The fact that wire and wire nails had advanced more rapidly and to a higher point relatively than other petition is beginning to show itself in the wire trade. An Ohio concern with connected rod mill, steel plant and blast furnaces, and the newly started Birmingham, Als., plant, have between them a capacity sufficient to be felt in a waiting market. The iron trade in general has done little in the past week. The average buyer considered that a time of excitement and questioning of the outcome was not a time to go into the market. It is impossible as yet to measure the effect of the happenings in American Steel & Wire company af-fairs on other departments of the trade. No revision is made of the views of authorities in the trade recorded last week, that consumption is sustained in a remarkable way considering the general expectation of lower prices. In the past week, with trade at a standstill in so many lines, there have been several noteworthy transactions. Southern furnaces have closed export orders for 70,000 to 75,000 tons of foundry and forge irons—25,000 tons being taken by the Tennessee company, 28,000 tons by the Virginia Coal. Sutton Trial Ended.

LANSING, Mich., April 26.—The trial of Colonel Sutton abruptly ended today, when Judge Weist sustained the challeng made by the defense and discharged both the special and regular panel of jurors, because of technical illegalities in drawing the same. The trial will proceed when new talesmen have been secured.
