauled to the mill at Edgeley. The original Hardin mine is producing about fifty tons of ore daily, which is also hauled to the smelter. A number of other mines in this camp would commence to produce ore if there were better transportation facilities. The project of building a line and Smelting company, now the Galena company, has commenced shipping ore from one of the several mines, the Eureka, to the Deadwood smelter. This company has in the past few months done a large amount of development work, which has opened up several very promising veins of ore.

The Golden Reward company last winter purchased the Old Oro Fino mine, which was owned by the Deadwood and Delaware company. The mine is being drained of water and it would be sunk near the big ledge of pyritic ore.

It is very gratifying to the Black Hills people to have the Union Hill company commence shipping ore. This is the company that was generated by Francis Grable, the promoter of Edgeley, in a quarry, and smelter. When he collapsed every one believed that the Black Hills had received a blow which it would never survive. The management of the company fell into much better hands, than Grable ever gave it and the project has been extremely satisfactory to every one concerned.

Omaha Firm Gets Contract.
CHEYENNE, Wyo., March 25.—(Special.)—The Wyoming Development company today opened bids for constructing the dam for the company's reservoir, located about twelve miles from Rock creek, on the Union Pacific. There were seven bids submitted and by the far the lowest was made by Connelly & Shaw, Omaha; Phelan & Shirley, Sidney, Neb.; O'Rourke & Co., Omaha; Wilson & Co., Laramie; Bromley & Co., Green River; McGarvey & Bradley, Cheyenne; J. McLean, Pueblo.

The contract will be let to Messrs. Connelly & Shaw, whose bid was \$34,000 lower than that of Phelan & Shirley, the next lowest bidders.

The contract calls for the removal of 34,000 cubic yards of earth embankment, 15,000 cubic yards of stone and 4,200 cubic yards of gravel ripraping.

When completed the dam will be one of the largest in the west and will hold back the waters of one of the largest reservoirs in the world. It is expected that work on the project will be commenced at once.

Room Rents Estate.
YANKTON, S. D., March 25.—(Special.)—This spring opens up with quite a boom in real estate in the farming districts in this vicinity, which is bringing good prices. The following are records of transfers just made: Andrew Hanson, 450 acres, north of Yankton, to L. A. Kautz for \$10,000; Thomas Edwards to J. M. Duns, this city, eighty acres for \$2,000; Thomas Edwards to Martin Jensen, this city, eighty acres for \$2,000; L. H. Elliott, 320 acres north of Volin, to Mrs. Catherine Tilton for \$6,500.

Another Railroad Scheme.
WHEATLAND, Wyo., March 25.—(Special.)—This community is again stirred up by the appearance of a party of surveyors in charge of an engineer named Nequa. The party has been in the field for several weeks and has surveyed a line from a point on the Burlington's Alliance-Guernsey line about two miles east of Fort Laramie, following the Little Snake river as far west as the mouth of Ohngwater creek. From there the survey leads the Burlington and, verging to the south, follows up the east side of

the Ohng valley until Wheatland is reached. The survey crosses the line of the Cheyenne & Northern about 500 yards north of the depot and passing through the northwestern part of town continues on in a southwesterly direction. The engineers will say nothing about their work, but it is being conducted with great secrecy. That another road is to be built through this section no one doubts, but who is back of the scheme is a mystery.

M. W. A. dance tonight, Hughes' hall.
Mr. Riley 5-cent cigar.

Appeal for the Poor.
I wish to announce that I am an independent candidate for delegate-at-large to attend the third annual Iowa state convention of Associated Charities and Corrections, to be held at Cedar Rapids, Tuesday, Wednesday and Thursday of this week. One of the great problems that should command the attention of the people is the care of the poor and unemployable of our cities. It will cost \$12.50 and Council Bluffs should be represented. I am willing to give my time. Will fifty individuals give 25 cents apiece and thus authorize me to represent Council Bluffs?
HENRY DELONG.

Commonwealth for cigars are good cigars.
Prosperous Times Coming.
CRESTON, Ia., March 25.—(Special.)—Creston is on the verge of five years of prosperous times and a more satisfactory atmosphere of assured prosperity pervades the town than ever before in its history. It is almost impossible to rent a house, and there is not the slightest shadow of idleness of a single man, or married one either for that matter. The Burlington is responsible for the assurances of better things, because that road is already at work making arrangements for a new line, a double track from Murray to this city. Long improvements are promised, a new government building is to be erected, and taken altogether Creston is happy. The Burlington will have 500 men at work in this city and vicinity for the next three years.

