Proposed Raise.

SCRANTON, Pa., Oct. 1 .- Scranton's independent operators came back from the Wilkesbarre conference with blood in their eyes. They declare they will not join in the proffer of a 10 per cent increase unless the coal carrying companies agree to reduce their tolls, or, to be exact, allow them 65 per cent instead of 60 per cent of the tidewater selling prices for their product. They are not making 10 per cent on their investments, they declare, and if they have to increase wages 10 per cent it will practically wipe out their margin of profit and they might as well close up their mines.

A committee of the local independent operators left tonight on the midnight train for New York to protest against being forced by the coal carriers into an agreement which means their undoing unless the carriers give

HOLDREGE, Neb., Oct. 1 .- (Special Telegram.)--Governor Roosevelt traveled over 337 miles of Nebraska farm land and prairie in thirteen counties and spoke to thousands of people today. Beginning as Falls City, only a few miles from the Kansas line in southeastern Nebraska, Roosevelt's special train raced through a heavy Cook, stopping only at the most important towns along the road and then only long tion and crossing were throngs of people Yorker as he passed swiftly by in his special train and the enthusiasm of their cheers and hurrals apparently had no

limit. The strenuous campaign in the west has had a telling effect on Governor Roosevelt and while he is the most enthusiastic and energetic man aboard the train his voice is much weaker than when he started from Chicago three weeks ago. Fearing that his voice may give out before the end of the campaign he limits his speeches to five minutes, making exceptions only where there are regular afternoon or evening meetings. Through Kansas he were a large sunflower in honor of the sunflower state. In Nebraska he wears a sprig of golden rod, the Nebraska state

At all of the stoppingplaces people were gathered in throngs from nearby towns and at Palls City, Be atrice, Crete, Hastings and McCook there were special excursion parties from points twenty-five to 100 miles distant. If the size of the crowds today is any indication the national committee certainly made no mistake in arranging a four days' trip for Roosevelt "in the enemy's country," At one or two places visited Governor Roosewelt was interrupted while speaking by small boys and men who yelled lustily for Bryan, but barring these few disturbers the crowds were all good-natured and orderly. At Crete a Bryan man in the crowd yelled "Hurrah for Carl Schurz" and instantly Governor Roosevelt, who was speaking at the time from the platform. snapped his fiery eyes, opened wide his mouth and showing his teeth in his characteristic manner said: "Yes, hurrah for the man who was against Abraham Lincoln! Hurrah for Aguinaldo! Yell hurrah for hese men!
