Wool Market.

Wool Market. BOSTON, April 3.- The American Wool and Cotton Reporter tomorrow will say: The wool market continues dull. Some houses report a little more looking around on the part of the consumers, but there is no improvement to be noted in the actual demand. Manufacturers as a rule are in need of wool. Nothing but favorable re-ports are received from the goods trade. Some of the impatient ones have, after waiting three months for an active busi-ness, resolved to make business by letting their wools go at concessions. The sales of the week in Boston amounted to 2464-000 lbs, domestic and 100000 lbs, foreign, making a total of 2.716000 for the week, against a total of 2.716000 for the cor-responding week last year. The sales since responding week last year. The sales sine January 1 amount to 42,729,000 lbs, agains 49,076,300 lbs, for the corresponding time last year.
