FORT DODGE, Ia., July 15 .- (Special Telegram.)-A rear-end collision occurred at 2:30 this morning on the Illinois Central, one mile west of Tara, in which Conductor Mellville of Cherokee was instantly killed and Brakeman Heeligman injured. The colliding trains were the "Clipper" passenger train from Sioux City and a gravel train in charge of Conductor Mellville. The responsibility for the accident is difficult to fix, as Conductor Meliville cannot explain the orders which he received.

The "Clipper" is due here at 10 in the evening, but a washout this side of Storm Lake caused several hours' delay. The gravel train from Cherokee was the last train to go over the place, which later became a mudhole for about half a mile and required six cars of gravel to fill in before Toulouse of the Des Moines company and the passenger train could pass over. I am of the opinion that the state in some way should show its appreciation for the services of Mr. Conger and in honor of his memory He was one of the best men that Iowa had and his death is a distinct loss to the people and the government. Governor Shaw is now in Colorado Springs and I do not know his wishes in the matter. It is possible, how ever, that a proclamation may be issued calling for general memorial services."

Even the over flow meetings did not meet the demands to hear the many distinguished visiting mis sionaries and extra meetings were arranged for them between the afternoon and even ing sessions. In the afternoon Music hall was packed to hear Dr. Gange and special efforts were made to have only the Chautauqua applause on the Sabbath, but in addition to the waving of handkerchiefs the audience broke out in loud applause at the close of the discourse of Dr. Gange, which met the expectations of those anxious to
