

New Fall Suits....

The fashion—not the woman is slave this season. Black chiefs still reign supreme—dainty short jackets, double-breasted with the 7 or 9 gored skirts seem to be the favorite—blouse effects are also very good—we have them at \$20.00, \$25.00 and \$30.00.

WOMEN'S COATS AND JACKETS—There are about sixteen lengths of coats shown this season, and fashion approves every one of them, the great test is becomingness—some ladies appear best in a 20-inch coat, others in a 24-inch, and many can carry a 42-inch coat to advantage. These we have from all-nobby 20-inch coats at \$7.50, \$9.00 and \$15.

CAPES—In the black kersey, with stiffened bands of taffeta are also very good this season—we have some particularly pretty styles at \$10, \$15, \$18 and \$20.

met at the Lehigh Valley station by a mob with sticks and stones. The mine officials were arrested and fined. The mob became furious after one of its members was shot and attempted to close in on the officials. They ran up Lloyd street to O'Hara's stable, where they were imprisoned for two hours. The mob threatened to burn the stable, but Sheriff Toole with twenty deputies arrived and dispersed them and the mine officials returned to their homes.

The sheriff then took the posse to Indian Ridge colliery and escorted some working men up Center street. As they again neared the Lehigh Valley station the mob hurled stones at the deputies and a shot was also fired from a saloon. The deputies then opened fire. They hastened toward Main street, in the meantime firing over 600 shots and the mob hurling missiles of all kinds. One man and a little girl were found lying dead after the shooting. The crowd was finally dispersed and the sheriff and his deputies retired to the Ferguson house, the most prominent hotel in Shenandoah. During the riot windows were broken, buildings were wrecked and a number of persons were injured. The foreigners held a meeting tonight and more trouble is feared unless the militia arrive before morning.

Collectives Will Close Down.—The sheriff has asked the Philadelphia and Reading company to abandon the idea of working the collieries here tomorrow and the company consented to do so.

Tonight it is raining and the mob has scattered.

Up to a late hour the Hungarian that was killed was permitted to lie in the gutter where he dropped. Foreigners of this class say a dead man is of no use and they refuse to care for the remains.

The Shenandoah council held a meeting and passed resolutions calling on the governor to send militia. It also decided to enforce martial law. Special officers were sent out to order saloonkeepers to close their places and to keep them closed until peace is restored. It was also decided to prohibit the sale of firearms, ammunition, etc. The council also invited the members of the fire companies and other citizens to aid in restoring order.

DISTINCT SIGNS OF TROUBLE

Large Bodies of Deputy Sheriffs and Watchmen Placed on Duty at Hazleton.

HAZLETON, Pa., Sept. 21.—The Lehigh region today seemed to concern itself more about the possibility of trouble than any other one thing. Whenever one went in this district the belief was general that an outbreak will occur. There was, however, no outward evidence anywhere that such a thing is likely. This feeling was no doubt produced by the disturbances at Shenandoah and the arrival in Hazleton and on the north side of large numbers of deputies, who are said to be prepared for any emergency. It was known that all the coal companies in the district had increased the number of watchmen around their collieries and it was known that a small number of deputies had been distributed through the south side by Sheriff Brislin of Carbon county, but nothing much was thought of this.

The deputies who arrived at Freeland, twelve miles north of here, during the night from Wilkesbarre are said to number about 200. They were distributed along the public road between Freeland and Jeddo. At noon a carload of them arrived in this city over the Pennsylvania railroad and later in the day several squads of deputies came into the city.

There were fewer cases of violence today than on yesterday, when the mine workers in various parts of this section were attacked on their way to and from work. The incident also increased number of watchmen and deputies may have accounted for this improved condition.

As to the strike situation itself there was no noticeable change today. President Mitchell today issued figures showing the

MITCHELL HAS HIS SAY

President of Mine Workers' Union Lays Strike Trouble to Railroads.
NINE COMPANIES CONTROL ALL THE MINES

Suggestion is Made That Operators Meet, One Place Being Selected for All Conferences.

HAZLETON, Pa., Sept. 21.—President Mitchell tonight issued the following letter to the public:

Fully conscious of the vast public interest involved by the great contest now being waged between organized capital and organized labor, and also aware of the fact that the coal operators and the striking mine workers are both equally entitled to a fair and impartial trial, I have endeavored to bring about a settlement of the coal strike in a way which would do honor to the great cause of humanity.

Railroads Are Real Opponents.

