At that time I never spoke in the Auditorium to begin with and I never said anything anywhere to any human being out of which could be constructed any such statement. THEORIES ABOUT CATARRH.

Peculiar Ideas Regarding a Common Discuse. Mark Twain's cure for a cold in the head

was simple, but he claims very effective in his own case; his plan was to eat nothing whatever for twenty-four hours or presumably until the trouble had disappeared. Although not able to speak from personal might be attended with difficulties.

Catarrh, as everyone knows, is a chronic old in the head and Mr. Twain's treatment. if it should become a fad, would make of us a nation of fasters: an army, emulating the example of the immortal Tanner who achieved world wide fame by fasting forty Catarrh is certainly becoming a national

disease and there is little doubt but that errors in diet, particularly over eating is a ery common cause.

Most people however are more interested in the cure of the trouble than in the cause, and modern medical science has produced more effective and less heroic remedies than Mr. Twain's.

Gualacol is a new remedy, very effective in some forms of Catarrh. Eucalyptol is tract of Blood root alone.

Within a year an enterprising chemist rendered this evening on the result of the remedies is so apparent that all druggists,

They are called Stuart's Catarrh Tablets and it is doubtful if any medicine has achieved a national popularity in so short time as this. Stuart's Catarrh Tablets are used by thousands of traveling men because they

can be carried in the pocket and used any ime and in any quantity being free from Cocaine, opiate or any poisonous drug. They clear the head and throat from the lisgusting secretions of catarrh, very often n a few hours time For nasal Catarrh they are far superior

to any wash, lotion or cintment the use of which is often as inconvenient and annoying as the disease itself. For coughs, colds, bronchial catarrh and

catarrrh of the stomach these tablets give immediate relief and a permanent cure where lotions, douches and inhalers make no impression whatever. This preparation is a boon to catarrh

that has come to stay.
