BRYAN ASSURED OF ILLINOIS
Confers with Political Leaders in Chicago—Cannot Meet Dewey.

CHICAGO, April 30.—The Tribune says: At a private conference held here last evening at the Sherman house between W. J. Bryan, J. G. Johnson, chairman of the democratic national executive committee; Willis J. Abbot, editor of the Bulletin, and Mayor Harrison, the latter assured Bryan that Illinois would send a solid Bryan delegation to the national convention.
The four men also discussed the situation in Illinois and throughout the country. When asked if the bid of Admiral Dewey for the presidential nomination was discussed, the members of the conference said it was not. It was also agreed it is said, that expansion would be made as prominent and important an issue in the campaign as any other question.
Ex-Governor John P. Altgeld, C. S. Darrow and several other prominent democrats from different parts of the country also paid their respects to Mr. Bryan.
Mr. Bryan's conditions were shaping themselves to his satisfaction. He said it would be impossible for him to meet Admiral Dewey in Chicago because he had engagements to speak this week at Columbus and Toledo, O.; Detroit, Kalamazoo and Fort Huron, Mich. He said he would return to this city on Saturday next. Mr. Bryan left at 11 o'clock for Port Huron, Mich., where he speaks tonight.

TOWNS HIT BY FOREST FIRES
Barring Timber is Causing Enormous Loss in the North.

MARINETTE, Wis., April 30.—Forest fires raged furiously north of Fisher, Mich., along the right-of-way of the Wisconsin & Michigan railway Saturday and Sunday. The town of Amos, Mich., was practically wiped out, entailing a loss of \$30,000 or more. Considerable cedar stock at Nathan, Mich., was also destroyed.
The Wisconsin & Michigan ran a special train up the line Sunday to rescue the fire-stricken people in the small villages along the road. All the inhabitants of the towns of Amos and Nathan were taken to Peninsula for safety.
It is said the Wisconsin & Michigan passenger which left here last night was unable to get further north than Fisher. At the latter place only a heroic resistance saved the town.
Forest fires are burning everywhere north of here and further damage will result unless there is rain. The country is very dry and the fires spread rapidly.
Fires are said to be burning along the right-of-way of the Milwaukee road north of Ellis Junction.
Further reports are to the effect that the forest fires are spreading and great concern is felt for all towns north. Nothing definite is known concerning the towns along the Wisconsin & Michigan road, but the danger to all of them is increasing. A report from Ellis Junction says the fire is spreading.
IRON MOUNTAIN, Mich., April 30.—A big fire is razing at Niagara, Wis., sixty miles north of here, and assistance has been asked. The town is in the region of the forest fires.

DYSPEPSIA

For six years I was a victim of dyspepsia in its worst form. I could eat nothing but milk and bread at times my stomach would not retain and digest even that. Last March I began taking CASARETS, and since then I have never felt better. I feel as well as I ever was in my life.

ALABASTINE

LABASTINE is the original and only durable wall coating, ready for use in white or fourteen beautiful tints by adding cold water.
ADIES naturally prefer ALK-BASTINE for walls and ceilings, because it is pure, clean, durable. Put up in dry powdered form, in five-pound packages, with full directions.

LL Kalkomines are cheap, temporary preparations made from white lime, alkali, and glue, and stick on walls with decaying animal glue. ALABASTINE is not a kalkomine.
BEWARE of the dealer who says he can sell you the "same" cheaply. He is either selling you something just as good, or something not posted or is trying to deceive you.
ND IN OFFERING something he has bought cheap and tries to sell on ALABASTINE's demands. He may not realize the damage you will suffer by buying inferior goods.
ENSURE that you will not buy a low-grade dealer who is selling and consumers by using inferior goods. ALABASTINE's own right to make wall coating to mix with cold water.
THE INTERIOR WALLS of every church and school should be coated only with pure, durable ALABASTINE. It is safe, fireproof, and will last for years. Hundreds of tons used yearly for this work.
N BUYING ALABASTINE, customers should avoid getting cheap, low-grade goods. Insist on having our goods in packages and properly labeled.
USANCE of wall paper is obviated by ALABASTINE. It can be used on plastered walls, wood ceilings, brick or canvas. A child can brush it on. It does not rub or scale off.
ESTABLISHED in favor. Show an illustration of ALABASTINE or drugists for tint cards. Write us for literature. ALABASTINE CO., Grand Rapids, Mich.

