

STATE HAS LOST THOUSANDS

Careless Administration of Insurance Laws Cost Much in Fees

B.A.M.E. LAID ON A CLERK NOW GONE

Auditor Cornell is Beginning to Enforce the Law with the Result that the Income is Greatly Increased.

LINCOLN, June 19.—(Special.)—A recent compilation of figures in the office of the auditor of state reveals the fact that the enforcement of the state insurance laws has been woefully neglected in the past few years. The lax and careless methods employed by the insurance clerks, working under the direction of Auditor Cornell, have cost the state thousands of dollars each year by lessening the annual income, which should have been received as fees from new companies. Another big loss has been sustained through the non-enforcement of the reciprocal provision of the insurance law.

During the last six months an effort has been made to enforce the law as vigorously as possible, resulting in an almost unprecedented amount of fees being turned in by the clerks of the state. It will be remembered that the supporters of the Weaver insurance bill, the late legislature, contended that it was a better revenue producer than the law then and now in force. They asserted that if the bill was placed on the statute books the state would realize an annual income of at least \$44,000. Based upon the collections of the insurance department for the last few years, the contention was apparently true and the fact evidently had something to do with the passage of the bill.

Operation of the Law. The figures compiled by insurance clerk June show that in six months, ending June 1, the collections amounted to \$44,206.25. The collections of the government insurance commission, while the insurance law was in force, amounted to approximately \$3,000, and during the same period the auditor's office received nearly \$7,000 from insurance companies. But it was only recently that the auditor began to strictly enforce the reciprocal feature. This such a charge as much for a license as would be state in which the company is located if it was a Nebraska concern and applying in that state for a license. One company was charged \$5 a few months ago for a license to do business in Nebraska.

Another section of the law, which, however, does not come within the jurisdiction of the auditor, has been almost entirely disregarded. This is the section providing for the collection of a 2 per cent tax on excess premiums. Such taxes must be paid to the county authorities. In some sections of the state no attempt has been made to collect the tax, while in other sections the payments, if made at all, were made voluntarily. In Douglas county the total amount of such taxes will be in the neighborhood of \$9,000.

In the auditor's office the blame for the non-enforcement of the law is laid on the employees and particularly on the chief insurance clerk. It would be impossible to estimate correctly the loss sustained through the non-enforcement of the law, but by those who have investigated the matter it is placed in the thousands.

Motion for Appointment of Referee. Motions asking for the appointment of referees in the cases of the State against the Standard Oil company and the Union Pacific Railroad company were argued and submitted to the supreme court today. In the Union Pacific case, which is an action begun by the attorney general to recover penalties for the violation of the maximum freight rate law, the motion was granted and Judge Duffie and Edward P. Smith were appointed as referees. In the other motion the attorney general asked first for the appointment of referees authorized to make findings as to whether or not the Standard Oil company did not exceed the limit, but later the attorney general filed an amended motion in which he asked the court to simply authorize the referees to report findings of an advisory nature.

Attorney General's Motion. Attorney General Smith intends to introduce a large amount of evidence in the Standard Oil case and the action of the court on the motion submitted today will have considerable bearing on the power of the referees to submit their conclusions. The supreme court issued a mandate in the case wherein Charles T. Jenkins is the defendant, to cause the clerk of the district court to file a check for \$200, referring to the fine instead of going to the state. The check was originally made from an order of execution issued by Jenkins.

It is quite probable that the present term of the supreme court will end tomorrow evening and that the adjournment will be taken until September.

Prospect of Railroad Men. The three washouts on the Burlington railroad, which were caused by the terrific downpour of rain last Saturday, have all been repaired and are now running on their regular schedule. The damage on the main line of the road near Omaha was repaired Sunday afternoon, and the traffic line was opened yesterday and brought to Burwell was resumed today. Burlington officials here report a most prosperous state of affairs on all their lines in Nebraska. Freight conductors last week averaged \$115 each, and many of the engineers received more than \$200 for their thirty days' work. The payroll of the north division, including the repair shops, was larger last month than for any corresponding period in the history of the road.

The Nebraska State Holiness association will hold a camp meeting at Lincoln park, near this city, for ten days, beginning next Friday afternoon. The affair has been arranged along pretentious lines and preparations have been made on the park for several hundred campers. The Nebraska Holiness association was organized in Nebraska about fifteen years ago. Camp meetings have been held every year, and are similar in nature to the annual assemblies of the Epworth league and other sectarian organizations.

