MOVING FOR CHEAPER GAS

Citizens Become Thoroughly Aroused on this Important Question

MAYOR NOTIFIES THE CITY COUNCIL

Calls Attention to the Present Rate and Suggests the Propriety of Cutting it to a Reasonable Figure.

The gas rate agitation has now reached such proportions as to warrant the prediction that some action regulating the rates European travels. The departments of powill be taken by the city council in the near future. The general opinion seems to be that the rates to be fixed by the new ordinance will not be as low as those in force in other Missouri river cities, but that a considerable reduction over the present rates will be made.

In obedience to the popular demand, Mayor Jennings has submitted a communication in

The fact that the price shall be fair and reasonable is the only limitation imposed by law upon the council.

If the prices paid are greater than what is fair and reasonable, rates should be reduced so as to conform to the true basis. Our citizens have a right to expect us to protect them against the extortion of exorbitant rates, and, on the other hand, the person, firm or corporation furnishing such gas has a right to a fair and reasonable compensation for what is furnished to consumers. o consumers

to consumers.

It is therefore a matter of great importance that this council should at once determine as to what is a fair and reasonable compensation for the gas furnished our consumers, and they should, as soon as possible, fix the rate to be paid by our citizens for the gas furnished by any person, firm or corporation.

All of which is respectfully submitted, VICTOR JENNINGS Mayor VICTOR JENNINGS, Mayor.

Great Amount of Property-Job is Evidently Work of Professionals.

SHELDAHL In., June 1 .- (Special Telegram.)-Burglars attacked the Sheldahl Savings bank last night. The first explosion awoke the neighborhood about 1, the last one occurred about 3 a. m., and the robbers left immediately thereafter, carrying the funds of the bank with them. The cash taken amounted to \$1,600. A new steel, socalled burglar proof safe was destroyed. The interior of the bank office is a wreck. The office furniture is smashed into kindling wood. Counting furniture, etc., smashed, the loss is to the extent of \$3,000.

The safe was opened by a professional who used nitro-glycerine very skillfully and in the usual way, the door being puttled with soap and the nitro-glycerine inserted in the crack surrounding the door, Evidently four men were concerned in the attack. Two of them on the outside held the citizens of Sheldahi at bay after the first explosion, while the others finished the job. The bank had fortunately sent \$1,000 by express to the Central State bank at Des Moines vesterday, saving that amount. The bank loses nothing, having been fully insured in a bankers' casualty company.