MUSIC.
At the First Congregational church last night a fine audience greeted Mr. and Mrs. Herbert Butler with enthusiasm and earnest sincerity. It was to be expected that the church would have been full to overflowing, but so short are the memories of many people there was an unusually large number of new faces. Altho' Mrs. Butler should feel proud, however, to consider that he alone called forth more of the leading musicians, professional executives, etc., than any musical evening which has taken place in recent years. Herbert Butler presented last night a program such as is seldom played in the province. It was such an assortment of great works as one might expect in some of the great European concert chambers. His playing was imbued with fire, unction, temperament and good taste. His bowing defied criticism (in the literal meaning of the word), and his technique was colossal. What a tremendous interpretation the man has! And the development of his sentiment in Secretary Thomas Davis's "The Windows of Heaven," and the delicate and earnest sincerity of the "Johanna," of Herbert Butler stand today as a violinist of the first rank, and a living personification of the development of genius through the straight and narrow way, the only avenue—hard work.
To enumerate in detail the numbers played and sang would be superfluous, but perhaps the Chaconne of Bach, for violin alone, was the "piece de resistance." The marked change in the singing of Mrs. Butler was a delight to her friends and a delight to her auditors. Her voice is well pitched, true in intonation, almost invariably, and dulcet in the upper quality. It strikes one as being remarkably even and smooth and well controlled. Mrs. Butler's coloratura was in accordance with the program.
Of Howard Wells, the pianist and accompanist, much could be said. His accompaniments were gems of sympathetic self-abnegation. His solo work was artistic and subtly musical. In the romantic numbers he was especially good.
Mr. Butler played his wife's accompaniments with grace

still chairman of the state committee and that the argument in favor of incorporation applied with equal force to him.
"I was talking to one of the late Senator Hayward's closest friends the other day and he said that if Schneider had not insisted on doubling up the senator's candidacy with his own interests as agent for the best sugar claims, the Mr. Schneider, who has been mentioned within the first week of the halting and would have been spared the tedious and expensive campaign which followed. There are a dozen men I could name to whom Schneider spoke during the last session of the legislature in the interest of the best sugar claims. One member of the committee on deficiency claims told me it was his understanding that part of the bounty warrants had been turned over to Schneider and were held by him either as part payment for his services or as a bargain that had been placed in his way.
"Between Schneider and Moore."
By the way, that reminds me of another thing. Do you remember when the bounty claims were referred to Auditor Moore he turned them down flatly, but finally was persuaded to issue \$40,000 of them without first requiring a test of their legality in the supreme court. I understand that this was partly the work of Mr. Schneider, for which he wants the party now to reward him.
"Perhaps his claim for reward is based on what happened to Reese last year. He may say responsibly for this rests on his friend Tefft, as chairman of the state committee, but everybody knows Tefft was made chairman at Schneider's dictation and that a shadow of Schneider, not daring to turn around without his orders, but do we want more of this kind of campaigning in 1900?"

IT WILL STAND FOR M'KINLEY

Platform to Be Submitted to the Lincoln Convention Has Been Drafted.

As the representative of the Douglas county delegation on the resolutions committee, Hon. John L. Webster has made a draft of the platform which will be submitted to the committee at the republican state convention which meets at Lincoln Wednesday. The platform, which is a carefully prepared and a very able one, contains an unequivocal endorsement of President McKinley as a president who has dealt successfully with new conditions and has guided the ship of state with security through uncharted channels.
Concerning his draft of the resolutions, Mr. Webster said: "It is only a rough outline as yet, and I may decide to make several material alterations in it before it is submitted. However, I may say that the platform as it leaves my hands will contain the following features:
"It will endorse the tariff and financial legislation by a republican congress, and particularly the establishment of the gold standard on a firm basis.
"It will say that, while we are not in favor of imperialism or militarism, we are not unwilling to accept the legitimate results of honorable warfare. It will pledge the party to the strengthening of national defense, enlargement of markets and extension of commerce. It will state the unequivocal opposition of the party to trusts and combinations having for their purpose the stifling of competition or arbitrary control of products or the fixing of prices, while recognizing the benefits of legitimate business, fairly capitalized and honestly managed.
"With reference to state issues, it will favor the reorganization of congressional and legislative districts, based on the census of 1900, fair to all sections of the state. It will favor municipal home rule, constitutional revision, protection of home insurance associations, and will welcome the return to the party of all former members estranged by the unwise pledges of the opposition."
Some of the delegates from Douglas county left yesterday for Lincoln, to be followed by others today, though most of the delegation will not go down until Wednesday morning. The railroads having made a one-fare party a large crowd of enthusiastic republicans not delegates is also expected to attend the state convention to see that the ticket is properly launched.