A ratification meeting for the purpose of properly celebrating the nomination of the republican candidates for president and vice president will be held here June 27, under the auspices of the Abraham Lincoln Republican club. Other local republican organizations will join in the affair and it is to be held the day before the meeting of the Republican state league in this city a large attendance is expected.

Census Time is Extended. Special Agent J. W. Bowen has been granted an extension of ten days to complete the census of Lincoln. This extension may result in a slight increase in the enumerated population of the city, as it is known that many families have been omitted in the reports so far prepared.

Census Supervisor Fred W. Miller of Falls City was in the city today and while he asserted that the old rivalry between the "birds" cities in the state had not abated, he said that the census of last year, with a census of 13,000, with Hastings only a few hundred behind. It is estimated that Hastings will show less than 9,000 this year, and the belief is expressed by him that Hastings will take its place as the third city.

The smallpox quarantine in this city has been raised. Several cases are being treated in isolated localities outside of the city limits, but the municipal board of health reports the city entirely free from the disease. The Modern Women lodges of the city will hold annual memorial services in the Auditorium Sunday afternoon.

The Young Men's Republican club tonight elected delegates to the convention of the State League of Republican clubs, which will be held in this city June 28. Mrs. A. S. Raymond, H. T. Dobbin and J. Frank Barr have been elected members of the city library board to succeed S. L. Keith, W. S. Summers and H. T. Dobbin, the latter being re-elected. There was strong rivalry for these places. Mr. Summers resigned some time ago on account of his appointment as United States district attorney. Mr. Keith, who has been serving by appointment, failed re-election.

Miss Winifred Hill and Mr. Norman Belcher were united in marriage this afternoon by Rev. Mr. Hindman at the home of the bride's parents, 1701 L street. The bride is the daughter of ex-Treasurer J. E. Hill and is one of the most popular young women in the city. Her father, who formerly was in Bridgeport, Conn., where his parents now reside, is a treasurer of the Lincoln Traction company and is prominent in business circles. The ceremony was witnessed by the parents of both contracting parties and a number of relatives. After a trip through the east the newly-wedded couple will make their home in this city.

Governor Poynter today remitted the fines imposed against Joseph and Worthey Goodman for selling liquor without a license at Tecumseh.

Damage Done by Storm. PLATTSBURGH, Neb., June 19.—(Special.)—Tendergraft, Neb., and Leola, came down from Omaha today and inspected the wells of the new Parmelee opera house and decided that the entire north wall must be taken down and large timbers driven down and the new wall built on them, which will necessitate an extra expense of about \$2,000.

The men are busily engaged in removing the mud from the various B. & M. shops, which was from eight to ten inches deep, and cleaning up the debris and putting everything in shape in the yards.

Chris Mockenbaupt lost many thousand burned brick in the kiln and had some twenty cords of wood washed away, and the yard covered with several inches of mud.

The farmers suffered much loss to crops, and fruit in some instances the crop of corn was almost ruined. The farmhouse of Ben Beckman was struck by lightning and burned to the ground. The large barn of R. E. Countryman was also struck by lightning and consumed, one horse and a thoroughbred bull were burned. Mr. Trish's barn, which was covered with water and mud, ruined by being covered with water and mud.

The county commissioners estimate the damage done to bridges in this county will exceed \$20,000.

Struggle for Judge's Fees. FREMONT, Neb., June 19.—(Special.)—The Board of Supervisors of Dodge county have been in session this week attending principally to routine matters. This afternoon a matter of considerable interest to the county judge came before the board and on motion was referred to the county attorney with instructions to stipulate the facts with the county judge and bring the matter before the district judge for decision. There is about \$250 in fees collected by the judge for services in 1898 which he claims belongs to him on the ground that the fees for 1898 were \$400 below the amount allowed him for salary and clerk hire. The fees for 1899 reached the amount allowed him by the board. The board is of the opinion that the fees should be paid into the county treasury.

