"I wish at this time to speak just a moment about our new chancellor. I feel that those of you who are interested in oratory and public speaking should be very enthusiastic over the calling of this man, who is known as not only an author and educator but as an orator. You will have, if he comes to us, and I trust that he may, a man who will lead you and who will encourage you in this work. Now, there is a rumor that he may not accept. Let us pray that this may not be so, because I am fairly convinced, young men and women, that if we can prevail upon this great man to come to us, he will help you in such work as you are interested in at this mass meet- brasks and Colorado.
