Board of Health today. This makes the list of infected towns reported this week more than half a dozen. Dr. Kennedy, in speaking of the reports, said: "I did not think the disease was dying out, but from this week's reports I judge that I was mistaken. There may be quite an epidemic yet before we are through with it. There is far more danger from the disease in places where vaccination is neglected than from lack of quarantine, and I wish we could impress this upon the people. We have had the most trouble from the disease at Frazier, where it has existed for several months and the local health authorities, including the local physicians, have refused from the first to recognize it as anything but chickenpox."

A committee from the Ministerial association called upon the mayor today and asked him to stop all slot machines in the city. The committee announced that it will push the fight against this form of gambling until every machine is gone.

John B. Henderson of Cedar Rapids and Frank W. Chamberlain today headed the delegates for three years and will turn it into a theater that will be one of the largest in the west, seating as it does 4,000 people and the stage being larger than that of the auditorium in Chicago.

Henderson and Chamberlain have a circuit of opera houses in Iowa and Illinois to the number of about a dozen and Des Moines will be made a part of that circuit.

Chamberlain manages theaters at Peoria and Quincy, Ill., and Davenport and Burlington, Ia. Henderson manages Green's opera house at Cedar Rapids.

The democrats in county convention today endorsed Bryan and the Chicago platform, the initiative and referendum and took a stand against expansion "except as to contiguous territory." W. A. Spurrer, national committeeman for the Iowa silver republican party, announces that the party will hold a convention in Des Moines, May 2.

One of the latest candidates for the vacancy in the council is G. P. Francisco. It is understood that Mr. Francisco has the hearty support and the endorsement of the Young Men's Republican club.

An officer of the club said last night: "As we agreed to every member of the club worked hard for the success of the republican ticket and while we have made no demand we feel that it is no more than right that one of our members be given recognition. By conferring among ourselves we agreed to support Mr. Francisco for the position. He is thoroughly competent in every way and we consider it in the young republicans if he is named by Mayor Kelly and confirmed."

In connection with the reorganization of the police department Mayor Kelly said yesterday that as soon as he selected a chief of police more removals will be made. It is the intention of the mayor to have every police officer give a surety bond in this way good men will be secured. Any appointee who cannot give a surety bond will not be allowed to remain on the force.

The petition of chief has been offered to Miles Mitchell, but he has not accepted it formally as yet. It is thought that a decision will be reached in a few days, and then the reorganization movement will be completed.

Methodist Missionary Services. Special Easter services will be held at the First Methodist Episcopal church at 11 o'clock this morning. There will be special music, considerable attention having been paid to this feature of the service by the choir. Pastor Johnson will preach on "The Doctrine of Resurrection." The day will also be observed as missionary day and a special missionary offering will be made.

The missionary work is considered of great importance. Rev. Johnson requests that members of the congregation compare to make the offering customary on such occasions.

Easter Day at St. Martin's. Rev. Irving Johnson and St. Martin's choir will render special Easter music at the 11 o'clock service today. The other service will be the celebration of the holy communion at 6:30 and 8 a. m. Morning prayer will be at 10:30. In the evening Rev. Johnson will continue the series of sermons on the topic, "Why I Gave Up Skepticism and Became a Christian." The special subject for tonight is, "Our Christian Heritage." The offering at all services will go toward improving the church property.

Cleaning the Alleys. Sanitary Inspector Montague is engaged these days in serving notices on residents to clean back yards and alleys. Some delay in the fulfilling of these orders is expected on account of the uncertainty of the tenure of office of Garbage Master Lenagh. If reports are true, Lenagh does not answer calls as promptly as the inspector would like to have him. Matters of this kind will be straightened out in a few days, however, and the work of cleaning the city will be commenced in earnest.

Missionary Social. On Tuesday evening the Woman's Home Missionary society of the First Methodist Episcopal church will give a social at the home of Mrs. P. A. Cressey. The members of the society have undertaken to earn \$1 each. At this gathering they are to bring the dollar and give a concise account of just how they earned it. An enjoyable time is expected. Mrs. George Strang will sing and Mrs. A. H. Borsheim will deliver an address.

