CHICAGO. July 18.—A special from Washington says: Permission to widen the Chicago river and introduce necessary changes to modify the current caused by the flow through the drainage canal is granted the sanitary board in a communication which has just been forwarded by Scoretary Root of the War department. The permission carries a provision absolving the government from all expense, but reserves the right of the secretary of war to regulate the discharge through Lock-port, or to take whatever steps are needed to prevent damage to navigation and property interests. The sanitary district is likewise held responsible for all damages.
