Peculiar Ending at Brooklyn.

BROOKLYN, Sept. 17.—Today's game had a psculiar fluish. St. Louis had two out and two on bases when Donovan sent a grounder toward Lemont. The ball hit Burkett, who was on his way to third, and the game was over. Dunovan, the Hartford recruit, pitched well for Brooklyn, although he found McGraw a bard proposition. In five times at bat the St. Louis captain had four passes and was hit once. Considering the cold weather, both sides delied well, but the Brooklyns bunched (hetr hits with better results. THE MOST FATAL MISTAKE THAT MAN O RWOMAN CAN MAKE IS TO OVERLOOK. THOSE PREMONITORY symptoms that denote a weakness of the most important organ of the body—the heart. If people would observe the early symptoms as noted above there would be very few fatalities from this dreaded disease. Do not wait until organic distruction has taken place, but ours yourself as soon as one or more of the above symptoms are noticed. There are as many defective hearts as there are defective lungs, stomachs, kidneys, etc.

Since the Discovery of HUDYAN Fatalities from Heart Disease Have Become Less Frequent. HUDYAN strengthens and regulates the heart's action. HUDYAN rebuilds the broken-down heart structures. HUDYAN has created a new era in medical science, for it is now admitted that heart disease is amenable to treatment. HUDYAN has cured hundreds of men and women, it will do so again.

DEAR DOCTORS: I was a sufferer for three years with palpitation of the heart, and the doctors told me that my heart was enlarged. I also had dyspersia very badly. "The Story of Hunch Badeau"

Samuel Merwin

Author of "The Short Line War," will appear in The Bee, Sunday, Sept. 23.

HERE is nothing better than a story that gets down to plain human nature and touches the springs of action that make heroes of plain men. This is what Mr. Merwin has done in "HUNCH BADEAU." In a great measure the rough captain of a lake schooner, the lumberman, and then the captain again represented in this tale is as distinctive a character as David Harum. His philosophy of life, his directness of method in his work, his courtship of a lake-town belle, his plain manner and his blunt speech are as crisp and delightful as the breeze which blows over the water he sails. "HUNCH A BADEAU" is a story that restores confidence in plain human nature of the under world. He is a hero who is worth while. How he brought his little schooner through the storm in order that his friend could marry M the girl that Hunch himself loved is as heroic as any. thing one may read. How he courted and loved and if failed and then rose again and fought his way up to captain's papers and a home for the one he loved, is a W story more encouraging than one will chance upon in a

Mr. Merwin has done more than produce a story of great interest. He has created a character that will live in fiction, one that we shall meet gladly and part ! from with reluctance. And it will take a man of some !! conceit to say, "I'm a better man than you are, Hunch Badeau." The story is short, almost too short, for one would like to hear more from the old sailor.
