Ever and anon during the progress of the ball game down at the new park yesterday afternoon President Keith looked across the diamond at Manager William Rourke and each appeared to be wonderfully pleased about something. That "something" was the altogether satisfactory performance of a new battery that Manager "Bill" tried on the Nebraska university team. It was composed of Harry Newmeyer, the southpaw pitcher, and "Mobile" Lauzon, the sixfooter from the sunny south. The same pleased state of mind in which the president and manager of the Omahans indulged was shared alike by all of the fans who turned threatening weather. Newmeyer sustained the expectations of his admirers. In the six innings through which the game ran, only one hit was made from his delivery and the collegians were treated to six consecutive goose eggs. When the game was called at the beginning of the last half of the sixth on account of rain the locals had chalked up five runs.

In the first inning Reeder, who acquired first by reason of getting in front of a pitched ball, proceeded to second on a passed ball, but never got beyond. Twenty-Five Straight Lands Him the Title of Nebraska Target Champion.

TRAPS WERE KEPT BUSY ALL DAY LONG Many Sounds Engaged in the Walk-

Frank S. Parmelee, champion target shooter of Nebraska.

This is the title Omaha's crack shot won in the state championship event at the aunual tournament of the Nebraska State Sportsmen's association Wednesday afternoon. Parmelee's score was the only straight one, twenty-five targets falling before his unerring aim in as clever an exhibition of shooting as has been given during the present interesting shoot,

The state championship event followed the usual daily program of twelve target events and was shot late yesterday afternoon. It was open only to Nebraska shooters and there was a keen rivalry between the several contestants. Four men were tied for second place with twenty-four targets to their credit. By winning the match Mr. Parmelee gains possession of the handsome gold medal, belonging to the association, which has been held for the last year by W. S. Duer of Hastings.

The second day of the tournament was an interesting one. Shooting began rather late owing to the drizzling rain which fell early in the day, but the moisture seemed not to affect the high spirits of the shooters, nor dampen their ardor in the least. AMES OF THE AMERICAN LEAGUE. The scores made by the several contestants were better than on the preceding day and an enlivened interest was noticeable on the part of all the participants.

Wednesday night the annual business sese on of the association was held. Owing to the absence of President W. H. S. Hughes, who was detained by sickness, Secretary George W. Loomis called the meeting to order and J. D. Dorgan of Lincoln was selected as chairman. The members chose Lincoln as the place for the next annual tournament and proceeded to the election of the following officers: President, J. D. Dorgan, Lincoln; vice president, J. C. Eighty Are Killed and the Others Are Put to Flight.

NONE OF THE AMERICANS ARE WOUNDED

Agninaldo's Riflemen Cannot Shoot Straight and Bolomen Fail to Get Near Enough to Do Any Damage.

MANILA, April 25.-6:20 p. m.-Officere who have arrived here from Nueva Caceras, province of South Camarines, bring details of a fight April 16, in which eighty Fili-

pinos were killed. The American outposts reported 300 natives assembled three miles from the town and General Bell sent three detachments of the Forty-fifth regiment, with two Maxims, who nearly surrounded the Filipinos the majority of whom were armed with bolos and wore hide helmets, coats and shields.

The Filipines were quickly put to flight, leaving the field strewn with armor. Their riflemen were unable to shoot straight and the bolomen never got near enough to the Americans to do any execution. Therefore none of the Americans were wounded. Lieutenant Batch, with twenty cavalrymen from the Twenty-seventh regiment, cornered fifty bolomen in a river, and shot every one of them, their bodies floating away. One soldier lost his head, which was

struck off with a bolo. Kill 125 in a Week.

General Bell's two regiments are hard worked in clearing the country. They meet with many small squads of bolomen, and last week killed 125. A squadron of the Eleventh cavalry is about leaving Manila on the transport Lennox to reinforce them.

The insurgents keep the province in a state of terror and are wreaking vengeance on native who trade with the Americans, burning many villages, including the populous town of San Fernando. General Bell has issued a proclamation declaring that he will retaliate relentlessly unless the guerilla warfare ceases and that he will burn all the towns which harbor guerillas. In a fight at Sorsogon, Abbay province, on April 16, three companies of the Fortyseventh infantry, Captain Gordon command-

mostly bolomen, killing fifty-three. The plans of General Otis have not been announced, but it is understood he intends to sail on the Mead or Grant early in May He will be accompanied by his staff and will probably visit Hong Kong and other

ing, routed a large force of insurgents.

After drawing this amount from a bank, he learned that a brother-in-law with whom he had been living, was determined to collect \$2,500 for his board and keep. This . proposition was not favorably received by O young Finnegan, and he left home between two days and came to Omaha. When searched at the jail \$7,273.50 was found on his person, nearly all in gold. Sheriff Gibson of Schuyler was in the city Wednesday. He said some action would be taken to recover the money.