Innocent Man Creates Disturbance. FREMONT, Neb., June 19.—(Special.)—Yesterday morning a man by the name of Blake, whose residence is supposed to be Grass Lake, Cal., became insane on an east-bound passenger train on the Union Pacific and jumped off just before it reached the city. His 12-year-old boy, who was with him, jumped off after his father. Blake started across the track at a run and his boy followed him. Near North Bend Blake left the track and going to the house of a farmer named Howard drove the cattle family out of doors and told them that he proposed to run the place. The boy soon came up and explained his father's conduct. After considerable difficulty he was taken to North Bend and this morning is reported apparently well as ever.

Teachers Meet at Columbus. COLUMBUS, Neb., June 19.—(Special.)—The twenty-third annual session of the Platte County Teachers' association convened this morning at the new High school building and will continue for one week, under the direction of Superintendent L. H. Leavy. Today was spent in organizing and assigning the work. The attendance promises to be large. The following committee of instructors will assist Superintendent Leavy: Prof. I. H. Brittel, E. A. Garlich and R. M. Campbell of this city, James W. Bolus, P. D. Line-In; Superintendent W. M. Kern, David C. and Mrs. M. M. Brown, Sioux City, Ia. Afternoon and evening lectures will be given by Deputy State Superintendent C. F. Cook, Prof. W. H. Clemmons and others.

Small Wreck at Plattsmouth. PLATTSBURGH, Neb., June 19.—(Special.)—The fast meat train No. 70 from Omaha this afternoon ran into the engine of the work train, which stood in the cut on this side of and near the Missouri river, attached to cars which were loaded with dirt by the big steam shovel. Fortunately no person was injured. Men from the Burlington & Missouri shops were sent to remove the wreckage. The fast mail from Chicago was detained about two hours.

Monroe Church Dedicated. MONROE, Neb., June 19.—(Special.)—The dedication of Trinity Episcopal church occurred at Monroe, conducted by Bishop Worthington, assisted by Coadjutor Bishop Williams, Rev. C. W. C. Taylor, Rev. H. W. Marsh of Central City, Rev. Patti of Schuyler and Rev. Butler of Monroe. Rev. Butler will be located at Monroe and will give his first sermon on Sunday next.

Telephone Line at Brainard. BRAINARD, Neb., June 19.—(Special.)—The Nebraska Telephone company is here this week with a gang of men putting in a telephone system. The line runs from this place to Gavilan, where it connects with the main line to David City.

Thieves Steal Fireworks. PLATTSBURGH, Neb., June 19.—(Special.)—Some unknown parties broke into a car in the Burlington yards last night and stole a large box of cannon firecrackers. The authorities have thus far been unable to locate the culprits.

Weather Good for Crops. FARMAN, Neb., June 19.—(Special.)—The weather for the past week has been more favorable for the crops. A succession of light showers, doing much good, though

too late in many cases to save the wheat crop. Corn is growing rapidly and doing well. Grasshoppers are a menace, but they exist in large quantities. One farmer captured and killed, on a five-acre tract, three bushels of the insects. He says this is a very mild estimate.

Brainard Will Celebrate. BRAINARD, Neb., June 19.—(Special.)—The business men of Brainard are making extensive preparations for a Fourth of July celebration. Plenty of money has been raised to defray expenses.

Honor Mrs. Poynter. MINDEN, Neb., June 19.—(Special.)—Mrs. W. E. Chapin entertained this afternoon in honor of Mrs. D. D. Potter of Seward. The spacious home was very tastefully decorated.

GUNS ROAR AT PEKIN

(Continued from First Page)

An alignment of the United States with China in case it may be found necessary, in that manner to prevent the usurpation or destruction by other powers of such trade privileges as we now enjoy in China, important such alignment may be.

Russia Has No Territorial Designs. When the official day closed it was found that a message received in the morning from Admiral Remy at the Navy department, touching the readiness of the Prince and Marietta and Zedfire for immediate service represented all the news that had come to the government from the east since yesterday. One fact of the most important character was that the notice of the Russian government of its intention to dispatch 4,000 troops to China was accompanied by an understanding that these troops were to be used for the assistance of Europeans and Americans and with no purpose of territorial aggression on the part of Russia. This arrangement was made with the greatest satisfaction. It is understood that Japan, in connection with Russia's frank confession, will assume the same attitude toward the other nations, in which case the greatest obstacle to effective action, whether concurrent or joint, by the powers in China may be considered as removed.