WILL NOT FOLLOW MINNESOTA

Nebraska Silver Republicans Do Not Favor a Change of Name for the Party.

The silver republicans have decided not to enjoy the hospitalities of either of the local democrats on their trip to the national convention July 4, but have engaged a train of their own. They will go over the Burlington, leaving Omaha July 3 in three special Pullman coaches and going by the way of Lincoln, where two more coaches will be added.
It is probable that the silver republicans of Nebraska will not follow the example of the Minnesota silver republicans in changing the name of their party. In spite of the impulse manifested by the fusion parties to break away from the coinage question as the leading issue, which is felt to some degree in Nebraska, the members of the silver republican party in this state will, it is said by a leading Omaha silver republican, cling to their old party name, chiefly because they are afraid a change to Abraham Lincoln republicans might endanger their legal standing as a party in Nebraska. Under their old name they have received recognition in the statutes and can claim certain privileges which might be denied to a party coming into the political arena under an alias. However, it is deemed probable here that an effort may be made at the national convention to effect a change in the party name, but such a proposition is pretty sure to meet with the opposition of the Nebraska representatives.
SIXTEEN SELECT TWENTY-THREE.
BRYAN'S MISANOPIST POPULIST FRIENDS DO TONLEY STREET TAILOR ACT.
KANSAS CITY, April 30.—Sixteen straight-populist associates of W. J. Bryan, chairman of the Missouri state central committee, for a state mass convention, met here today and selected twenty-three delegates to the national convention at Sioux Falls. Later the state central committee fixed July 23 as the date and Kansas City as the place for holding a nominating convention to name a full state ticket.
"There will be no fusion on the state ticket," said Chairman Littell later. "Should the Sioux Falls convention nominate Bryan there will probably be a fusion on electors." Some confusion existed as to the place of holding today's gathering, hence the small attendance.

Wild With Eczema

Fire Could Not Have Been More Painful.

"After spending two years in taking all kinds of medicines that were suggested for eczema, but without good, my mother was induced to take Hood's Sarsaparilla. The result was wonderfully gratifying. Her limbs had been terribly lacerated by the disease, and there were times when fire could not have been more painful. She was, in fact, almost wild. Two bottles of Hood's Sarsaparilla completely cured her, and not a trace of eczema was left." E. W. DECKER, Gardiner, N. Y.

Eat Well, Sleep Well.

"Hood's Sarsaparilla has been a great blessing to me. I was weak, irritable, tired and nervous; had no appetite and was always sad and despondent. One day I got hold of a little book about Hood's Sarsaparilla. I looked it over and resolved to try a bottle. It was better before it was gone, my mother said until I had taken five bottles. I can now sleep well, feel cheerful and can do all my work, including plain sewing, and I can walk two or three miles a day. I am 65 years old and now feel that life is worth living." Mrs. EMMA SMITH, 88 E. Mitchell St., Oswego, N. Y.

Critical Period of Life.

"I took Hood's Sarsaparilla during the critical period of my life, and now, at the age of 60 years, I am strong and healthy. It is a great medicine for the blood. I find Hood's to be the best." Mrs. H. POMROY, 22 Lansing Street, Auburn, N. Y.

You can buy Hood's Sarsaparilla of any druggist.

Be sure to ask for Hood's and do not accept any substitute.

Bryan at Port Huron.

PORT HURON, Mich., April 30.—Nearly all the leaders of the Michigan democracy and hundreds of the rank and file came to Port Huron today for the final purpose of seeing and hearing W. J. Bryan and of attending the state convention, which will meet at noon tomorrow to select delegates to the national convention. Another incident of the gathering today was the Seventh district democratic congressional caucus, which this afternoon unanimously nominated ex-Congressman Justin R. Whiting as representative. Bryan spoke tonight.

DEATH RECORD.

He had been ailing and confined to his home since the last week in January. An attack of la grippe led to pneumonia, bronchitis and other complications which at length wasted and destroyed vitality.

HIGHEST PRAISE

Some Omaha Citizens Grow Enthusiastic on the Subject.

The praise of the public... is merit's just reward. Nothing in modern times has received the praise accorded "The Little Conqueror."
Of some kind of praise we are skeptical. We doubt the praise of strangers.
The highest praise for Omaha people is the hearty expression from Omaha people.

Dean's Kidney Pills are Indorsed in Omaha.

No better proof of merit can be had. Here's a case of it. We have plenty more like it.
