PREPARING FOR THE SPRING

To Land and Stay on Diamond Line at Shippery No. Six.

MATTER OF JUDGMENT AND CALCULATION

South Nebraska's lining with Two Candidates Among the Upper Ten Surrounding Miss DeWitt—Miss Baker Repeats.

Quite different from previous prize competitions incidental to The Bee's vacation contest, the result of the voting which closes at 8 o'clock p. m. today, will depend as much on judgment and calculation as on the having of the necessary votes. Since the winning of the last ring few material changes in score have taken place in the upper ranks and the only notable advance is from south Nebraska, where Miss Mabel C. Russell has almost tied with the queen of the list, bringing her in line with most of the other candidates liable to make the leap for the diamond line. In the south Nebraska list is also Miss Weidman, who appeared for the first time in yesterday's list, and already has almost 16,000 votes—a dark horse—with very good chances in the race.

In Iowa voting has also been brisk, Miss Mabel Baker of Glewwood regaining her throne.

Remember the vote of today decides the winner of the Jones House \$35 ring on exhibition in his window at 1521 Farnam street. City votes must be in by 8 o'clock p. m. Out-of-town votes must be ready for us in the postoffice by 9 o'clock p. m.

On Tuesday next the proprietors of Boyd's theater will give a free private box to each of the three young women who have the largest score in the Omaha list, as published in The Bee of Tuesday, July 17, the votes to be deposited in The Bee ballot box by 8 o'clock p. m. Monday, July 16.

FIXING IDENTITY OF DEAD

Body Found Floating in Missouri River is Thought to Be That of Raymond Schneider. It is believed that the body found floating in the Missouri river near Bellevue early this week is that of Raymond Schneider, 15 years old, who lived with his parents at 2020 Marsha street, and so far as known has not been seen since. He was of regular habits, seldom being away from home over night, and as the description sent out by the Sary county authorities corresponds very closely to that of young Schneider, his parents think it very probable that he has found a watery grave while bathing in the river.

Money Assaults a Peddler.

The police are looking for a fellow named Morey who is wanted for committing an assault upon a peddler. Yesterday Lavinsky was selling his wares in the vicinity of Twenty-ninth and U streets when some boys commenced to steal fruit from his wagon. The peddler took a whip to the youngsters and happened to strike one of the money children. Morey senior was a witness to the affair and he promptly started a fight. Lavinsky was no match for Morey as he is an old man, and soon gave up the fight. When the police were notified Lavinsky was removed to the city jail, where an examination was made by Dr. R. E. Schindler. Only muscular bruises were found and later Lavinsky was removed to his home at Tenth and Dorcas streets, Omaha, by friends.

Opening a Sewer.

Street Commissioner Clark has finally hit upon a plan to open the sewer at Twenty-first and L streets. This sewer has been closed for a couple of months and up to yesterday every scheme for the opening of the sewer failed. A water pipe reducer was secured yesterday and attached to a fire hydrant, then a one-inch stream of water was forced into the sewer and this stream is gradually eating away the accumulation of

South Omaha News.

Four bids for the erection of the Corrigan school were received by the Board of Education at an adjourned meeting held last night. These were the bids: Briggs & Cuperoni, \$12,300; T. C. McDonald, \$10,357; P. Beck, \$10,130; Carter & Alcox, \$10,947. The bids were all referred to the buildings and grounds committee with instructions to report at the next meeting of the board.

At the suggestion of the committee on textbooks and course of study a change in the geographies and copy-books now in use will be made. The Rand-McNally geographies and copy-books are now in use in the schools, but by a vote of six to three it was decided to purchase these books from the American Book company. Superintendent Wolfe says that about 80 elementary geographies and 400 advanced geographies will be needed for the first semester, and about 300 dozen copy-books. The elementary geographies cost in the neighborhood of 40 cents apiece, while the advanced cost in the neighborhood of 75 cents each. Copy-books will be needed for 50 cents a dozen. Dr. Wolfe is of the opinion that about \$2,000 worth of books of various kinds will be needed for the first half term of the school year.

Dan Hannon was given the contract for grading the lot at the Brown Park school. The work can be done at small cost now. Hannon is grading near the school house and offered to grade the school lot for 8 cents a cubic yard. The cost of this work will be about \$75.

The Packers National bank was designated as the depository for school funds and the bank will give a bond to the school district if it is desired. Miss Anna Fille, one of the teachers, tendered her resignation, which was referred to the teachers' committee. Miss Fille goes to Lincoln to teach.

The total expenditures of the board for the year ending July 2 amounted to \$112,526. Superintendent Wolfe made a number of suggestions and recommendations which will be taken up by the various committees during the next few days. Among other things he wants \$300 expended for apparatus, etc., for the science department of the High school. The need of seven first grade teachers was touched upon by the superintendent and an effort will be made to secure teachers promptly to work in this grade. Up to the present time eighty-five teachers have been elected, while there are only seventy school rooms. Very few of the teachers elected are first grade teachers. Another meeting of the board will be held next week.

