KEMPF GIVES HIS REASONS

Course of the American Admiral Approved by the Navy Department. SHOWS FOREIGNERS WERE AGGRESSORS

Chinese Fire First, but Had Been Notified to Surrender Forts, and Fleet, with Exception of Americans, Ready to Attack.

WASHINGTON, July 25.—The Navy department today made public the mail reports of Rear Admiral Kempf explaining his reasons for refusing to join with the ships of the other powers in the attack on the Taku forts and settlements. The attack, which includes many details not heretofore published, Admiral Kempf also encloses the report of Commander Wise of the Monocacy, giving a graphic account of the action.

United States Flagship Newark, Taku, China, June 17, 1900.—Sir: I would state what follows in regard to the happenings previous to the resolve yesterday by other senior foreign naval officers here to get possession of the Taku forts.

On Thursday, June 16, Rear Admiral Bruce called and asked what I thought of the matter, and I informed him that I was not authorized to initiate any act of war with a country with whom my country was at peace, that my limit was to protect American interests and settlements.

On Thursday, June 16, Rear Admiral Bruce called and asked what I thought of the matter, and I informed him that I was not authorized to initiate any act of war with a country with whom my country was at peace, that my limit was to protect American interests and settlements.

TRIBUTE TO AMERICAN VALOR

General Doward, British Commander at Tien Tsin, Expresses Regret at Ninth's Mistake.

(Copyright, 1900, by the Associated Press.) TIEN TSIN, July 19 (via Che Foo, July 24).—General Doward, the British commander, has sent to the American commander a letter, in which he says:

"I desire to express the high appreciation of the British command for the gallantry and heroism of the American troops in serving alongside of their comrades of the American army and of the high honor accorded to me in having them under my command.

"I blame myself for the mistake made in taking their position by the Ninth regiment, not remembering that troops first to the scene of action and hurried forward in the excitement of attack were likely to lose their way. Still, the position they took, and gallantly stood to all day, undoubtedly prevented a serious loss of life on the part of the attacking force and inflicting serious loss on the French and Japanese."

General Doward also expressed his sympathy with the Americans in the loss of his property. He commended Lieutenant Smedley D. Butler and Lieutenant Henry Leonard of the marine corps and Lieutenant Louis Lawton of the artillery for their gallantry and skillful management of the regiment.

Chinamen from the walled city describe a reign of terror begun by the Boxers before the city fell. The Boxers killed all Chinese who had been in the employ of Europeans, being a daily execution. They decapitated even those suspected of friendship for foreigners or of adopting foreign customs. The mere wearing of narrow sleeves was deemed an offense justifying the death of the offender and the confiscation of his property.

It is now believed the regular troops and Boxers are hostile to one another, the troops being enraged because the Boxers drew them into a disastrous fight.

REPORT FROM THE NINTH Coolidge States Temporary Government at Tien Tsin is Not Yet in Force.

WASHINGTON, July 25.—A cable report received today at the War department from Lieutenant Colonel Coolidge, in command of the Ninth infantry since the death of Colonel Liscum, indicates that the temporary government formed for Tien Tsin has not yet been put in force. The report, which briefly covers the operations of the Ninth infantry since its arrival in China, is dated at Tien Tsin, July 21, via Che Foo today, and is as follows:

"Ninth infantry reached anchorage Gulf of Peking, July 13, and on the morning of July 14, the Ninth infantry landed at Tien Tsin, arriving July 15, engaged in attack on Tien Tsin July 15, forming part of brigade under British General Doward. July 17, arriving at Tien Tsin July 17, too late to take part in attack. Tien Tsin captured July 14. City divided among powers, the southeast quarter being assigned to American troops, under Colonel Meade, Marine corps, for police and protection. Since then powers have instituted temporary government council under Colonel de Quay, Russian; Lieutenant Colonel Aoki, Japanese; and Lieutenant Colonel Bore, British, but has not as yet gone into force. The American troops are still protecting their quarters."

PLUM GOES TO MAYBURY

Democratic Mayor of Detroit is Nominated for Governor of Michigan.