Wanted for Embezzlement.
LEAD, S. D., March 25.—(Special.)—The police meeting at the meeting of Henry Jacobs the hardware merchant of this city, who is wanted for embezzling \$1,500 from the Sioux Falls Co-operative Building and Loan association. Jacobs has not been seen in this city since last Sunday, when he was arrested at the meeting. He boarded the Elkhorn train and went east. He had received the insurance money from his burned stock of hardware before starting. The general agent of the association was willing to settle the matter by a joint check of the police and Jacobs, which would have been excellent security, as some of them are wealthy. Jacobs, it is now learned, appropriated \$500 of the association's money several months ago and has since been on the run.

Case Brings Sensational Developments.
CHEYENNE, Wyo., March 25.—(Special.)—Another sensation was sprung in the Gerber divorce case yesterday. An affidavit was filed by Mrs. Gerber's attorney charging Attorney Michael Barry, counsel for Gerber, with attempting to bribe the witnesses of a joint case on the same date from \$5,000. A motion for a continuance was filed by the defendants, but was denied by Judge Scott. Immediately an affidavit of judgment was filed. Judge Scott telegraphed to Judge Craig of Hawkins to hear the case. More sensational developments are expected.

Stockmen's Association.
RAPID CITY, S. D., March 25.—(Special.)—The annual meeting of the Western South Dakota Stockmen's association will meet in this city April 10, at which time the spring roundup will be planned for.

Magie City Gospel.
The democrats have opened headquarters over Clark's drug store.
Saturday, March 23, is the date set for a revision of the registration.

Remember the best sugar meeting at the council chamber Wednesday afternoon.
Thomas L. Broadhurst of Twenty-fourth and I streets reports the birth of a son.
The Dewey parade pictures at Blum's hotel are reported to be well worth seeing.

All the republican candidates for the city council are making a great campaign.
There will be a big meeting of the special-American club at Blum's hall tonight.
All differences between Buck & Son and the labor unions have been amicably adjusted.
A daughter has been born to Mr. and Mrs. Leon Saunders, Twenty-eighth and Twenty-ninth streets.

The Master Carpenters' union will meet at the office of Building Inspector Dunscombe this evening.
A broken trolley wire on Twenty-fourth street yesterday caused a considerable delay to the traffic between this city and Omaha.
Receipts of cattle so far this year show an increase of 25,000 head over the corresponding period of last year.

Her receipts here are on the increase and reports are to the effect that heavy shipments from Iowa are coming here shortly.
It is reported that a special meeting of the city council will be held this week for the purpose of disposing of a lot of unshipped business.

M. B. Smith, Butternut, Mich., says, "De Witt's Little Early Buds are the very best pills I ever used for constiveness, liver and bowel troubles."
On account of the above injuries the city is called upon to make a levy for the payment of \$4,000 in damages.

In connection with these two cases, A. R. Kelly, the republican candidate for mayor, said yesterday:
"There is no good reason why the city of South Omaha should be able to recover the amount of damages in these cases if the proper effort is made. According to the bond filed by the Omaha Gas company to indemnify the city against loss in case of this kind, the city should not lose a cent in the outcome, and I am heartily in favor of instituting the proper procedure to enforce the terms of the franchise ordinance."

Vacancy in the Council.
During the last few days a member of persons have been engaged in circulating the report that A. R. Kelly, if elected mayor would appoint certain persons to fill the vacancy in the council caused by his election. Regarding this matter, Mr. Kelly says: "I am seeking the election on the platform of principles declaring for a declaration of principles and expect my support from those interested in an improved condition of affairs, and not from promises to politicians or any set of men for personal aggrandizement. I have held out no inducements to anyone for employment in any capacity and I believe it is the duty of the chief executive of the city to confer with those interested in good government before making any appointments."

Trustee's Case.
The case of Trustee's trustee, as against the city of South Omaha, has been decided partially in favor of the city. Tuggles brought suit for the purpose of having declared illegal special and regular taxes on certain Q street property. In this case the city was represented by City Attorney Montgomery and the court refused to disturb the assessment of regular taxes on the property.

erty, but held adversely to the city as requested special taxes. This suit was brought to prevent the payment of taxes on the property in question for the last five years. While the regular taxes must be paid the question of special taxes is still in abeyance, as the city may take an appeal.