Presbyterian Easter Services. The fifth annual Easter Eucharist and musicale of the First Presbyterian church will be observed at 11 o'clock tonight. Special music will be one of the features as the choir, composed of Mrs. Nellie Sage, Mrs. E. S. Harrell, Mrs. Ed. Munshaw, Miss Mable Rich, Fred Guthrie, C. W. Hill, J. B. Smith and Charles Campbell, has been in training for some time. Lucy S. Eads will preside at the organ.

Clark Wins a Bicycle. Jesse Clark, one of the Bee carriers, won the Stearns bicycle offered as a premium for the carrier tending in the largest number of subscribers within a specified time. Young Clark showed his hustling abilities by turning in 195 names of new subscribers. Another point in Clark's favor was the fact that a majority of his subscriptions were paid in advance.

Magic City Gossip. See Ed. Munshaw & Co. for lumber. Tel 285. See Joe Murphy for bargains in real estate. Mrs. Hamilton, a nurse, is reported to be quite sick.

A son was born yesterday to Mr. and Mrs. Daniel Hampton. Special prizes and places Chinaware, Coleman, Jeweler, N street. Open cars are now being run as trailers on the Sherman avenue line.

The Lotus club will give a dancing party at Masonic hall at 10:30 p. m. tomorrow night. Mrs. R. W. Havens, who is seriously ill, was reported some better yesterday.

Ensign Anderson of the Salvation Army will speak at the local barracks at Twenty-fourth street fire hall. The Union Stock Yards Relief association will give a ball at the Exchange hotel on Friday evening, April 20.

SOUTH OMAHA NEWS.

The suggestion made a few days ago in regard to dividing the First ward seems to be meeting with favor in all sections and it is more than likely that steps toward this end will be taken before long. It does not appear to be the desire, however, in some circles to increase the number of wards. A division of the First ward is deemed absolutely necessary and in order to prevent an increase in the number of wards it may be necessary to merge the Third and Fourth into one. By doing this the vote of the city will be more evenly divided and the number of councilmen will not be increased. If an additional ward is created it will be necessary to appoint two councilmen to serve until the next election. This will increase the city pay roll \$500 a year. Mayor Kelly has agreed to save this sum to the taxpayers by practicing economy in all departments, but the financial problem is not the most serious one to be considered.

By adding two councilmen the total will be ten, one more member of the council than Omaha has. There does not seem to be any necessity for enlarging the council, so that if the voters in the First ward are to secure relief it will most likely be brought about by the consolidation of the Third and Fourth wards.

Another question of interest in municipal circles just now is the appointment of a councilman to fill the vacancy caused by the resignation of A. R. Kelly. Mayor Kelly has named C. C. Clifton for the place, but the council refused to confirm him. Many republicans are considering it in order for the mayor to name some other republican and to keep on submitting names until the council confirms. It is possible that some action may be taken in this matter at the meeting Monday night.

One of the latest candidates for the vacancy in the council is G. P. Francisco. It is understood that Mr. Francisco has the hearty support and the endorsement of the Young Men's Republican club.

An officer of the club said last night: "As we agreed to every member of the club worked hard for the success of the republican ticket and while we have made no demand we feel that it is no more than right that one of our members be given recognition. W. S. King, chief engineer at the stock yards, left for Amesbury, Mont., yesterday, to be gone about ten days.

Mrs. E. E. Reed and Miss Grace Jackson known restaurateur, entertained the dozen St. German friends for a few days.

The women of the Christian church gave a mission tea at the home of Dr. W. H. Sibaugh on Friday afternoon.

On Friday night Otto Maurer, the well known restaurateur, entertained the dozen St. German friends for a few days.

