President Kelth regretfully separated himself from his loyal subjects out at Pueblo and has been busier than a democratic statesman completing arrangements for the opening game since his return home. "All the clubs have had their dedications," said Colonel Keith yesterday, "but they'll all look like a four-card flush in a jackpot by the side of the Omaha opening. The inaugural ball is going to be a regular presidential affair and will be in keeping with the deserts of the pennant winning learn of the league. We'll show 'em all a trick or two about starting off, a base hall season under auspicious circumstances."

In harmony with his assertions President Keith his arranged an elaborate program for the opening day, an important feature of which will be a parade about the city to the ball park, participated in by the mayors and councils of Omaha and South Omaha, the Omaha and St. Joseph teams

is considered the best location in office buildings. We have a room in this choice location. It is a good sized office and can be divided with a partition to make a waiting room and either one or two private offices to suit the tenant.

It has just been newly decorated and there is a new polished hardwood floor. You will not find a prettier office if you look the town over, and include THE BEE BUILDING, which has the best offices in the city. The rent is not high. Look at it for yourself.
