were 247 cars. September sold between 24%c and 23%c and closed %c down at 23%c. Provisions early in the session were very weak, but part of the loss was recovered. Hogs were easy at the yards and the corn break was a decidedly bearish factor. One heavy speculator let out a long line and another sold short, this stuff forming the bulk of the offerings. The recovery, such as it was, was on buying by packers. Sep-tember pork sold between \$12.15 and \$11.45 and closed under yesterday at \$11.50; Sep-tember lard, between \$6.72% and \$6.55, clos-ing 12%fil5c down at \$6.50% and \$6.55, with the close 12%fil5c depressed at \$6.65% for ars; corn, 250 cars; oats, 160 cars; hogs, \$0,000 head.
