CHICAGO, May 28,-At tonight's session of the Methodist general conference the re- sidies to the Pacific Christian Advocate, port of the committee on episcopacy was but giving the book committee discretionadopted in its entirety. Omaha, however, any powers to discontinue the publication being substituted as an episcopal residence should the expenditure continue to exceed instead of Topeka, the location originally the subsidies. Various other small subsirecommended. Bishop McCabe was assigned dies were recommended to church papers as the bishop resident.

After refusing to allow Bishop Walden the privilege of stating his side of the controversy with the Wisconsin conference, the delegates voted almost unanimously to adopt the report of the committee on episcopacy, censuring him for his action in refusing to accept a delegation of preachers or to receive a petition from them. Bishop Walden's friends made a bitter struggle to prevent the passage of the censuring meas-ure. They tried to obtain for him the privilege of addressing the conference, but they were howled down. He was finally allowed to file with the secretary a written statement of his defense, but this was permitted only on condition that the Wisconsin conference be given similar permission.

Bishop Randolph S. Foster, retired, fared take place until tomorrow, but tomorrow's poorly likewise. His friends made an effort session is expected to be but little more to have him excepted from the provision adopted by the committee allowing superanthan a formality and many of the dele gates left for their homes tonight. nuated general superintendents one-half of the salary of the last year of their effective service. Despite the eloquent pleas made in behalf of the bishop the vote against the exception was overwhelming.

No Censure for McKinley.

Criticism of President McKinley for annual reports, submitted today by the offi his attitude in regard to Attorney Gencers and executive committee of the American Baptist Missionary union, showed that eral Griggs' interpretation of the anticanteen law was overwhelmingly voted the union has today in foreign countries down by the Methodist general con-ference today after two hours of warm de-preachers and other workers, 598 self-supbate. The matter was brought up by the porting native churches, 1,507 stations, 12, presentation of the report of the committee | 921 baptisms last year, 206,746 church mem on temperance, of which Samuel Dickie of bers: 1,436 mission schools, 36,317 pupils Michigan, candidate for president on the 1,500 Sunday schools, 100,000 scholars prohibition ticket in 1892, is chairman. The Growth in results in the last decade majority report arraigned the chief mag. Three hundred and ninety-six native preach ers, 246 native churches, 116 self-support istrate severely. The conference finally ing native churches, 54,104 net gain in adopted the minority report, which excluded the paragraphs referring to the chief magistrate, but which, however, called upon him and in Europe. to use his influence to secure the passage of the new anti-canteen law now pending before congress.

The amusement question was also dis posed of today, but in rather an unexpected way. By a majority of only three votes the minority report, accepted Saturday, was laid on the table, but any attempt to take up the majority report was frustrated by Bishop Fitzgerald ruling that it was not before the conference, and it is not believed that any further attempt will be made to take the matter up. Thus the con-ference in effect has taken no action in re-churches. Baptist work in the Philippines pended and a full list was proposed with sevgard to the ban placed upon certain forms of amusement.

The official vote by which the minority report was accepted recommending no action was announced as 223 ayes and 290 nays. Then, to the surprise of the large audience, on motion of Dr. Buckley, the home secretary, spoke of "Ten Years of Misminority report was laid on the table by a sionary Union on the Home Field." vote of 256 to 253.

Samuel Dickie of Michigan then presented the report of the committee on temperance and for the first time the great Methodist Bartlett Tripp and Harry Eller Come took on a strong political appearance The majority report contained a strong arraignment of President McKinley and Attorney General Griggs for their attitude on the anti-canteen law, and over this point the conference debated all morning.

Principles, Not Personalities. Dr. J. E. Price of New York presented the minority report, which struck out all of the majority report in which President McKin-

lev was condemned. "We are here to deal in principles and not indulge in personalities," said Dr. Price, amid vigorous applause, "This is not simply a question of whether or not the president of the United States is at fault. I hold that the cause of temperance and prohibition and the cause of the church of Christ cannot be advanced by this personal arraignment of

our chief magietrate." Judge Lore of Delaware, in speaking in favor of the minority report, paid a strong tribute to the president, with whom he served four years in congress. "I love his elemental manhood," said Judge Lore, "and I hope the Methodist church will not strike down one of the most loyal men within its

Dr. A. B. Leonard made an impassione plea for the adoption of the majority report. "We hear much about government by injunction." he said, "but this is government by an opinion of a member of the president's club. I cannot shut my eyes to the faults even of the chief magistrate of the nation. Rev. R. D. Lynch of Philadelphia, Rev.

F. N. Lynch of West Virginia, Governor Shaw of Icwa and Dr. Buckley also took part in the debate. Dr. Buckley offered an amendment to the

minority report, which was accepted by Dr. Price, which among other things appealed to the president to use all his influence to promote the passage of the amended anticanteen law now before congress, Protest Against Attack.

Dr. Frank B. Bristol of Washington President McKinley's pastor, aroused tremendous applause by protesting against what he termed an "unbrotherly, unjust, unpatriotic, unprotestant attack upon the president of the United States. He is today the world.'

"I object to any man making a campaign speech," shouted a delegate, but he was promptly ruled out of order. Dr. interest Omaha in the proposed railway con-Bristol gave an international aspect to the nection.

AN INTERNAL REMEDY.

A pleasant Tasting Tablet; Simple, Convenient; Cures Every Form of Catarrh.

The use of inhalers, douches, sprays, salves and powders for catarrh is a nuisance and inconvenience at the best, and cannot compare with antiseptic remedies in tablet form

for internal use. Internal remedies are the only ones which can really reach the seat of the disease which is in the blood and local applications can no more cure catarrh than rhoumatism or kidney trouble, the excessive secretion in nose and throat being local manifestations with that of the patrolmen.

of a deep seated poison in the blood. Stuart's Catarrh Tablete, the most successful of the various internal remedies, is composed principally of highly concentrated antiseptics, which destroy the catarrh germs in the blood and causes them to be elimi-

nated through the natural channels. Progressive physicians use and advise Stuart's Catarrh Tablets because they contain no cocain, no opiate, no enervating drug whatever, but are composed of Guaicol, Hydrastin, Red Gum and similar catarrh antiseptics, and are so safe and pleasant that even little children may use them with excellent results.

Catarrh sufferers who have wasted time and money on local applications should not despair of a radical cure until a trial of Stuart's Catarrh Tablets has been made, A complete treatment may be purchased