You know all about it. You are a perfect slave to your work. It's rush through the day and worry through the night. There's no time to eat and no time to sleep. How long do you suppose you can fight Nature in this way? She is patient, stands a great deal, but she is sure to strike back if you continue to ignore her laws. Perhaps even now the first blow has come and your stomach has given out. Then your food distresses you, does you little good. You have nausea and sick headache; your bowels are constipated, and you feel greatly debilitated. Perhaps another blow has come, and your nerves fail to do their work. You have nervous dyspepsia, nervous sick headache, and neuralgia. You suffer from terrible depression. The outlook is dark and forbidding. You feel sure that you are a perfect physical wreck. There's another blow still to come. It is always given, unless you make up friends with Nature and lend her a little aid. Shall we tell you what that blow is?

That's Nervous Prostration

And nervous prostration is something you don't want, that's certain. Then don't have it. A perfect Sarsaparilla prevents this distressing and dangerous disease, and it cures it, also. It keeps you up when especially pressed with work. It cures dyspepsia, and it builds up exhausted nerve tissue. But it must be a perfect Sarsaparilla to do this. So far as we can learn, there isn't but one in the world, AYER'S

"The only Sarsaparilla made under the personal supervision of three graduates: a graduate in pharmacy, a graduate in chemistry, and a graduate in medicine." \$1.00 a bottle. All Druggists. "I have used Ayer's Sarsaparilla every spring and fall for a great many years. I am sure it keeps me free from boils and other signs of impure blood. It is just the medicine one needs to meet the pronounced changes of the seasons." Geo. R. Thompson, Rupert, Vt., March 30, 1900.

The Sarsaparilla will not do its best work if there is constipation. Remove any such tendency by taking Ayer's Pills, just enough to insure daily action of the bowels. 25 cents a box. All Druggists.

Today, the object is to arrive at some conclusion regarding the erection of a new church. Best quality Rogers knives or forks, \$1.50 set. Coleman, Jeweler, N street. A meeting of the United Labor club will be held at labor temple at 2 o'clock this afternoon. Mrs. Laura Shams entertained the junior league at the Methodist church Friday afternoon. Miss Thomas Whiteley, Twenty-fourth and D streets, entertained the F. L. C. club last night. Last Friday night the Ideal club gave a special program of places Chinaware, Coleman, Jeweler, N street. Open cars are now being run as trailers on the Sherman avenue line. The Baptist Sunday school has raised \$10.50 for the India famine relief. The Lotus club will give a dancing party at Masonic hall at 10:30 p. m. tomorrow night. Mrs. R. W. Havens, who is seriously ill, was reported some better yesterday. Ensign Anderson of the Salvation Army will speak at the local barracks at Twenty-fourth street fire hall. On Friday night Otto Maurer, the well known restaurateur, entertained the dozen St. German friends for a few days. present and a number of interesting addresses were delivered. Brona Vansant, daughter of Mr. and Mrs. W. B. Vansant, Twenty-fourth and F streets, is reported some better. Jim Gillan, an incorrigible boy from the Third ward, has been sent to the county jail for ten days by Judge King. A holy communion will be celebrated at St. Martin's church at 6:30 and 8 a. m. today and in St. Clement's mission at 8 p. m. Rev. J. A. Johnson goes to Valley, Neb., on Wednesday to attend the meeting of the Omaha District Ministerial association. A meeting of the Epworth League for the selection of officers will be held at the First Methodist Episcopal church Monday night. W. F. Weybright is greatly encouraged by the result of his work in this vicinity in connection with the raising of sugar beets. Mrs. Henry Mies expects to sail for Europe the first week in May. She will spend the summer visiting friends in Germany. Get our terms and prices on diamonds or watches. Genuine bargains offered. Coleman, N street jeweler. It is reported that the democratic members of the school board will hold a caucus next night to arrange for a reorganization of the board. Secretary Overton of the Young Men's Christian association will lead the sunrise prayer meeting at the Christian church this morning. Basket ball seems to be all the rage at the Young Men's Christian association just now. Ten teams are competing for the championship. A committee of the Commercial club waited upon President Murphy of the Street Car company yesterday afternoon in regard to the extension of the street car line. Mr. Murphy promises to send General Man-
