ST, JOSEPH, Mo., Aug. 3 .- (Special Telegram.) - The fact that Omaha could do noth. ing with Young Gibson's delivery and that St. Joseph pounded Coons all over the lot

tells the story of today's game. The seventh was the only inning in which Omaha could find Gibson, Hoy's two-bagger and Wilson's single, giving one run. In only one other inning, the fourth, were they able to get a man as far as second. New meyer started in to pitch for Omaha, but after Strang had singled and Flynn had taken first on balls, he was replaced by Coons. Kiling was first to face Coons and hit to Baird, who threw Flynn out at second, and then singles by Grim, Schrall and Baer, Teman's fumble of Bristow's hit and Gibson's single gave St. Joseph six runs. Singles by Kling, Grim and Baer in the fourth gave St. Joseph two more runs, and another was added in the sixth on Baer's single and Bristow's two-bagger. The work at first and at the bat of Jack Grim, the former Brooklyn catcher, who reported to Manager McKibben today, was of the high-

won the 2:19 pace today in straight heats. He was never headed and the only contest was between Branden and Dafsy J for piace. Lord Derby, with Geers up, was the favorite in the 2:27 trot and would have won in straight heats, but he acted badly. Geers drove to win every heat, but pushed the gelding too fast in the second and fourth and drove him off his feet, narrowly escaping the distance flag.

The 2:13 pace was the best race of the day. There were six starters, with Boanie Direct a strong favorite and Johnny Agan a good second choice. Beanie Direct is a game 4-year-old and his poor performance today was due largely to the driving of McHenry. Previous to the Cleveland meeting the colt had went a mile in better to 2:10. South Dakota Field Trials.

SIOUX FALLS, S. D., Aug. 2—(Special.)
—Everything indicates that the meeting in this city on the 28th inst., under the auspices of the South Dakota Field Trial association, will be one of the most enjoyable and successful affairs of the kind ever held in the northwest. Although it is nearly a month until the meeting dogs already have been entered from nearly every state in the union. Judge Johnson of Winnipeg has consented to act as judge of the field trials. The trial grounds where the competition will take place are situated near Sioux Falls. The grounds commence at a point about five miles southwest of the city. They are six or seven miles long and from five to seven miles in width. The course is very level and dogs may easily be seen at a distance of half a mile. Heretofore many northwestern field trials have not been satisfactory because of the uneven character of the ground embracest in the course, but this year's trial on the course hear a field will not have such drawbacks, as the grounds cannot be surpassed in the country. The farmers living adjacent to the grounds have entered heartly into co-operation with local members of the South Dakota Field Trial association to keep the course in the best possible condition and assist in other ways in making the coming meet a success in every particular. The state association has engaged a man who, among other things, patrois the course every day for the purpose of preventing dogs being trained upon it, so that prairie chickens and other game will not be frightened and cendered wild.