Panaceote Calls on Hay. Lord Panaceote, the British ambassador, called at the State department this afternoon and spent a half hour in conference with Secretary Hay. His lordship had no news from his own government beyond that conveyed by the morning telegrams, and was particularly anxious to be informed as to the details of the reported battle Sunday morning. The State department was without information on this point. It is said that Admiral Kempff will be heard from in a day or so.

Boys Killed by Lightning. RAPID CITY, S. D., June 19.—(Special Telegram.)—A terrific thunderstorm passed over the section of country near Redfield, southwest of this city, Sunday. Two boys were killed, and several others were injured. A daily steambot would take messages for these points at Che Foo and carry them to their destination up the river. Though this arrangement involved a day's delay, it was acceptable and the authorities were disappointed at receiving today the following from the cable office:

"Cable office reports Chinese administration canceled arrangements for postal arrangements from Che Foo to Tien Tain and Taiu. The Great Northern route through Siberia will do its utmost to get telegrams through this route, and a combination of cables and air mail may be used to carry messages to these points at Che Foo and carry them to their destination up the river. Though this arrangement involved a day's delay, it was acceptable and the authorities were disappointed at receiving today the following from the cable office:

LEBANON, Ky., June 19.—Two men were killed, five seriously injured and ten slightly injured in a wreck this afternoon on the Greenburg branch of the Louisville and Nashville railroad, at Calvary, six miles from Lebanon. Thirteen bridge carpenters were at work on the bridge that crosses Rolling Fork river. The passenger train, composed of the Greenburg branch, an engine and one regular coach was in the center of the first 100-foot span when the bridge gave way and precipitated almost the entire train to the bed of the river.

GERMANY IS VERY CAUTIOUS Berlin Expressions on Chinese Situation Are Decidedly Conservative. BERLIN, June 19.—The German government continues to express its opinion with the utmost caution regarding the situation in China. Even so far as it contrives to avoid the use of the word "war" and still expresses a hope that the Pekin government is innocent of deliberate hostile action. The German press is outspoken in its demands for more vigorous steps. The Vossische Zeitung says: "Germany, in conjunction with the other powers, will bear its share of the burden of re-establishing normal conditions, but we claim an equal share of the reward."

Germany is very cautious. The foreign office emphasizes the fact that the Tektu forts fired upon the international fleet in answer to a request to land marines to protect foreigners in Tien Tain. It is unable to explain the action of the Chinese commander except upon the assumption that he acted upon general orders from Pekin. The foreign office has no confirmation of the report, published in the British papers, that the German gunboat was badly damaged in the engagement with the forts and that its captain was killed. It discredits these rumors. A leading official, speaking for the foreign office, says he has no confirmation of the report that the German minister at Pekin, Baron von Kettler, in Munster has received a telegram from China saying that the news of her son's death is not true. The Chinese minister in Berlin has countermanded the diplomatic reception for Friday next, invitations to which had already been issued.

Cycling has its ups and downs. After the down, we have Banner. If you're out or bruised, it has the hard quick. Meyer, Dillon, Drug Co., Omaha; Dillon's Drug Store, Omaha.

Young Man Commits Suicide at South Omaha to Escape His Pangs. Ira Ward, a young man about 35 years of age, shot and killed himself at Hester's hotel, Twenty-seventh and N streets, South Omaha, at 3 o'clock this morning.

Unrequited Love Too Much. FIFTY PENANTS GIVE UP THEIR LIVES IN FIGHT WITH POLICE AT DURAN-LEKKAH. BUCHAREST, June 19.—The insurrection in Bulgaria is spreading. Fifty penants have been killed by the police at Duran-Lekkah.

VETERANS AT ENCAMPMENT

Trains Bring Large Crowds to the Reunion at Mitchell, South Dakota.

MITCHELL, S. D., June 19.—(Special Telegram.)—Numerous are the old soldiers, women of the Relief corps, Sons of Veterans and soldiers of the Spanish war who have continued throughout the afternoon, General Palmer presiding. He presented the encampment with a gavel made from the keel of the old ship Porcupine, which was part of Captain Perry's famous backwoods fleet which won the victory on Lake Erie September 13, 1813. In his report to the encampment General Palmer said there were ninety-five veterans in the state with a membership of 2,045.

This morning the Woman's Relief corps held its first session and was called to order by Mrs. Alice Pickler, the president. There are fifty corps in the state with a membership of 1,245. Receipts for the year were \$1,400 and expenditures were about \$1,000. About \$600 was spent for relief and 400 women were relieved.

