How a Little Boy Was Saved. Washington, D. C .- "When our boy was about 16 months old he broke out with a rash which was thought to be measles. In a few days he had a swelling on the left side of his neck and it was decided to be mumps. He was given medical attendance for about three weeks when the doctor said it was scrofula and ordered a salve. He wanted to lance the sore, but I would not let him and continued giving him medicine for about four months when the bunch broke in two places and became a running sore. Three doctors said it was scrofula and each ordered a blood medicine. A neighbor told me of a case somewhat like our baby's which was cured by Hood's Sarsaparilla. I decided to give it to my boy and in a short while his health improved and his neck healed so nicely that I stopped giving him the medicine. The sore broke out again, however, whereupon I again gave him Hood's Sarsaparilla and its persistent use has accomplished a complete cure. I do not think there will be even a scar left. I cannot speak too highly of Hood's Sarsaparilla and I rec-

Why the Medical Specialist Often Fails.

There are two great fundamental systems which make up the Fuman body, the NERVOUS SYSTEM and the MUSCULAR SYSTEM, each having 'ta distinct functions to perform, yet both must work together in harmony to preserve life and health. Either of these systems is liable to certain diseases. Medical treatment is more effective in diseases of the muscular system, while electrical treatment is more beneficial in diseases of the nervous system. There are very few diseases of the nervous system but what sooner or later become complicated with diseases of the muscular system, or vice versa, and become nervo-muscular in their nature; thus both electrical and medical treatment are required to effect a cure. You can readily understand why our combined ELECTRO-MEDI CAL, TREATMENT, as administered by the able Specialists of this institute, will promptly cure diseases, which cannot be cured or even benefitted by the medical specialist or electrical treatment alone. If you cannot plainly see the advantages in this treatment we stand ready to prove it to you at once.
