whatever. Blood poisoning set in and my life was despaired of by two of the prominent physicians of this city.

"Before my marriage I used Dr Williams" Pink Pills for Pale People with good results in building up and purifying my blood and when the doctors gave me up, I decided to give the pills a trial, although the case was desperate.

"My husband bought some of the pills and by the time I had taken three boxes I had gained so much strength that I was able to leave my bed for the first time in two months. I continued taking the pills and in another month could go about as usual. My appetite was good, the color returned to my checks and I gained rapidly in weight.

"I very gladly recommend Dr. Williams Pink Pills for Pale People to anyone afflicted as I was."

If there is anything in Fanning's statement that the committee was reorganized because certain parties desired to get hold of the party machinery this fall, do not know it. "There is nothing, as far as I can see, in Mr. Fanning's assumption of the chairman-ship on the claim that Chairman Dunn resigned and that he succeeded him by reason of his position as chairman of the executive committee. Mr. Dunn did not resign at all. He simply asked that the committee be reorganized and declared that he was be reorganized and declared that he was not a candidate for re-election. No resignation was submitted by him or accepted by the convention, consequently there was no vacancy to which Fanning could possibly succeed.

The call for that convention was authorized by the signatures of a majority of the old committee, thirty-two out of sixty-one committeemen. It does not seem to me possible that the men who signed the authority for that call can lend their countenance to anything in the nature of Panning's call.

PUBLIC LIBRARY AFFAIRS Routine Matters Attended to by the Board at Its Session

Last Night.

The meeting of the Public Library board Friday night was attended by all members except Funkhouser. Only routine business came before the session. A communication was received from William Cleburne watying the condition in his gift of forsils which required the board to carry insurance. The city comptroller transmitted the original McCormick-Belden deed of the city of Omaha, which the council had entrusted into the custody of the library. The Omaha Philosophical society made a request for the return of a petition it had submitted at a previous meeting for its restitution to the occupancy of the lecture room on Sundays. The society was allowed to withdraw its application. On the report of the judiciary committee, to which the subject had been referred, it was decided to modify the insurance on the Byron Reed collection so required the board to carry insurance. The insurance on the Byron Reed collection so as to eliminate the co-insurance clause, and the other policies on the contents of the library, aggregating \$25,000, were ordered renewed. An old landmark in the form of a twostory frame building that for more than thirty-five years stood at 428-20 South Thirteenth street, was partially destroyed by fire yesterday. John Kelley, who lives over his laundry at Seventeenth and Leavenworth streets, was arrested twice Thursday on a charge of disturbing the peace by using "vile, obscene and abusive language." The complaining witnesses say he is a good enough neighbor when sober, but that, when under the influence of his favorite brand, he becomes imbued with the idea that fate has east him amid very undesirable surroundings, and that at such times he mounts his front porch and delivers himself of a tirade against the personnel of the neighborhood. It was while signifying this dissent from the doctrine of co-existence that the officer interrupted him. He is out under bond. When you deposit your vacation coupons pin them together.