The striking miners recognize as their real and most formidable enemy the application of the hard grinding conditions which have been imposed upon them by the railroads. These railroads, which, with their presidents and directors, are the real cause of the coal strike, are the Pennsylvania, Reading, Delaware, Delaware & Hudson, Erie, Erie & Western, and the Lehigh Valley. The coal operators, on the other hand, are the Lehigh Valley, Reading, Delaware, Delaware & Hudson, Erie, Erie & Western, and the Lehigh Valley.

The resumption will give employment to 2,700 skilled workmen and 12,000 unskilled men.

Return Orders Unfilled.

PHILADELPHIA, Sept. 21.—It was announced this afternoon that on account of the stoppage of five additional collieries of the Reading company today the company is returning orders for coal unfilled. The Reading company will not sell any more coal in the present crisis unless it has it ready for delivery.

Norton Family Row.

William Norton, alias "Windy Bill," came to the place where his wife and numerous children reside in the care of Bill Mirrey about Friday night and commenced quarreling with her. After a short quarrel Norton knocked down his wife, who is in a delicate condition, and kicked her several times. He then drew a pocket knife, crept up behind her husband and struck him a blow in the back part of the head. He shrieked and fell, and the floor bleeding profusely. For the knife he was arrested. Dr. C. H. Smith was called and after dressing the wound sent for City Physician Ralsh, as he feared there might be serious results. After an examination Dr. Ralsh was of the opinion that the wound was not necessary and that the Emergency Officer Baldwin was sent to investigate the case, but after learning the facts he made no arrests.

Cady's Personal Taxes.

City Treasurer A. H. Hennings issued a distress warrant yesterday and made an attempt to levy upon the household goods of H. C. Cady, who lives at 162 Corby street. Cady owed personal taxes to the amount of \$100, which the treasurer has been unable to collect. Mr. Cady went to the treasury office in the city hall and after paying part of the tax promised to pay the remainder in monthly installments.

COMMON SENSE TALK WITH WOMEN.

If a person is ill and needs a medicine is it not wise to get one that has stood the test of time and has hundreds of thousands of cures to its credit?
A great many women who are ill try everything they hear of in the way of medicine, and this experimenting with unknown drugs is a constant menace to their already impaired health.

This is very unwise, for there are remedies which are no experiments and have been known for years to be doing only good. Take for instance,
Lydia E. Pinkham's Vegetable Compound.

For thirty years its record has been an unbroken chain of success. No medicine for female ills the world has ever known has such a record for cures.

It seems so strange that some people will take medicines about which they really know nothing, some of which might be, and are, really harmful; when on the other hand it is easily proved that over one million women have been restored to health by Lydia E. Pinkham's Vegetable Compound.

We have published in the newspapers of the United States more genuine testimonial letters than have ever been published in the interest of any other medicine.
We have thousands like the following addressed to Mrs. Pinkham:

Monthly Suffering Back-ache and Bearing-down Pains always Cured by Lydia E. Pinkham's Vegetable Compound.
I suffered untold agony every month, could get no relief until I tried your medicine; your letter of advice and a few bottles of Lydia E. Pinkham's Vegetable Compound have made me the happiest woman alive."—Miss Jole Saul, Dover, Mich.

Another Case of Kidney, Womb and Bladder Trouble Cured by Lydia E. Pinkham's Vegetable Compound.
"DEAR FRIEND—Two years ago I had child-bed fever and womb trouble in its worst form. For eight months after birth of babe I was not able to sit up. Doctors treated me, but with no help. I had bearing-down pains, burning in stomach, kidney and bladder trouble, and my back was so stiff and sore. The right way was badly affected and everything I ate distressed me, and there was a bad discharge.
"I was confined to my bed when I wrote to you for advice and followed your directions faithfully, taking Lydia E. Pinkham's Vegetable Compound. Live pills, and using the Wash, and am now able to do the most of my household work. I believe I should have died if it had not been for your Compound. I have this letter may be the result of benefiting some other suffering woman. I recommend your Compound to every one."—Mrs. Mary Vaughan, Trimble, Putzaki Co., Ky.

A Letter Which Proves That Lydia E. Pinkham's Vegetable Compound Will Remove Tumor and Cure Other Weakness.
"Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would form in the womb. I had four tumors in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine.
"The doctor said that all that could help me was to have an operation and have the womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get stronger right along, and am well as ever before. Can truly say that I would never had gotten well had it not been for Lydia E. Pinkham's Compound."—Mary A. Stahl, Watsoatown, Pa.