Candidates' Nominating Expenses.
According to law all candidates have filed a certificate of expenditures with the city clerk. On the republican ticket A. R. Kelly certifies that the nomination cost him \$28, while Dr. Slabough says that he spent \$7.50 in advertising his candidacy in local papers. Frank Koutsky, the republican nominee for city treasurer, spent \$3 for printing and advertising. Neils Nelson, candidate for city clerk, avers that his nomination cost him nothing.

Adkins, Miller, Dvorak and Martin, candidates for the city council, assert that they did not spend a cent for the nomination.
Colonel Lott and A. V. Miller spent nothing for their nomination on the school ticket, and Theodore Schroder says he expended \$6 for printing and advertising and \$1 for car fare.

On the democratic ticket Tom Brennan avers that he expended \$5 in printing, while his opponent in the race, F. J. Freitag, admits that he spent \$95 in trying to get the nomination. Dan Hannon, according to his filing distributed \$70 in hopes of getting the nomination for city treasurer, Kelly P. J. is expected to turn over the election, he did not put out a dollar. Peter E. Ellasser, who succeeded Beck on the ticket, asserts that his nomination did not include any expenditure of money. It did not cost Sam Shrigley, candidate for city clerk, one cent. J. J. Wear and George Darrow, candidates for the city council, assert that they both spent \$5 each for printing.

On the labor ticket all of the candidates declare under oath that they were not called upon to spend any money to secure the nomination.

Mayor Will Not Resign.
Mayor Ensor has returned from his hunting trip and says that all the talk about resigning is hokey. He stated yesterday that he expects to close a business deal in the south this week and if he does he will be obliged to go to Texas. In case he leaves during the week it will be necessary for him to remain at least ten days, but he hopes to be able to conclude his business and get back before it is time to turn over the office to his successor. The mayor further asserted that he did not propose to let go of his office until his time was out unless he found that it would be impossible for him to return before the expiration of his term.

Republican Candidates Busy.
All the candidates on the republican ticket were busy yesterday circulating among the voters and several meetings were held, at which there was a good attendance. Today the work of the campaign commences in earnest and it is expected that meetings will be held nightly. All the candidates are making a personal canvass and the results are exceedingly gratifying to all concerned. Announcements of the meetings to be held by the republicans will be made daily through The Bee.

South Omaha News.
A jury in the district court has awarded a verdict of \$3,000 against the city of South Omaha, received by James Burke, owner of a milk route and one morning some months ago he was driving north on Twenty-third street when his wagon was overturned by reason of the horses becoming frightened at the excavations made by a contractor in the gutter. The driver, who accompanied his father in the wagon, was quite badly injured in the wreck, and the father brought suit for damages, with the result above mentioned.

At the time the Omaha Gas company was granted a franchise to lay mains in South Omaha a company was given the right to be blameless for any injuries or damages which might result from the digging of trenches. This bond is still in force, but it seems that the city is compelled to bear the brunt of the battle as well as all of the expense.

Another suit of a similar sort is the decision of Judge Baxter's court, the city council must, at the time the next levy is made, provide for a \$4,000 judgment to pay for personal injuries received by Paul Eisfelder. It will be remembered that Master Eisfelder broke an arm while jumping across a gas trench in the gutter between Twenty-fourth and Twenty-third streets. The boys who were playing about the trench had been warned away by a watchman, but they persisted in their play, with the result that Paul Eisfelder was injured.

Antislavery Iowa at Monterey.
MONTEREY, Cal., March 25.—The United States battleship Iowa, flying the flag of Rear Admiral Kautz, arrived here today. The Iowa is bound north from San Diego. She will remain here one week.

Forecast of the Weather.
Monday and Tuesday to be Fair in Nebraska with Variable Winds—Warmer in Iowa.

La Grippe and Consumption CURED BY Duffy's Pure Malt Whiskey

(For Medicinal Use)

The old family remedy, the standard of purity and excellence for nearly half a century, is the only absolute cure for Grip and Consumption. It not only cures the dread disease, but tones up the system and stimulates the heart action.

DR. WILLARD H. MORSE, F. S. C., American Director of the Bureau of Materia Medica, says:
"Duffy's Pure Malt Whiskey is the only reliable and absolutely sure cure for the Grip, Pneumonia, Bronchitis, Consumption and wasting diseases from whatever cause."

