QUESTIONS BEFORE CABINET

Many Matters Brought Up at the Regular Weekly Meeting.

CAPE NOME SUFFERERS TO BE RELIEVED

Government Will Send a Transport to Bring Home Some Thousands of Stranded Gold Seekers from Alaska.

WASHINGTON, Aug. 31.—The regular Friday cabinet meeting was held today. The Chinese situation was, of course, the all-important question, but, as the United States has now announced its policy to the powers, no further step is possible until the replies are received. The question, therefore, did not actually receive much consideration at the meeting today. It was decided that the War department should send a transport to Cape Nome to bring back to the miners as are penniless and have to endeavor the public welfare there this winter by reason of their destitute condition. It is believed that a large proportion of those who flocked to Nome early in the spring hoping to "strike it rich" are stranded. Provisions and clothing will be sent to the Indians, who are said to be destitute.