Mrs. Florence McClelland of Chicago, president of the Illinois Woman's Relief corps, delivered an address and represented the National Commander-in-Chief Shaw, who could not come on account of conflicting dates. This afternoon the Relief corps and Sons of Veterans met in joint session with the Grand Army of the Republic and all the reports were made. Mrs. Pickler made a good report of her organization and Colonel Morris of the Sons reported that five new camps had been organized with a membership of 187. There are now eighteen camps with 339 members. He stated that the proposed national military college to be erected by the Sons of Veterans was an assured success and that pledges to the amount of \$2,000,000 had been secured, receipts during the last two weeks reaching \$1,000 per day.

One of the interesting features in the assembling of the Spanish war veterans command, with Major O. L. Sues at their head. There are seventy-five members of the state command at present and a permanent organization will be formed at this time. Eleven commands have been organized in the state in three months and twenty-five more will be finished by fall. The soldiers are so scattered that it is difficult to organize.

Tonight welcome addresses were extended to the various organizations and an immense crowd was present at the Corn Palace. General Palmer presided at the address. George A. Sibley, former commanding general of the local post, and O. L. Branson for the city. General Palmer responded for the Grand Army, Mrs. Pickler for the Relief corps, Colonel Morris for the Sons of Veterans and Major Sues for the Spanish war veterans.

STRIKE MATTERS ARE QUIET

Only Excitement is at Night, When Dynamite Bombs Are at Work. ST. LOUIS, June 19.—Strike matters are very quiet today. For the last few days the only excitement has been after dark, when dynamite bombs get in their work. As a result of the numerous explosions on its lines the St. Louis Transit company has employed detectives to ferret out the miscreants, and the announcement is made that a number of important arrests will be made in the next few days.

The cars are running about as usual, but the north and south lines are but little used, because the strikers who work on the coaches have become so numerous there has been a falling off in the patronage of the others.

Coroner Lloyd resumed taking testimony in the inquiry as to the death of the three strikers who were killed in front of post barracks on Sunday, June 10.

Among the witnesses was Charles J. Cornell, a clerk in the Missouri Pacific office and a lieutenant of the police, who said he saw Thomas, the striker killed Sunday, shoot twice with a revolver. This was after the deputies had gone after a man in the ranks of the strikers, who, the witness says, threw a brick at the passing car. George H. Small, ex-United States subtreasurer and a deputy sheriff, testified that he saw Thomas shoot the car, but the glass cracked. "I overall, judge advocate of the posse, said it was his impression that a striker broke a window in the car with an umbrella, as it did not sound as if a brick had hit the glass. In the judge's report several referred to the parade of the strikers, saying: "For those men to march past the barracks under such circumstances was like throwing a red flag in the face of a bull."

Asked if he thought the deputies were justified in shooting, the witness said that under the circumstances they were not. This afternoon the jury was taken to the post barracks, where Companies F and M were drawn up in line to enable witnesses to identify deputies who participated in Sunday's shooting. Several deputies were put out at night, but not a witness could swear they fired a shot.

President Mahon departed today for Chicago, Detroit and Cleveland for the purpose of shipping to St. Louis 450 regulation rifles which the union has secured, and to negotiate with the manufacturer in Cleveland for the purchase of automobiles for use in the boycott against the Transit company.

WASHINGTON, June 19.—Two gatherings of the Knights of Labor of North America, each claiming to be the regular and legally constituted executive body of the order, were in full swing here again today.

The faction headed by General Master Workman Parsons heard the report of the executive board submitted by John A. Connor. It recommended that the charter of the district of Columbia assembly be revoked; that Secretary John W. Hayes be removed from office and that a title be secured to the property of the order in this district.

General Worthy Foreman J. D. Chamberlain of Colorado presided over the deliberations of the Hayes faction, and heard the report of the committee on appeals and grievances. This report recommended that Messrs. Parsons, O'Keefe, O'Connor and Armstrong be expelled from the order, upon the ground of their conduct made against them by local assembly No. 300.

Denver Carpenters Win. DENVER, June 19.—The carpenters' strike in this city ended today, the contractors having agreed to the union's demand for wages of 41 cents an hour and a half holiday on Saturday throughout the year.