Over 7,000 doctors who think as Dr. Morse does, prescribe and recommend Duffy's Pure Malt Whiskey.

Duffy's Pure Malt Whiskey is a food for body and brain. It has stood severe tests for forty years, and has always been found absolutely pure. All druggists and grocers, \$1.00 a bottle. Book sent free.

DUFFY'S PURE MALT WHISKEY CO., ROCHESTER, N. Y.

DR. BENNETT'S ELECTRIC BELT

Is the only wonderful conveyor of electricity to the human system yet devised. It is a godsend for weak men and is demonstrating its virtue every day in cases where lives seemed wrecked and the most powerful drugs and medicines passed through the heart and nerves to healthy action and give even temporary vigor. Many have come to me and weep like children trying to recount the same story of physical suffering. I have taken hold of these men with common sense logic that my belt acted as a magnet, passing through the entire body instead of harnessing and keeping them on the outside, and in a few months I cured these men so that they are an strong, fine examples of humanity as any one would wish to meet.

My belt has never failed to cure the worst forms of Lost Vitality, Varicose, General Debility, Rheumatism in every guise, Constipation and Female Complaints, and Stomach, Liver, Kidney and Bladder troubles. It is the only belt that will act as a part pay for one year's cure, which it can be renewed and will last many years. No other belt can be renewed for any price.

My patent, but when you examine them you will see why mine is preferred, and when you put it on you will KNOW WHY. If you have an old-style belt that burns or gives no relief I will take it as part pay for one year's cure.

My new electrical suspensory for the cure of various weaknesses of men is FREE to every male purchaser of one of my belts.

Write to me, giving me a clear statement of your case, and I will hold your name in sacred confidence, advise you, and send you my book, "THE FINDING OF THE FOUNTAIN OF ETERNAL YOUTH," sealed in a plain envelope.

OFFICE HOURS—From 8:30 a. m. to 8:30 p. m. Sundays—10:30 a. m. to 1 p. m.

Chronic Constipation—caused by "The Pill Habit"

The gripping pills, nauseating powders and weakening salts with which you abuse your bowels, are relics of the days of "bleeding," "calomel" by the spoonful and "jalap dosing"—obsolete methods whose "cure" was worse than the disease.

Violent purging will never cure Constipation! After the griped and tormented bowels have been cleared of their contents they feel sick, exhausted, weak and worn out. All matter that enters the bowels has to be forced out by another "dose" larger than before.

"The Pill Habit" is the danger of which should be apparent to every one! You go from one pill to six, and even a whole dozen every "dose." Instead of being active, healthy-looking and sending your bowels through channels which must be built up in action, and, as a consequence, health is lost and painful sickness becomes your lot.

Dr. Kay's Renovator Tablets
Not 25 cents for 25 doses. They are easily swallowed, pleasant and palatable. Tablets which act permanently and gently, but ALWAY effectively, on the bowels. Never weaken or sicken, but strengthen the bowels and side them to do their own work. "Pill Habit" victims find them wonderful eradicators of distressing constipations, restorers of bowels' natural action, correctors of the bowels, correctors of all troubles of the stomach, liver and kidneys.

No remedy cures Constipation with as little "fuss" as Dr. Kay's Renovator Tablets.

HERE'S OMAHA PROOF!
W. R. ROBERTS, for years cashier of Citizens' Bank, Omaha, Neb. (after telling of his wonderful cure of long-standing Dyspepsia), says: "I found Dr. Kay's Renovator most pleasant, no gripping or sickness at the stomach. One 25-cent box will convince any one that they surpass the whole train of pills and powders."

REFUSE SUBSTITUTES. Remedies actually "Just as Good" as Dr. Kay's Renovator and Dr. Kay's Lung Balm, are not made or sold by any one except where it is drugged or from us on receipt of price. Dr. Kay's Renovator—25 cents and 50-cent boxes. Dr. Kay's Lung Balm—10c and 25c. Address us for Free Medical Advice, Samples and Catalog.

DR. H. J. KAY MEDICAL CO., Saratoga Springs, N. Y.

When you have dental work done why not have the best?

It costs no more than inferior work and is certainly much more satisfactory. We guarantee to please you both in quality of work and in price. Telephone 145.