Several officers were in the city yesterday looking for the two masked men who held up the Missouri Pacific agent at Plattsmouth a night or two ago. It is understood that \$5,000 in school warrants have been issued lately which have not been registered with the treasurer. This will make the total individuals of the district about \$3,000.

Dr. G. L. A. Hamilton, who was arrested last night on the complaint of Dr. Wiley and asked to be placed under bonds to keep the peace, was yesterday released upon his own recognizance and a severe lecture from Police Judge King.

The voting contest at Orchard & Wilhelm's closed last night. The number of cakes of soap used in the construction of Morris castle was 4,105. The successful contestants are:
First Prize—Miss Cora Saunders, 4728 N. 38th ave., goods, 4,100.
Second Prize—Miss Edith Beckman, 814 S. 29th st., goods, 4,116.
Third Prize—Miss Nora Somnner, 3622 Parker, goods, 4,120.
Total number of votes cast was 3,221. The prizes will be on exhibition in our east window until Friday, July 20.

NEW TRAFFIC COMBINATION

Illinois Central Makes Arrangements for Through Tourist Service to Pacific Coast.

The announcement of a passenger traffic combination between the Illinois Central and the Rock Island, whereby the two roads will operate a joint tourist car from Chicago to Pueblo and thence to California, is considered a significant fact by local railroad men as indicating the probability of close relations between these two lines. When the Illinois Central completed its line into Omaha and later established agencies in numerous western cities there was much interested speculation as to what arrangements would be entered into and with what line for the procuring of business from the west. It was considered probable that the Union Pacific and the Illinois Central would work together very closely, owing to the financial interest in both companies of a number of influential moneyed railroad barons.

The fact that a combination has been effected with the Rock Island, however, affords ample room for the belief that the relations between the Illinois Central and the Rock Island will be particularly cordial, pressing the interchange of traffic wherever possible. The new tourist line contemplates the operation of weekly service between Chicago and Los Angeles. Westbound, the through cars will leave Chicago every Friday night and reach Los Angeles Wednesday afternoon, using the Illinois Central into Omaha, the Rock Island to Pueblo, thence to Los Angeles over the Denver & Rio Grande, Rio Grande Western and the Southern Pacific. Returning, the tourist car will leave Los Angeles on Friday, reaching Chicago the following Wednesday morning.

Texas and Pacific Sued for \$500,000. DALLAS, Tex., July 13.—The officials of Dallas county today filed suit in the state district court against the Texas & Pacific Railway company for \$500,000 in the franchise tax controversy. The company owes approximately \$300,000 of franchise tax, according to the claim of the county tax officials. The other \$200,000 is claimed as damages. The railroad company contends that the franchise tax law is unconstitutional.

No Western Union Meeting. NEW YORK, July 13.—The report that an annual meeting of the Western Union Telegraph company had been held in Jersey city yesterday and certain directors and officers had been elected was entirely erroneous. The meeting referred to was a meeting of the stockholders of the American Union Telegraph company, whose organization is maintained in New Jersey.

Railway Notes and Personal. Harry Dutton of Kansas City, general traveling agent of the Kansas City Southern, is an Omaha visitor.

C. F. Annett of Chicago, assistant superintendent of telegraph of the Illinois Central, is an Omaha visitor.

General Passenger Agents Francis and Buchanan of the Burlington and Elkhorn roads last night registered at the Hotel Central to attend a meeting of the Western Passenger association Monday.

The Illinois Central will run an excursion from Fort Dodge and intermediate points to Omaha Sunday, July 22. The attractions offered and expected to make the excursion a great success are the ball game in Omaha between the Colts and Pueblo and the numerous features of entertainment presented at Lake Manawa.

District Passenger Agent Hill of the Illinois Central is in receipt of a letter from Charlie Beaton, who is now rustling at Waterville, Minn. He writes that there is no lovelier spot on earth than Waterville, says the fish are abundant and that the best jockey man can easily regain his health and vigor by spending a few days there.

Deacon George West of the Northwestern asserts that his line is the "great religious route" of the Northwest from Omaha to the delegation of the Northwestern in the delegation of the Northwestern to attend the annual meeting of the Baptist

Republicans Choose Officers.

At the meeting of the First Ward Republican club Friday night officers were elected as follows: President, Samuel Scott; vice president, James Cathron; secretary, R. C. Minor; treasurer, John Matheson. There was a lively contest for the executive offices between Scott and R. C. Patsley. He former winning by a vote of 51 to 41. An executive committee was appointed as follows: A. Back, Isaac Hawkins, George Cathron. The club adjourned to meet Friday, July 27.