DETROIT, July 25.—Hon. William C. Maybury, mayor of Detroit, was this evening tendered the democratic nomination for governor of Michigan by the democratic state convention with a unanimity which rendered useless the taking of a ballot. Not a dissenting voice was heard when the vote on the proposition to nominate Maybury was cast upon and the withdrawal of the half dozen other gubernatorial candidates before any vote was taken was received by the delegates with loud cheers of approval. The platform, unanimously adopted by the convention, regards the present condition of the political and administrative agencies, which, under republican control, have so debauched our governmental system as to disgrace the state and debase the function of a free government. It denounces the maladministration which has produced the fruits of an investigation by grand jury and the numerous criminal trials of state officials pending in the courts and demands a searching inquiry into the methods of every department of the state government. The resolutions deplore "the corrupting influence of wealth upon our social and political machinery, as displayed in the recent campaign of three millionaires for the office of governor," and pledge the state democracy to secure:

First—Prompt repeal of every charter exempting corporations from the equal burden of taxation.

Second—A specific tax upon the great increase in the value of the real estate, with the value of their unearned stock of wealth.

Third—Regulation of property taxes so as to prevent the shifting of the burden onto the shoulders of productive labor.

Fourth—Prohibition of the granting of further franchises by municipalities except by the vote of the people of the territory affected.

The last legislature is denounced as "the crowning infamy in the history of the republicanism in Michigan" and promise is made to abolish the fee system of compensation of public officers wherever possible. Lower and equal taxation is to be made a leading issue. Untrusting support is pledged to Bryan and Stevenson and the Kansas City spirit is "heartily endorsed in letter and spirit in all its phases."

The speakers all pledged repeal of all laws under which special privileges are conferred and an amendment of sympathy with the South African republic was adopted. It was the field against Maybury throughout, but the overwhelming Maybury sentiment could not be overcome by the scattering of other candidates, either individually or collectively. Others named were: Thomas J. Cavanaugh, Nathan B. Hays, S. N. Bynall, Patrick H. Gilkey and ex-Lieutenant Governor John Strong.

The speakers at the temporary chairman, Alfred Lucking of Detroit, and the permanent chairman, Thomas E. Barkworth of Kalamazoo, were model political orators and were received with thunderous applause. The adoption of the resolution and the nominating and seconding speeches for governor occupied the entire afternoon session, from 4 o'clock to 7:30.

The convention adjourned at midnight, after completing the ticket, as follows, all the nominees being unanimously elected without ballots: Governor—William C. Maybury; Lieutenant Governor—Judge James G. Ramefeld; Secretary of State—John W. Ewing; Treasurer—Charles F. Sundstrum; Auditor General—Hiram B. O'Hara; Commissioner of Land Office—Major Superintendent of Public Instruction—Stephen H. Langdon; President of the Board of Public Lands—Lawrence Hubinger and Philip B. Wachtel; Daniel E. Campau of Detroit was elected chairman of the state central committee.

NO STARS AND STRIPES

Porto Ricans Exhibit Thousands of Spanish Flags in Honor of St. Jago's Day.

SAN JUAN, Porto Rico, July 25.—The streets of San Juan were a labyrinth of glittering Spanish flags today in honor of St. Jago, the patron saint of Spain. Banners and bunting, suspended from house to house covered the thoroughfares and everywhere the balconies were richly dressed.

There was no attempt whatever to display the American colors. The celebration of the Fourth of July was totally eclipsed today. Then the citizens were unable to raise a dollar for the purpose of demonstrating. Today there was difficulty in carrying through a program, which must have cost \$5,000. Possibly six native houses displayed the stars and stripes. On the other hand, it is estimated that no fewer than 5,000 Spanish flags were hung to the breeze.

Last evening there was a grand concert in the plaza, attended by 3,000 Spaniards, and this was followed by patriotic addresses received with great enthusiasm at the Casino. Today dawned with the ringing of church bells, followed by street parades and band serenades. Business was entirely suspended. An elaborate ball at the Casino this evening concluded the festivities.

The celebration of the Fourth of July, which was scarcely observed at all in Porto Rico. A prominent Porto Rican discussing the celebration from that point of view today, said:

"Our people should not be blamed by the Americans for expressing their feelings in this way. The United States constitution has not been extended to the island. The privileges of citizenship have been denied them. In such circumstances Porto Ricans naturally appreciate American institutions and naturally do not observe American holidays. Today's celebration, however, was purely Spanish, and many native Porto Ricans did not participate."

DEGREE TO BE ISSUED TODAY Convention to Form Government for Cuba Will Meet First Monday in November.

HAVANA, July 25.—The decree calling
