### We Will Keep Right On

There are a certain class of drugglats whom we have kept more than busy guessing since we became a CUTTER, and we propose to keep right on doing so-only a little more—and we ask them to watch the smoke that will pour from all parts of the store at 16th and Chicago as long as we conduct it. This refers to some of the most narrow-minded, pig-headed proprietors of drug stores, that don't know enough to plow a hole in the ground. You can tell them all—just look at their stores and dirty windows.
